## **Instruction**

### **Educational Philosophy and Objectives**

The District's educational program will seek to provide an opportunity for each student to develop to his or her maximum potential. The objectives for the educational program are to:

1. Foster students' self-discovery, self-awareness, and self-discipline.
2. Develop students' awareness of and appreciation for cultural diversity.
3. Stimulate students' intellectual curiosity and growth.
4. Provide students with fundamental career concepts and skills.
5. Help students develop sensitivity to the needs and values of others and a respect for individual and group differences.
6. Help each student strive for excellence and instill a desire to reach the limit of his or her potential.
7. Encourage students to become lifelong learners.
8. Provide an educational climate and culture free of bias concerning the protected classifications identified in policy 7:10, *Equal Educational Opportunities*.

In order for the Board to monitor whether the educational program is attaining these objectives and to be knowledgeable of current and future resource needs, the Superintendent shall prepare an annual report that includes:

1. A review and evaluation of the present curriculum.
2. A projection of curriculum and resource needs.
3. An evaluation of, and plan to eliminate, any bias in the curriculum or instructional materials and methods concerning the classifications referred to in item 8, above.
4. Any plan for new or revised instructional program implementation.
5. A review of present and future facility needs.

## Instruction

### School Accountability

According to the Illinois General Assembly, the primary purpose of schooling is the transmission of knowledge and culture through which students learn in areas necessary to their continuing development and entry into the world of work. To fulfill that purpose, the Ill. State Board of Education (ISBE) prepared *State Goals for Learning and Learning Standards*.

The School Board gives priority in the allocation of resources, including funds, time, personnel, and facilities, to fulfilling this purpose.

### Quality Assurance

The Board continuously monitors student achievement and the quality of the District's work. The Superintendent shall supervise the following quality assurance components, in accordance with State law and ISBE rules, and continuously keep the Board informed:

1. Prepare each school's annual recognition application and quality assurance appraisal, whether internal or external, to assess each school's continuous school improvement.
2. Continuously assess the District's and each school's overall performance in terms of both academic success and equity. This includes, without limitation, a thorough analysis of ISBE's balanced accountability measure and each school's *Multiple Measure Index* and corresponding *Annual Measurable Objective* provided by ISBE.
3. If applicable, develop School Improvement Plans, present them for Board approval, and supervise their implementation.
4. Prepare a school report card, present it at a regular Board meeting, and disseminate it as provided in State law.
5. In accordance with 105 ILCS 5/2-3.153, annually administer a climate survey on the instructional environment within the school to, at minimum, students in grades 4 through 12 and teachers.

### School Year Calendar and Day

#### School Calendar

The School Board, upon the Superintendent's recommendation and subject to State regulations, annually establishes the dates for opening and closing classes, teacher institutes and in-services, the length and dates of vacations, and the days designated as legal school holidays. The school calendar shall have a minimum of 185 days to ensure 176 days of actual student attendance.

#### Commemorative Holidays

The teachers and students shall devote a portion of the school day on each commemorative holiday designated in the School Code to study and honor the commemorated person or occasion. The Board may, from time to time, designate a regular school day as a commemorative holiday.

#### School Day

The Board establishes the length of the school day with the recommendation of the Superintendent and subject to State law requirements. The Superintendent or designee shall ensure that observances required by State law are followed during each day of school attendance.

### **Administrative Procedure – Remote and/or Blended Remote Learning Day Plan(s)**

*Use this procedure in conjunction with the subhead **Suspension of In-Person Instruction; Remote and/or Blended Remote Learning Day Plan(s)** in Board policy 4:180, Pandemic Preparedness; Management; and Recovery.*

When the District must implement a Remote and/or Blended Remote Learning Day Plan (Plan) that designates *remote learning days* (RLDs) and/or *blended remote learning days* (BRLDs) for instruction in grades pre-kindergarten through 12, the Superintendent must approve a Plan, present the Plan to the Board for adoption prior to its implementation, implement the Plan after Board approval, and post it on the District’s website.

The Superintendent will begin the process of developing a Plan in one of the two following ways:

1. Adapting the District’s e-learning program (adopted by the Board pursuant to 105 ILCS 5/10-20.56) into a Plan and ensuring that it is posted on the District’s website and communicated to the community in accordance with this procedure. See *E-learning Program; Days*, in the **Definitions** subhead below for more information about an e-learning program.
2. Using this procedure if the District has not implemented an e-learning program.

#### Definitions

**Blended Remote Learning Days (BRLDs)** – School attendance days during which the District provides hybrid days of in-person and remote instruction to students. Once the State Superintendent of Education declares that the District must use remote learning days or blended remote learning days, the Superintendent implements these days in grades pre-kindergarten through 12. These days are counted as days of attendance and are pupil attendance days for calculation of the length of a school term under 105 ILCS 5/10-19 and 5/10-19.05. If the District has implemented an *e-learning program*, these school attendance days may be met through it. See 105 ILCS 5/10-30.

**E-learning Program; Days** – E-learning is short for electronic learning. As an optional instructional tool for school districts, e-learning days are part of an implemented *e-learning program* in the District that:

1. Uses the Internet, telephones, texts, chat rooms, or other similar means of electronic communication for instruction and interaction between teachers and students that meet the needs of all learners; and
2. Addresses a district’s responsibility to ensure that all teachers and staff who may be involved in the provision of e-learning have access to any and all hardware and software that may be required for the program.

An e-learning program is implemented after a school board:

1. Adopts a resolution to implement research-based program(s) for district-wide e-learning days that permit student instruction to be received electronically while students are not physically present in lieu of the district’s scheduled emergency days as required by 105 ILCS 5/10-19 (105 ILCS 5/10-20.56(b), amended by P.A.103-780);
2. Conducts a public hearing on the District’s initial e-learning program proposal or renewal with at least 10 days’ advanced notice (*Id.* at 5/10-20.56(c)); and
3. Before the implementation of any e-learning days in that school year, to ensure access for all students, receives verifications by the regional office of education (ROE) or intermediate service center (ISC) that the board’s proposal for an e-learning program has: (a) met the requirements specified in 105 ILCS 5/10-20.56, amended by P.A.s 102-584, 102-697, and 103-780; (b) the components designed to reasonably and

practicably accomplish the requirements outlined in the enabling statute; and (c) not exceeded the minimum number of emergency days in a district’s approved school calendar. In its verification process, the ROE/ISC ensures that the specific needs of all students are met, including special education students and English Learners, and that all mandates are still met using the proposed research-based program. See 105 ILCS 5/10-20.56(b), amended by P.A.s 102-584 and 103-780.

While the ROE/ISC must annually verify a district’s e-learning program, the Board’s approval of an e-learning program is for a term of three school years. 105 ILCS 5/10-20.56(d)(10), amended by P.A. 103-780.

**Plan** – The District’s formal implementation of remote instruction that includes RLDs and BRLDs. If the District already has an e-learning program in place, it should adapt the program into a Plan by ensuring that the requirements for communicating the Plan, e.g., website posting, etc. are met. When finalized, it is provided to students and faculty, posted on the District’s website where other policies, rules, and standards of conduct are posted, and listed in exhibit 2:250-E2, *Immediately Available District Public Records and Web-Posted Reports and Records*. Plans should be periodically reviewed and amended to ensure the needs of all students continue to be met throughout the suspension of in-person learning. If a plan is amended, post the amended plan to the District website.

**Remote Learning Days (RLDs)** – Remote learning is learning that happens outside of the traditional classroom because the student and teacher are separated by distance and/or time. Remote learning can be real-time or flexibility-timed, and it may or may not involve technology. School attendance days are days that the District provides remote instruction to students. Once the State Superintendent of Education declares that the District must use remote learning days or blended remote learning days, the Superintendent implements these days in grades pre-kindergarten through 12 on days of attendance. These days are counted as pupil attendance days for calculation of the length of the District’s official calendar under 105 ILCS 5/10-19 and 5/10-19.05. If a district has implemented an *e-learning program*, these school attendance days may be met through it. Five RLDs, taken consecutively or in separate increments, may be used to develop, review, or amend the District’s Plan or provide professional development to staff about remote education; i.e., *Remote Learning Planning Days*. See 105 ILCS 5/10-30.

**Remote Learning Planning Days** – Up to five consecutive or separate increment days that a district may use to develop, review, or amend its Plan or to provide professional development to staff about remote education. These days are counted as days of attendance and are pupil attendance days for calculation of the length of a school term under 105 ILCS 5/10-19 and 5/10-19.05. See 105 ILCS 5/10-30.

## Instruction

### Organization of Instruction

The School District has instructional levels for grades PK through 8th. The Superintendent shall annually present to the School Board a plan for organizing instructional levels and assigning them to school facilities in order to:

1. Support the District's educational program,
2. Maximize facility usage without undue overcrowding, and
3. Provide substantially comparable instructional programs across the District.

Students, for instructional purposes, may be placed in groups within a school that do not necessarily follow grade level designations. For purposes of attendance reporting and other records, however, each student is assigned a grade-level placement.

### Kindergarten

The District maintains a full-day kindergarten with an instructional program that fulfills the District's curriculum goals and objectives and the requirements of the State law. The District also offers a half-day kindergarten for those parents/guardians who request a half-day program.

LEGAL REF.: 105 ILCS 5/10-20.37 and 5/10-22.18.

23 Ill.Admin.Code §1.420.

CROSS REF.: 6:40 (Curriculum Development), 6:170 (Title I Programs), 7:30 (Student Assignment and Intra-District Transfer), 7:50 (School Admissions and Student Transfers To and From Non-District Schools), 7:100 (Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students)

## Instruction

### Curriculum Development

#### Adoption

The Superintendent shall recommend a comprehensive curriculum that is aligned with:

1. The District's educational philosophy and goals,
2. Student needs as identified by research, demographics, and student achievement and other data,
3. The knowledge, skills, and abilities required for students to become life-long learners,
4. The minimum requirements of State and federal law and regulations for curriculum and graduation requirements,
5. The curriculum of non-District schools that feed into or from a District school, provided that the necessary cooperation and information is available,
6. The Illinois State Learning Standards and any District learning standards, and
7. Any required State or federal student testing.

The School Board will adopt, upon recommendation of the Superintendent, a curriculum that meets the above criteria.

#### Experimental Educational Programs and Pilot Projects

The Superintendent may recommend experimental educational programs and/or pilot projects for Board consideration. Proposals must include goals, material needs, anticipated expenses, and an evaluation process. The Superintendent shall submit to the Board periodic progress reports for programs that exceed one year in duration and a final evaluation with recommendation upon the program's completion.

#### Single-Gender Classes and Activities

The Superintendent may recommend a program of nonvocational single-gender classes and/or activities to provide diverse educational opportunities and/or meet students' identified educational needs. Participation in the classes or activities must be voluntary, both genders must be treated with substantial equality, and the program must otherwise comply with State and federal law and with Board policy 7:10, *Equal Educational Opportunities*. The Superintendent must periodically evaluate any single-gender class or activity to ensure that: (1) it does not rely on overly broad generalizations about the different talents, capabilities, or preferences of either gender, and (2) it continues to comply with State and federal law and with Board policy 7:10, *Equal Educational Opportunities*.

#### Development

### **Student Social and Emotional Development**

Social and emotional learning (SEL) is defined as the process through which students enhance their ability to integrate thinking, feeling, and behaving to achieve important life tasks. Students competent in SEL are able to recognize and manage their emotions, establish healthy relationships, set positive goals, meet personal and social needs, and make responsible and ethical decisions.

The Superintendent shall incorporate SEL into the District's curriculum and other educational programs consistent with the District's mission and the goals and benchmarks of the Ill. Learning Standards. The Ill. Learning Standards include three goals for students:

1. Develop self-awareness and self-management skills to achieve school and life success.
2. Use social-awareness and interpersonal skills to establish and maintain positive relationships.
3. Demonstrate decision-making skills and responsible behaviors in personal, school, and community contexts.

The incorporation of SEL objectives into the District's curriculum and other educational programs may include but is not limited to:

1. Classroom and school-wide programming to foster a safe, supportive learning environment where students feel respected and valued. This may include incorporating scientifically based, age-and-culturally appropriate classroom instruction, District-wide, and school-wide strategies that teach SEL skills, promote optimal mental health, and prevent risk behaviors for all students.
2. Staff development and training to promote students' SEL development. This may include providing all personnel with age-appropriate academic and SEL and how to promote it.

5. Early identification and intervention to enhance students' school readiness, academic success, and use of good citizenship skills. This may include development of a system and procedures for periodic and universal screening, assessment, and early intervention for students who have significant risk factors for social, emotional, or mental health conditions that impact learning.
6. Treatment to prevent or minimize mental health conditions in students. This may include building and strengthening referral and follow-up procedures for providing effective clinical services for students with social, emotional, and mental health conditions that impact learning. ### **Guidelines for Using Animals in School Facilities**

#### **Prohibited Animals**

The following animals are prohibited in school facilities:

1. Inherently dangerous animals (e.g., lions, tigers, cougars, and bears)
2. Nonhuman primates (e.g., monkeys and apes)
3. Mammals at high-risk for transmitting rabies (e.g., bats, raccoons, skunks, foxes, and coyotes)
4. Aggressive or unpredictable animals, wild or domestic
5. Stray animals with unknown health and vaccination history
6. Venomous or toxin-producing animals (e.g., certain spiders, insects, reptiles, and amphibians)

#### **Vaccination Requirements**

**Prior to bringing certain animals into school facilities, current health records and/or proof of current vaccination is required as follows:**

1. **Cats** – A health certificate signed by a licensed veterinarian showing proof of current vaccination against feline distemper/upper respiratory vaccine (FVRCP), feline leukemia, feline chlamydiosis, and rabies; and proof of a negative fecal exam or successful treatment for internal parasites within the past six months.
2. **Dogs** – A health certificate signed by a licensed veterinarian showing proof of current vaccination against canine distemper, hepatitis, leptospirosis, canine parainfluenza (CPIV), parovirus, Bordatella, and rabies; and proof of a negative fecal exam or successful treatment for internal parasites within

the past six months.

4. **Psittacine Birds** – Proof of treatment or negative test results for psittacosis (avian chlamydiosis).

#### General Guidelines

To protect students and staff from zoonotic diseases, the following guidelines apply to animals brought into school facilities for educational purposes:

1. The Building Principal or designee must approve all animals brought into school facilities.
2. Animals must be clean and free of intestinal parasites, fleas, ticks, and mites.
3. Students must be supervised by District staff during all human-animal contact.
4. Animals should be handled humanely.
5. Animals should be displayed in enclosed cages or under appropriate restraint (e.g., leash).
6. Animals may not roam free, fly free or have contact with wild animals.
7. No animals are allowed in areas where food or drink is prepared or consumed.
8. Food for animals must be stored in air-tight, closed containers (preferably hard plastic) to prevent spills and attracting nuisance animals and/or insects.
9. Anyone handling animals must wash his/her hands thoroughly with warm water and soap afterwards. Hand sanitizer may not be used as a substitute for soap and water.
10. Areas where animals have been present must be cleaned and disinfected by District staff.
11. Animal waste must be appropriately disposed of by a District staff member (e.g., using disposable plastic gloves and plastic bags). **Under no circumstances are students allowed to clean cages/aquariums or handle animal waste.**
12. The supervising teacher must:
  - A. Consult with parent(s)/guardian(s) to determine any special considerations needed for students who are immunocompromised or have allergies, asthma, or other health concerns; and
  - B. Complete and issue the *Student Permission for Exposure to Animal(s)* form to the parent(s)/guardian(s) of all students who will be exposed to the animal(s).
13. A responsible adult must accompany all animal visits into school facilities.

#### Procedures for the Housing, Care and Handling of Specific Animals

1. **Dogs** – All dogs must be housebroken.
2. **Farm animals** – Due to the risk of E. coli O157:H7, Salmonella, Campylobacter, and Cryptosporidium, these animals are not appropriate unless meticulous attention to personal hygiene can be assured.
3. **Ferrets** – Ferrets bite when startled, therefore students should not handle ferrets in the classroom. Students under the age of five are prohibited from having contact with these animals.
4. **Fish** – Use disposable gloves when cleaning aquariums. Do not dispose of aquarium water in sinks

used for food preparation or for obtaining drinking water.

5. **Hamsters, Guinea pigs, and Gerbils** – Due to the risk of Salmonella bacteria and Lymphocytic choriomeningitis virus, special care must be taken when students handle these animals. Students under the age of five are prohibited from having contact with these animals.
6. **Psittacine Birds** – Because these birds (e.g., parrots, parakeets, budgies, and cockatiels) can carry disease, students are prohibited from handling them. Staff members should clean cages when students are not present.
7. **Reptiles and Amphibians** – Due to the risk of Salmonella bacteria, special precautions must be taken when students handle these animals. Students under the age of five are prohibited from having contact with these animals.

#### Animal-Related Injuries

If an animal bites, scratches, or otherwise injures someone at school and the skin is pierced, the Building Principal or designee will ensure:

1. The teacher immediately reports the incident to the Building Principal or designee and school nurse;
2. If necessary, the school nurse notifies public health authorities;
3. The school nurse notifies the student's parent(s)/guardian(s); and
4. An incident/accident report is completed by the staff member responsible at the time of the injury and forwarded to the school nurse.

### Education of Children with Disabilities

The School District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. The term *children with disabilities*, as used in this policy, means children between ages 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Ill. State Board of Education (ISBE) *Special Education* rules, that special education services are needed. Children with disabilities who turn 22 years old during the school year are eligible for such services through the end of the school year.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the ISBE *Special Education* rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), representation by counsel, and a review procedure.

The District may maintain membership in one or more cooperative associations of school districts that shall assist the District in fulfilling its obligations to the District's students with disabilities.

If necessary, students may also be placed in nonpublic special education programs or education facilities.

### **Exhibit - Notice to Parents/Guardians Regarding Section 504 Rights**

*On District letterhead.*

Date:

Dear Parent/Guardian:

Re: Section 504 Rights

Section 504 of the Rehabilitation Act of 1973, commonly referred to as *Section 504*, is a nondiscrimination statute enacted by the U.S. Congress. The Act's purpose is to: (1) protect the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Dept. of Education (ED), and (2) ensure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students.

An eligible student under Section 504 is a student who: has a record of having, or is regarded as having, a *physical or mental impairment* which substantially limits a *major life activity* as defined by 34 C.F.R. §104.3.

This notice describes the rights ensured by Section 504 to those disabled students who do not qualify for special education and related services under the Individuals With Disabilities Education Act (IDEA). The intent of this notice is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any decisions in reference to Section 504. If you have questions about the identification, assessment, and placement of children eligible for Section 504, please contact the District's Section 504 Coordinator at *[insert phone number and location]*.

***Please keep this explanation for future reference.***

Parents/Guardians and/or students have the right to:

1. Be informed by the School District of your rights and procedural safeguards under Section 504 in an understandable language. 34 C.F.R. Part 104. The purpose of this notice is to advise parents/guardians and/or students of these rights.

4. Free educational services except for those fees that are imposed on non-disabled students or their parents/guardians. Insurers and similar third parties are not relieved from an otherwise valid obligation to provide or pay for services provided to a disabled student. 34 C.F.R. §104.33.
5. A placement in the least restrictive environment to the maximum extent appropriate to meet the student's needs. 34 C.F.R. §104.34.
6. Facilities, services, and activities comparable to those provided for non-disabled students. 34 C.F.R. §104.34.
7. An evaluation prior to an initial Section 504 placement and any subsequent significant change in placement. 34 C.F.R. §104.35.
8. Testing and other evaluation procedures conforming to the requirements of 34 C.F.R. §104.35(b) as to validation, administration, areas of evaluation, etc. The District shall

consider information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical conditions, social and cultural background, adaptive behavior, physical or medical reports, student grades, progress reports, parent/guardian observations, anecdotal reports and standardized test scores. 34 C.F.R. §104.35(c).

9. Placement decisions made by a group of persons, i.e., a Section 504 committee, including the parents/guardians and persons knowledgeable about the student, the meaning of the evaluation data, the placement options, and the legal requirements for the least restrictive environment and comparable facilities. 34 C.F.R. §104.35(c).
10. Periodic reevaluation of students who have been provided special education and related services. 34 C.F.R. §104.35(d).
11. A notice prior to any action by the District in regard to the identification, evaluation, or placement of the student. 34 C.F.R. §104.36.

13. An impartial hearing regarding the student's identification, evaluation, or educational placement including an opportunity for parental participation in the hearing and representation by an attorney, and a review procedure. 34 C.F.R. §104.36.  
*[Insert details regarding the district's hearing and review procedures.]*
14. File a grievance under Board policy 2:260, *Uniform Grievance Procedure*, regarding any complaints that allege action prohibited by Section 504.
15. File a complaint with the District's Section 504 coordinator or designee concerning Section 504 matters other than your student's identification, evaluation and/or placement. The Section 504 coordinator or designee will investigate the allegations to the extent warranted by the nature of the complaint in an effort to reach a prompt and equitable resolution.

### Administrative Procedure - Access to Classrooms and Personnel

Access to classrooms and personnel is permitted in limited situations by 105 ILCS 5/14-8.02(g-5). Guidelines follow:

1. These guidelines apply to access requested by the parent/guardian of a student receiving special education services or being evaluated for eligibility, an independent educational evaluator, or a qualified professional retained by or on behalf of a parent/guardian or student. A *qualified professional* means “an individual who holds credentials to evaluate the child in the domain or domains for which an evaluation is sought or an intern working under the direct supervision of a qualified professional, including a master’s or doctoral degree candidate.” These individuals are referred to in this procedure as *visitors*.
2. Visitors will be afforded reasonable access to educational facilities, personnel, classrooms, and buildings and to the student. To minimize disruption, reasonable access means that the parent(s)/guardian(s) or qualified professional retained by or on behalf of the parent(s)/guardian(s) or student is allowed access once per school quarter for up to one hour or one class period. A visitor may request the authorized administrator to grant longer or additional observations based on individual circumstances and provide any supporting documentation in support of such a request. A professional evaluator can request longer or additional observations in his or her initial request. The administrator may grant, deny, or modify the request, and the administrator’s decision shall be final.
3. Visitors must comply with:
  - a. School safety, security, and visitation policies at all times.
  - b. Applicable privacy laws, including those laws protecting the confidentiality of education records such as the federal Family Educational Rights and Privacy Act and the Illinois School Student Records Act.
  - c. Board policy 8:30, *Visitors to and Conduct on School Property*. Visitors may not disrupt the educational process.
4. If the visitor is a parent/guardian, he or she will be afforded reasonable access as described above for the purpose of:
  - a. Observing his or her child in the child’s current educational placement, services, or program, or
  - b. Visiting an educational placement or program proposed for the child by the Individualized Education Program (IEP) team.
5. If the visitor is an independent educational evaluator or a qualified professional retained by or on behalf of a parent/guardian or student, he or she must be afforded reasonable access of sufficient duration and scope for the purpose of conducting an evaluation of the student, the student’s performance, the student’s current educational program, placement, services, or environment, or any educational program, placement, services, or environment proposed for the student, including interviews of educational personnel, student observations, assessments, tests, or assessments of the student’s educational program, services, or placement or of any educational program proposed by the IEP team, services, or placement. If one or more interviews of school personnel are part of the evaluation, the interviews must be conducted at a mutually agreed upon time, date, and place that do not interfere with the school employee’s school duties. The Building Principal or designee may limit interviews to

- personnel having information relevant to the student's current educational services, program, or placement or to a proposed educational service, program, or placement.
6. Prior to visiting a school, school building, or school facility, a visitor must complete 6:120-AP2, E1, *Request to Access Classroom(s) or Personnel for Special Education Evaluation and/or Observation Purposes*. This form serves to:
    - a. Inform the Building Principal or designee in writing of the proposed visit(s), the purpose, and the duration, and
    - b. Identify requested dates/times for the visit(s) to facilitate scheduling.
  7. The student's parent/guardian must consent in writing to the student being interviewed by the named evaluator as part of a visit. The parent/guardian will grant this consent by completing 6:120-AP2, E1, *Request to Access Classroom(s) or Personnel for Special Education Evaluation and/or Observation Purposes*.
  8. The student's parent/guardian, or the student, if he or she is over the age of 18, must execute an Authorization to Release Student Record Information before an independent educational evaluator or a qualified professional retained by or on behalf of a parent/guardian or student will be given access to student school records or to personnel who would likely release such records during discussions about the student. If a student is over the age of 12 and the records contain mental health and/or developmental disability information, the student must also be requested to sign the Authorization to Release Student Record Information before any observation by or disclosure of school student records or information to a visitor.
  9. The visitor must acknowledge, before the visit, that he or she is obligated to honor students' confidentiality rights and refrain from any re-disclosure of such records and/or information. The visitor will provide this acknowledgment and agreement by completing 6:120-AP2, E1, *Request to Access Classroom(s) or Personnel for Special Education Evaluation and/or Observation Purposes*.
  10. The Building Principal or designee will attempt to arrange the visit(s) at times that are mutually agreeable. The Building Principal or designee will accompany any visitor for the duration of the visit, including during any interviews of staff members.
  11. If the visitor is a professional retained by the parent/guardian, the visitor must provide identification and credentials before the visit.
  12. This procedure applies to any public school facility, building, or program and to any facility, building, or program supported in whole or in part by public funds. The student's case manager or other School District designee must facilitate such visit(s) when the student attends a program outside of the District, such as at a private day program or residential program, provided it is supported in whole or in part by public funds.

### Administrative Procedure – Service Animals

State and federal laws allow a student with a disability to be accompanied by a service animal that is individually trained to perform work or tasks for the benefit of a student. The animal may accompany the student to all school functions, whether in or outside the classroom. Use this procedure to identify and manage legal and practical issues when a student with a disability uses a service animal at school.

#### Definitions

**Service Animal** - A dog or miniature horse trained or being trained as a hearing animal, guide animal, assistance animal, seizure alert animal, mobility animal, psychiatric service animal, autism service animal, or animal otherwise trained to assist an individual with a physical, mental or intellectual disability, according to State law, 105 ILCS 5/14-6.02; 720 ILCS 5/48-8. Federal law defines *service animal* as any *dog* or *miniature horse* that is individually trained to perform tasks or work for the benefit of a student with a disability. 28 C.F.R. §§35.104 and 35.136. Federal law also explains that other species of animals, whether wild or domestic, trained or untrained, are not service animals.

Under federal law, *disability* includes a physical, sensory, psychiatric, intellectual, or other mental disability. The *work or tasks performed* must be directly related to the student’s disability. Examples of work or tasks include, but are not limited to, assisting a student who is blind or has low vision with navigation and other tasks; alerting a student who is deaf or hard of hearing to the presence of people or sounds; providing non-violent protection or rescue work; pulling a wheelchair; assisting a student during a seizure; alerting a student to the presence of allergens; retrieving items such as medicine or the telephone; providing physical support and assistance with balance and stability to a student with mobility disabilities; and helping a student with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

For more information about the definition of *service animal*, see the following U.S. Dept. of Justice, Civil Rights Div., *Disability Rights Section*, documents:

*Service Animals* at: [www.ada.gov/service\\_animals\\_2010.htm](http://www.ada.gov/service_animals_2010.htm).

*Frequently Asked Questions about Service Animals and the ADA* at: [www.ada.gov/regs2010/service\\_animal\\_qa.html](http://www.ada.gov/regs2010/service_animal_qa.html).

**Handler** - An individual who has and maintains control over the service animal. This individual may be the student using the service animal. Control of the service animal means using a harness, leash, or other tether, unless the handler is unable because of a disability to use one of these devices or their use would interfere with the service animal’s safe, effective performance of work or tasks. If or when these devices are not used, control of the service animal must be accomplished through voice control, signals, or other effective means.

Manages identified students' competing educational interests by:

1. With the Superintendent's permission, consulting the Board Attorney.

Considers creating a joint communication from the Building Principal and the parent/guardian of the student using a service animal. The communication should inform other students and their parents/guardians about the placement of a service animal in their educational setting.

Providing a joint communication allows the school to exchange the

Keeps the animal with the student if the service animal is obviously:

1. Able to perform tasks or work for the benefit of a student with a disability,
2. Able to stay under the control of its handler and, if not, the handler can take effective action to control it, and
3. Housebroken.

Informs staff that the animal may not be taken away from the student.

Informs the parent/guardian of this procedure and requests their cooperation with the District to successfully incorporate the service animal into the educational environment.

Excludes the animal and contacts the student's parent/guardian if the animal does not obviously meet the conditions in 6:120-AP3, E1, *Guidelines for Service Animals in School Facilities*.

### Exhibit - Guidelines for Service Animals in School Facilities

*For use by Superintendent and Building Principal only.*

This exhibit’s guidelines are not intended for use as an agreement between the District and its students and their parents/guardians as a condition of the student using a service animal. It is intended for use by the Building Principals to:

1. Ensure that the legitimate safety interests of staff and students are met,
2. Inform their individual building staff of these guidelines when service animals are present in their individual buildings, and
3. Request that staff members inform the Building Principal if they observe a service animal that is not meeting any of the listed guidelines.

These guidelines are not based on speculation, stereotypes, or generalizations about students with disabilities. Each guideline includes an explanation based upon State and federal law with legal citations and resources that provide further information.

The animal is *individually trained to perform tasks for the benefit of a student with a disability.*

Explanation	Legal Citation(s) and Resources
<p>A service animal must perform work or an individualized task(s) for the benefit of a student with a disability. When it is not obvious what service the service animal provides, only the following questions may be asked:</p> <ol style="list-style-type: none"> <li>1. Is the animal a service animal required because of a disability?</li> <li>2. What work or task has the service animal been trained to perform?</li> </ol>	<p>105 ILCS 5/14-6.02 requires the service animal to be <i>individually trained</i> to perform tasks for the benefit of a student with a disability.</p> <p>28 C.F.R. §§35.104 and 35.136 mirror state law and require that the work or tasks performed by a service animal be directly related to the student's disability. Section 35.104 defines work or tasks, which include but are not limited to, assisting a student who is blind or has low vision with navigation and other tasks; alerting a student who is deaf or hard of hearing to the presence of people or sounds; providing non-violent protection or rescue work; pulling a wheelchair; assisting a student during a seizure; alerting a student to the presence of allergens; retrieving items such as medicine or the telephone; providing physical support and assistance with balance and stability to a student with mobility disabilities; and helping a student with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. <b>Note:</b> Providing emotional support, well-being, comfort, companionship or being present to deter criminal behaviors does not satisfy the requirement to “perform work or tasks.”</p>

**The animal has a current rabies vaccination tag.**

Explanation	Legal Citation(s) and Resources
<p>A service animal must have a current rabies vaccination and tag for the safety interests of all individuals in the school environment.</p> <p>School officials must always assume that the service animal is properly licensed.</p>	<p>510 ILCS 5/8 requires a current rabies vaccination, which is verified through a current rabies vaccination tag. Because State law requires animals to receive this vaccination, it is a legitimate safety requirement that is based upon an actual risk for the service animal to access school facilities. 28 C.F.R. §35.130(h).</p> <p>Federal law does not allow the District to ask for proof of a license. This is true even when local municipalities, cities, or villages within the District's boundaries have additional registration requirements. The U.S. Dept. of Justice opines that unlicensed animals do not pose the same safety concern as those that are not vaccinated, i.e., the fundamental nature of the school environment is not affected by failing to obtain a license. The District may call animal control if there is a legitimate suspicion that the animal is not licensed, and the animal's owner may then be subject to a fine. However, the animal must still be allowed in the school.</p>

**The handler(s) may lawfully:**

- 1. Be on school property, and**
- 2. Have contact with children.**

Explanation	Legal Citation(s) and Resources
<p>The animal handler must not be a person who is a <i>sex offender</i>, as defined by the Sex Offender Registration Act, or a <i>violent offender against youth</i>, as defined in the Murderer and Violent Offender Against Youth Registration Act.</p>	<p>720 ILCS 5/11-9.3 prohibits a child sex offender from being present on school property when persons under the age of 18 are present. Because this requirement is State law, it is a legitimate safety requirement based upon an actual risk for the service animal's handler to access school facilities. 28 C.F.R. §35.130(h).</p> <p>The U.S. Dept. of Justice opines that a service animal's handler should be treated the same as the District treats all other resource persons and volunteers. <b>Note:</b> Some school boards forbid the use of convicted felons as volunteers.</p> <p>Board policy 6:250, <i>Community Resource Persons and Volunteers</i>, requires the Superintendent to establish procedures for securing and screening resource persons and volunteers. 6:250-AP, <i>Resource Persons and/or School Volunteers; Screening</i>, requires criminal history records checks for individuals who work in direct contact with students or where a check would be prudent.</p>

**The animal is under the control of the handler and housebroken.**

Explanation	Legal Citation(s) and Resources
<p>A service animal must be under the control of its handler.</p> <p>A service animal must be housebroken.</p>	<p>Federal law allows exclusion of a service animal from the school environment when its handler is not able to take effective action to control the animal or the animal is not housebroken. The U.S. Dept. of Justice opines that one accident, however, will not be sufficient for exclusion of a service animal. 28 C.F.R. §35.136.</p> <p>For more examples and explanation regarding effective action to control a service animal and whether an animal is housebroken, see Americans with Disabilities Act, Title II Regulations, Nondiscrimination on the Basis of Disability in State and Local Government Services, <i>2010 Guidance and Section-by-Section Analysis</i> at: <a href="http://www.ada.gov/regs2010/titleII_2010/titleII_2010_regulations.htm">www.ada.gov/regs2010/titleII_2010/titleII_2010_regulations.htm</a>.</p>

### **Program for the Gifted**

The Superintendent or designee shall implement an education program for gifted and talented learners that will challenge and motivate academically advanced learners and engage them in appropriately differentiated learning experiences to develop their unique abilities. If the State Superintendent of Education issues a Request for Proposals because sufficient State funding is available to support local programs of gifted education, the Superintendent or designee shall inform the Board concerning the feasibility and advisability of developing a “plan for gifted education” that would qualify for State funding.

Eligibility to participate in the gifted program shall not be conditioned upon race, religion, sex, disability, or any factor other than the student’s identification as gifted or talented learner.

The School Board will monitor this program’s performance by meeting periodically with the Superintendent or designee to determine and/or review the indicators and data that evidence whether the educational program for gifted and talented learners is accomplishing its goals and objectives and is otherwise in compliance with this policy.

### Accelerated Placement Program

The District provides an Accelerated Placement Program (APP). The APP advances the District's goal of providing educational programs with opportunities for each student to develop to his or her maximum potential. The APP provides an educational setting with curriculum options usually reserved for students who are older or in higher grades than the student participating in the APP. APP options include, but may not be limited to: (a) accelerating a student in a single subject; (b) other grade-level acceleration; and (c) early entrance to kindergarten or first grade. Participation in the APP is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted and talented. Eligibility to participate in the District's APP shall not be conditioned upon the protected classifications identified in Board policy 7:10, *Equal Educational Opportunities*, or any factor other than the student's identification as an accelerated learner.

The Superintendent or designee shall implement an APP that includes:

1. Decision-making processes that are fair, equitable, and involve multiple individuals, e.g. District administrators, teachers, and school support personnel, and a student's parent(s)/guardian(s).
2. Processes that provide a student's parent(s)/guardian(s) with:
  - a. Written notification when their child is eligible for enrollment in accelerated courses; and
  - b. Notification of a decision affecting their child's participation in the APP.
3. Assessment processes that include multiple valid, reliable indicators.
4. The automatic enrollment, in the following school term, of a student into the next most rigorous level of advanced coursework offered by the high school if the student meets or exceeds State standards in English language arts, mathematics, or science on a State assessment administered under 105 ILCS 5/2-3.64a-5, as follows:
  - a. A student who meets or exceeds State standards in English language arts shall be automatically enrolled into the next most rigorous level of advanced coursework in English, social studies, humanities, or related subjects.
  - b. A student who meets or exceeds State standards in mathematics shall be automatically enrolled into the next most rigorous level of advanced coursework in mathematics.
  - c. A student who meets or exceeds State standards in science shall be automatically enrolled into the next most rigorous level of advanced coursework in science.
5. Waiver of a course completion requirement under Board policy 6:300, *Graduation Requirements*, if the District determines that the student has demonstrated mastery of or competency in the content of the course or unit of instruction.

The Superintendent or designee shall annually notify the community, parent(s)/guardian(s), students, and school personnel about the APP, the process for referring a student for possible evaluation for accelerated placement, and the methods used to determine whether a student is eligible for accelerated placement, including strategies to reach groups of students and families who have been historically underrepresented in accelerated placement programs and advanced coursework. Notification may: (a) include varied communication methods, such as student handbooks and District or school websites; and (b) be provided in multiple languages, as appropriate.

### Administrative Procedure - Accelerated Placement Program Procedures

The District's Accelerated Placement Program (APP) places qualified students in an educational setting that includes curriculum usually reserved for students who are older or in higher grades than the student, and is implemented by the Superintendent or designee. 105 ILCS 5/14A.

This administrative procedure contains seven sections as follows:

1. Definitions
2. Annual Notification
3. Referral Process
4. Evaluation Process
5. Eligibility Determination
6. Automatic Enrollment in Advanced High School Coursework
7. Program Reporting, Review, and Expanded Access Plan

#### Definitions

**Accelerated placement** is the placement of a student in an educational setting with curriculum that is usually reserved for students who are older or in higher grades than the student. Accelerated placement includes, but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject, and grade acceleration.

**Advanced academic program** is a course of study, including but not limited to, accelerated placement, Advanced Placement coursework, International Baccalaureate coursework, dual credit, or any course designated as enriched or honors, that a student is enrolled in based on the student's advanced cognitive ability or advanced academic achievement compared to local age peers and in which the curriculum is substantially differentiated from the general curriculum to provide appropriate challenge and pace.

**Early entrance to kindergarten** is the admission to kindergarten of a student who: (a) is assessed for and meets the District's readiness standards to attend school; and (b) will not be five years of age on or before September 1 of that school term.

**Early entrance to first grade** is the admission to first grade of a student who is assessed for and meets the District's readiness standards to attend school. A student may, but is not required to, have attended a non-public preschool and continued his or her education at that school through kindergarten and been taught in kindergarten by an appropriately certified teacher. A student who is younger than six upon starting first grade but who was admitted early to kindergarten does not need to be reevaluated prior to admission to first grade.

**Individual subject acceleration** is the practice of assigning a student to a specific content area at a higher instructional level than is typical given the student's grade for the purpose of providing access to appropriately challenging learning opportunities in one or more subject areas. It may be accomplished by either: (a) physically moving the student to a higher level class for instruction; or (b) using higher level curricular or study materials in the student's current classroom.

**Whole grade acceleration** is the practice of assigning a student to a higher grade level than is typical, given the student's age, on a full-time basis for the purpose of providing access to appropriately challenging learning opportunities. Commonly referred to as skipping a grade, grade acceleration may be done at the beginning of or during the school term.

### **Education of Homeless Children**

Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths, including a public pre-school education. A *homeless child* is defined as provided in the McKinney-Vento Homeless Assistance Act and the Education for Homeless Children Act. The Superintendent or designee shall act as or appoint a Liaison for Homeless Children to coordinate this policy's implementation.

A homeless child may attend the District school that the child attended when permanently housed or in which the child was last enrolled. A homeless child living in any District school's attendance area may attend that school.

The Superintendent or designee shall review and revise rules or procedures that may act as barriers to the enrollment of homeless children and youths. In reviewing and revising such procedures, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Transportation shall be provided in accordance with the McKinney-Vento Homeless Assistance Act and State law. ### **Administrative Procedure - Checklist for Development, Implementation, and Maintenance of Parent and Family Engagement Compacts for Title I Programs**

The development, implementation, and maintenance of parent/guardian and family engagement compacts must be accomplished with meaningful consultation with parents/guardians of children participating in Title I programs. The Superintendent designates a person to be responsible for the process of obtaining meaningful consultation. This checklist includes some measures designed to encourage meaningful consultation.

This is an annual checklist. *Check steps as completed.*

- \* Plan regular meetings throughout the school year with parents/guardians to discuss the District and/or school compacts; identify dates and convenient times, places, and persons whose attendance is desired. Offer meetings in the morning or evening, and, if funds are available under Title I for this purpose, provide transportation, childcare, or home visits, as such services relate to parent/guardian involvement.
- \* Plan an agenda for meetings to be held to discuss District and/or school compacts.
  - \* Always begin with “introducing where we are now” and end with “next steps.”
  - \* Agendas should provide for two-way communication between District and parents/guardians of children participating in Title I programs.
  - \* Agendas can be built around the federal compliance requirements as stated in the IASB sample district- and school-level compacts.
  - \* Agendas should also include a section to inform parents/guardians of their school’s participation under Title I and to explain Title I’s requirements regarding parent/guardian involvement, including the right of the parents/guardians to be involved.
  - \* Agendas should also include a section to describe and explain the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of challenging State academic standards.
  - \* If requested by a parent/guardian, agendas should also include a section for parents/guardians to formulate suggestions and to participate, as appropriate, in decisions relating to their children’s education.
  - \* Agendas should also include a section to involve parents/guardians in the planning, review, and improvement of Title I programs, including the joint development of the schoolwide program plan under 20 U.S.C. §6314(b)(2).
  - \* Another agenda topic is how funds are allotted for parent/guardian involvement in activities; parents/guardians of children receiving services must be involved in these decisions.
- \* Notify interested persons of meeting dates to discuss the District and/or school compacts, including:
  - \* Parents/guardians of students’ participating in Title I programs
  - \* Staff members
  - \* Students participating in Title I programs
  - \* School Board members
  - \* Media
  - \* Coordinators for other school programs, e.g., Head Start and preschool programs

1. The District involves parents/guardians and family members in the joint development of the District's plan to help low-achieving children meet challenging achievement and academic standards (20 U.S.C. §6312), and the development of comprehensive and targeted support and improvement plans (20 U.S.C. §§6311(d)(1), (2)) by:

## **Instruction**

### **Instructional Materials**

All District classrooms and learning centers should be equipped with an evenly-proportioned, wide assortment of instructional materials, including textbooks, workbooks, audio-visual materials, and electronic materials. These materials should provide quality learning experiences for students and:

Teachers may encourage students to bring their own devices as supplemental in-class materials when: (a) using the devices will appropriately enhance, or otherwise illustrate, the subjects being taught; (b) the Building Principal has approved their use and found that their use is age-appropriate; and (c) the student's

parent/guardian has signed the *Bring Your Own Technology (BYOT) Program Participation Authorization and Responsible Use Agreement Form*. A student's right to privacy in his or her device is limited; any reasonable suspicion of activities that violate law or Board policies will be treated according to policy 7:140, *Search and Seizure*.

Responsible use in the program incorporates into this policy the individual's *Acceptable Use of Electronic Networks* agreement pursuant to policy 6:235, *Access to Electronic Networks*. #### **To be read and signed by the student-participant and his/her parent/guardian:**

Dear Parents/Guardians:

Our School District allows students to participate in a curriculum-based Bring Your Own Technology (BYOT) Program. You must authorize your child's participation in the program by agreeing to the following terms and discussing them with your child, including using the Internet through the District's electronic network during instructional time (Children's Internet Protection Act (CIPA) (47 U.S.C. §254)). This authorization and agreement needs to be signed only once while your child is enrolled in the District.

Your child must also sign the *Student Authorization for Access to the District's Electronic Networks* agreement to participate in the program. If you have not read and signed this document or do not know whether one is already on file in the District, contact your Building Principal. You may also ask your Building Principal for any other forms or exhibits referenced in the BYOT authorization and agreement below.

The violation of any laws or Board policies while participating in the program may result in the loss of your child's privilege to participate in the program. Remember that you are legally responsible for your child's actions. If you agree to allow your child to participate in BYOT program, sign the authorization and agreement below and return it to your school.

The teacher's role in the program is that of instructor in your child's classroom. Teachers cannot spend time fixing technical difficulties with BYOT devices. Parents/guardians and their children share the responsibility for technical support and providing a properly charged BYOT device. If a BYOT device has technical difficulties: (1) a District-owned device may be provided, if available, or (2) students may be asked to partner with another student who has a functioning BYOT device during a lesson. The District will also expect you and your child to keep the BYOT device free from viruses, malware, and/or any other harmful programs that could damage the District's electronic network. Finally, the right to privacy in your child's BYOT device is limited while it is on any school property.

### **Bring Your Own Technology (BYOT) Program Participation Authorization and Responsible Use Agreement**

I hereby request that my child be allowed to participate in the District's BYOT program. *(Please indicate agreement by initialing the checkbox.)*

I have read this *BYOT Participation Authorization and Responsible Use Agreement*. I understand the program is designed for educational purposes and that during instructional times, my child may access the District's Internet only through its electronic networks to minimize access to inappropriate material.

- I will hold harmless the District, its employees, agents, and Board members, for any harm caused by materials or software obtained via the District's network and compliance with federal law(s) (including, but not limited to CIPA requirements).
- I have previously signed the *Student Authorization for Electronic Network Access* form. I have also read and discussed with my child the following documents: (1) the Responsible Use portion of policy 6:220, *Bring Your Own Technology (BYOT) Programs; Responsible Use and Conduct*; (2) 6:220-E2, *Bring Your Own Technology (BYOT) Program Student Guidelines*; and (3) 6:235-E5, *Children's Online Privacy Protection Act*.
- I understand that my child and I share the responsibility for technical support, providing a properly charged BYOT device, and keeping the BYOT device free from viruses, malware and/or any other harmful programs that could infect or harm the District's electronic network.
- I understand that the District does not provide liability protection for BYOT devices, and it is not responsible for any damages.
- I understand that my child's privacy rights in his/her BYOT device while on any school property are limited as outlined in Board policy.
- I consent that my child may share another student's BYOT device, or in the alternative, be asked to share his/her BYOT device with another student, from time to time as directed by the classroom teacher.

### Exhibit - Bring Your Own Technology (BYOT) Program Student Guidelines

*This exhibit accompanies policy 6:220, Bring Your Own Technology (BYOT) Program; Responsible Use and Conduct. It should be sent home with students along with 6:220-E1, Authorization to Participate in the Bring Your Own Technology (BYOT) Program; Responsible Use and Conduct Agreement, and 6:235-E5, Children's Online Privacy Protection Act. It outlines BYOT guidelines. Building Principals may want to include this in the student handbook. Modify this exhibit to reflect the District's and any building-specific guidelines.*

The purpose of the District's BYOT program is to extend and enrich the learning environment. The following guidelines apply to students who participate in the program:

- Access only the District's Internet gateway. The District filters access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate at school pursuant to policy 6:235, *Access to Electronic Networks*. Make no attempts to bypass the District's Internet gateway. Similar to when a filter is disabled or malfunctions, it is impossible to control all Internet material, and a BYOT participant may discover inappropriate material. It may also be discovered if and/or when sharing a BYOT device with another student. Report inappropriate content and conduct to your classroom teacher.
- Follow the standards of your parents/guardians. The District respects each family's right to decide whether or not to participate. District-provided technology may be an alternative.
- Access only authorized data or files on the computer or Internet sites that are relevant to the classroom curriculum and suggested by a teacher. Students are strictly prohibited from infecting the District's network(s) with a virus or malware program designed to damage, alter, destroy, or otherwise compromise the network, and hacking, altering, or bypassing security policies or measures. Installing and updating anti-virus and anti-malware software and keeping the operating system on BYOT devices updated is required. The District may examine any BYOT device that it suspects is causing network problems or may be the source of an attack or virus infection.
- Use of a BYOT device is subject to policy 7:190, *Student Behavior*.
- Transmit only appropriate content while using the District's electronic network. At no time, may a photographic image or video of any person on campus be made, posted, or shared, unless authorized by the teacher for instructional purposes. Any reasonable suspicion of an activity that violates law or Board policies will be treated according to policy 7:140, *Search and Seizure*. Bullying, harassment, or sexual material will not be tolerated and will be managed pursuant to policies 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*, or 7:20, *Harassment of Students Prohibited*, as appropriate. Retrieval of devices that become involved in a law enforcement investigation is the student and parent/guardian's responsibility.

- Charge all BYOT devices prior to school every day. Turn off and keep BYOT devices in the sight of the teacher during assessments, unless otherwise directed by a teacher. Immediately follow any teacher's instruction to shut down BYOT devices or close the screen. All BYOT devices must be in silent mode and put away when directed by teachers.
- Sharing BYOT devices with other students is allowed only when a parent/guardian has approved this in writing through the *Bring Your Own Technology (BYOT) Program Participation Authorization and Responsible Use Agreement* and the teacher has directed it.

Parents/guardians, employees, and community members who believe that library media program resources violate rights guaranteed by any law or Board policy may file a complaint using Board policy 2:260, *Uniform Grievance Procedure*.

The Superintendent or designee shall establish criteria consistent with this policy for the review of objections. The Superintendent shall develop an implementation plan for this policy and appoint system administrator(s).

The School District is not responsible for any information that may be lost or damaged, or become unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

### Curriculum and Appropriate Online Behavior

The use of the District's electronic networks shall: (1) be consistent with the curriculum adopted by the District as well as the varied instructional needs, learning styles, abilities, and developmental levels of the students, and (2) comply with the selection criteria for instructional materials and library resource center materials. As required by federal law and Board policy 6:60, *Curriculum Content*, students will be educated about appropriate online behavior, including but not limited to: (1) interacting with other individuals on social networking websites and in chat rooms, and (2) cyberbullying awareness and response. Use is a privilege, not a right. Users of the District's electronic networks have no expectation of privacy in any material that is stored on, transmitted, or received via the District's electronic networks. General rules for behavior and communications apply when using electronic networks. The District's administrative procedure, *Acceptable Use of the District's Electronic Networks*, contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

### Internet Safety

Technology protection measures shall be used on each District computer with Internet access. They shall include a filtering device that protects against Internet access by both adults and minors to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by federal law and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of

such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator. The Superintendent or designee shall include measures in this policy's implementation plan to address the following:

1. Ensure staff supervision of student access to online electronic networks,
2. Restrict student access to inappropriate matter as well as restricting access to harmful materials,
3. Ensure student and staff privacy, safety, and security when using electronic communications,
4. Restrict unauthorized access, including "hacking" and other unlawful activities, and
5. Restrict unauthorized disclosure, use, and dissemination of personal identification information, such as, names and addresses.

#### Authorization for Electronic Network Access

Each staff member must sign the *Authorization for Access to the District's Electronic Networks* as a condition for using the District's electronic network. Each student and his or her parent(s)/guardian(s) must sign the *Authorization* before being granted unsupervised use.

#### Confidentiality

All users of the District's computers to access the Internet shall maintain the confidentiality of student records. Reasonable measures to protect against unreasonable access shall be taken before confidential student information is loaded onto the network.

#### Violations

The failure of any user to follow the terms of the District's administrative procedure, *Acceptable Use of the District's Electronic Networks*, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

### **Administrative Procedure - Acceptable Use of the District's Electronic Networks**

All use of the District's *electronic networks* shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or prohibited behavior by users. However, some specific examples are provided. **The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.**

#### Terms and Conditions

The term *electronic networks* includes all of the District's technology resources, including, but not limited to:

1. The District's local-area and wide-area networks, including wireless networks (Wi-Fi), District-provided Wi-Fi hotspots, and any District servers or other networking infrastructure;
2. Access to the Internet or other online resources via the District's networking infrastructure or to any District-issued online account from any computer or device, regardless of location;
3. District-owned and District-issued computers, laptops, tablets, phones, or similar devices.

**Acceptable Use** - Access to the District's electronic networks must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use.

**Privileges** - Use of the District's electronic networks is a privilege, not a right, and inappropriate use may result in a cancellation of those privileges, disciplinary action, and/or appropriate legal action. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

**Unacceptable Use** - The user is responsible for his or her actions and activities involving the electronic networks. Some examples of unacceptable uses are:

- a. Using the electronic networks for any illegal activity, including violation of copyright or other intellectual property rights or contracts, or transmitting any material in violation of any State or federal law;
- b. Using the electronic networks to engage in conduct prohibited by board policy;
- c. Unauthorized downloading of software or other files, regardless of whether it is copyrighted or scanned for malware;
- d. Unauthorized use of personal removable media devices (such as flash or thumb drives);
- e. Downloading of copyrighted material for other than personal use;
- f. Using the electronic networks for private financial or commercial gain;
- g. Wastefully using resources, such as file space;
- h. Hacking or attempting to hack or gain unauthorized access to files, accounts, resources, or entities by any means;

- i. Invading the privacy of individuals, including the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature, such as a photograph or video;
- j. Using another user's account or password;
- k. Disclosing any network or account password (including your own) to any other person, unless requested by the system administrator;
- l. Posting or sending material authored or created by another without his/her consent;
- m. Posting or sending anonymous messages;
- n. Creating or forwarding chain letters, spam, or other unsolicited messages;
- o. Using the electronic networks for commercial or private advertising;
- p. Accessing, sending, posting, publishing, or displaying any abusive, obscene, profane, sexual, threatening, harassing, illegal, or knowingly false material;
- q. Misrepresenting the user's identity or the identity of others; and
- r. Using the electronic networks while access privileges are suspended or revoked.

**Network Etiquette** - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that the District's electronic networks are not private. People who operate District technology have access to all email and other data. Messages or other evidence relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the networks in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the electronic networks to be private property.

**No Warranties** - The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

**Indemnification** - By using the District's electronic networks, the user agrees to indemnify the District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or

arising out of, any violation of these procedures.

**Security** - Network security is a high priority. If the user can identify or suspects a security problem on the network, the user must promptly notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep user account(s) and password(s) confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the networks.

**Vandalism** - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of malware, such as viruses and spyware.

**Telephone Charges** - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, texting or data use charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

**Copyright Web Publishing Rules** - Copyright law and District policy prohibit the re-publishing of text or graphics found on the Internet or on District websites or file servers/cloud storage without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
- b. Students and staff engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of *public domain* documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
- d. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

**Use of Email** - The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides email to aid students and staff members in fulfilling their duties and responsibilities, and as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.

- c. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet, such as spam or potential phishing emails, should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the District's email system constitutes consent to these regulations.

### Internet Safety

Internet access is limited to only those *acceptable uses* as detailed in these procedures. Internet safety is supported if users will not engage in *unacceptable uses*, as detailed in these procedures, and otherwise follow these procedures.

Staff members shall supervise students while students are using District Internet access to ensure that the students abide by the *Terms and Conditions* for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

### **Exhibit - Student Authorization for Access to the District's Electronic Networks**

*This form accompanies Administrative Procedure 6:235-AP1, Acceptable Use of the District's Electronic Networks. It must be signed when students will have unsupervised Internet access or when supervision will be minimal. Please submit this form to the Building Principal.*

Dear Parents/Guardians:

Our School District has the ability to enhance your child's education through the use of its electronic networks, including the Internet. Our goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. Students and their parents/guardians need only sign this *Authorization for Access to the District's Electronic Networks* once while the student is enrolled in the School District.

The District *filters* access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting. If a filter has been disabled or malfunctions it is impossible to control all material and a user may discover inappropriate material. Ultimately, parents/guardians are responsible for setting and conveying the standards that their child should follow, and the School District respects each family's right to decide whether or not to authorize Internet access.

With this educational opportunity also comes responsibility. The use of inappropriate material or language, or violation of copyright laws, may result in the loss of the privilege to use this resource. Remember that you are legally responsible for your child's actions. If you agree to allow your child to have a network account, sign the *Authorization* form below and return it to your school.

## Authorization for Access to the District's Electronic Networks Form

**Students must have a parent/guardian read and agree to the following before being granted unsupervised access:**

All use of the electronic networks shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. **The failure of any user to follow the terms of the *Acceptable Use of the District's Electronic Networks* will result in the loss of privileges, disciplinary action, and/or appropriate legal action.** The signatures at the end of this document are legally binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance.

I have read this *Authorization* form. I understand that access is designed for educational purposes and that the District has taken precautions to eliminate controversial material. However, I also recognize it is impossible for the District to restrict access to all controversial and inappropriate materials. I will hold harmless the District, its employees, agents, or Board members, for any harm caused by materials or software obtained via the network. I accept full responsibility for supervision if and when my child's use is not in a school setting. I have discussed the *Acceptable Use of the District's Electronic Networks* with my child. I hereby request that my child be allowed access to the District's electronic networks, including the Internet.

### Administrative Procedure - Web Publishing Guidelines

#### General Requirements

All material published on the District's website must have educational value and/or support the District guidelines, goals, and policies. Material appropriate for web publishing includes information about the District and its School Board members, agendas, policies, appropriate administrative procedures, Department activities or services, schools, teachers or classes, student projects, and student extracurricular organizations. Personal information, not related to education, will not be allowed on the District's website.

The District webmaster shall implement a centralized process for review and uploading of material onto the District's website to ensure that, before material is published, it complies with District policy and procedures. The District webmaster shall supervise the efforts of all staff members responsible for web publishing at each level of District web publishing and, when appropriate, hold in-service opportunities for those staff members. The staff members responsible for web publishing are identified in these procedures in the section **Different Levels of Web Publication**. The District webmaster shall provide regular feedback and suggestions to the Superintendent regarding these Guidelines.

All content published on the District's website must:

1. Comply with all State and federal law concerning copyright, intellectual property rights, and legal uses of network computers.
2. Comply with Board policies, administrative procedures, these Guidelines, and other District guidelines provided for specific levels of publishing. This specifically includes the Board's *Access to Electronic Networks* policy and the District's procedures on *Acceptable Use of the District's Electronic Networks*.
3. Due to limited storage space and varying network speeds, file sizes may be limited by the District webmaster.
4. Comply with the publishing expectations listed below.

Material that fails to meet these Guidelines or is in violation of Board policy and/or procedures shall not be published on the District's website. The District reserves the right to remove any material in violation of its policy or procedures. Failure to follow these Guidelines or Board policy and/or procedures may result in loss of privileges, disciplinary action, and/or appropriate legal action.

#### Publishing Expectations

The following are minimum expectations for all District web pages:

1. The style and presentation of web published material should be of high quality and designed for clarity and readability. Material shall not be published in violation of the District's procedures on *Acceptable Use of the District's Electronic Networks*, including material that is abusive, obscene, profane, sexual threatening, harassing, knowingly false or invades the privacy of any individual. Anonymous messages are prohibited.
2. Correct grammar and spelling are expected.
3. All information must be verifiable.

4. Publications must include a statement of copyright when appropriate and indicate that permission has been secured when including copyrighted materials.
5. Publications must identify affiliation with the District, school, and/or department.
6. Widespread use of external links to non-District websites is discouraged, but if used, the external sites must contain appropriate educational materials and information as exclusively determined by the District. Every effort should be made to ensure that all links are operational. Every link to an external website must open a new browser window.
7. Relevant dates are required on all publications, including the date on which the publication was placed on the District's website. Each site should contain the date the page was last updated.
8. All publications must include the District email address of the staff member responsible for the page. This provides a contact person for questions or comments. If a student is the publisher, the sponsoring staff member's email must be included as the responsible person. Only District staff members may act as student sponsors.
9. Use of the District's website for personal or financial gain is prohibited. No commercial or private accounts should be listed on any District web pages.
10. All documents should be previewed on different web browsers, especially Google Chrome, Mozilla Firefox, or Microsoft Edge, before being posted on the District's website.

For more information about these expectations or other issues related to web publishing, please contact the System Administrator.

#### Protecting Student and Staff Privacy

Personal information concerning students or staff members, including home addresses and telephone numbers, shall not be published on District web pages.

A student's last name, last name initial, and grade-level shall not be published on District web pages. In addition, student records shall not be disclosed. In special circumstances (e.g., where accolades are warranted), the sponsoring staff member should contact the Building Principal who may seek permission from the student's parents/guardians. Web pages shall not display student pictures with a student identified by his or her name unless written parental permission was first granted (e.g., by executing the form *Using a Photograph or Videotape of a Student*). Student email addresses, whether a personal or District account, shall not be listed on any District web page.

#### Submitting Material to Be Published

Everyone submitting material for publication on the District's website shall have signed an *Authorization for Access to the District's Electronic Networks*. Before material is published on the District's website, the author must authorize the District in writing to publish the material, unless the District owns the copyright. All material submitted by a teacher or other staff member for publication on the District's website is deemed "work for hire," and the copyright in those works vests in the District. All material submitted for the District's website is subject to treatment as a District-sponsored publication.

#### Different Levels of Web Publication

The following guidelines provide specific information regarding web publishing at different levels within the District. At each level, a staff member is identified as being responsible for web publishing at that level. This individual's web publishing efforts are supervised by the District webmaster.

##### District-Level

The District webmaster conducts the District-level web publishing efforts and supervises other levels of web publishing. District-level publishing includes the District's homepage as well as any publishing activities representing the District as a whole, e.g., information about Board meetings, Board policy, and schedules. The District homepage shall have a link to an Online Privacy Statement.

#### Department-Level

District departments (e.g., Transportation, Personnel, or Curriculum) may publish their own web pages as part of the District's website. The department supervisor or director is ultimately responsible for his or her respective department's web pages, but may appoint a staff member as the department's webmaster to fulfill the maintenance, reviewing, and uploading tasks. The department supervisor or director shall keep the District webmaster informed of who is the department webmaster.

The web-published material should coincide with that department's printed material. The District webmaster should be consulted before publishing potentially sensitive material, e.g., school comparisons or student data.

The department front pages should maintain the look and feel of the District homepage: – the connection to the District should be obvious. Links to the main website's homepage must be included at the bottom of main pages, and the District's logo must be included at the top of main front pages of each department.

#### School-Level

The Building Principal is ultimately responsible for his or her respective school's webpages, but may appoint a staff member as the school webmaster to fulfill the maintenance, reviewing, and uploading tasks. The Building Principal shall keep the District webmaster informed of who is the school webmaster. All official material originating from the school will be consistent with the District style and content guidelines. The Building Principal or school webmaster may develop guidelines for the various sections of and contributors to the school's web pages.

#### Staff-Level

Any teacher or other staff member wanting to create web pages for use in class activities or to provide a resource for other teachers or staff members shall notify the school webmaster of his or her desired publishing activities.

#### Student-Level

A student wanting to create web pages on the District's website as part of a class or school-sponsored activity should request a teacher or staff member to sponsor the student's publishing efforts. The sponsoring teacher or staff member shall notify the school webmaster of the desired publishing activities. The student's web page must include an introduction written by the sponsor that describes the intent of the student's web page and contains the sponsor's District email address. Student web pages will be removed at the end of the school year unless special arrangements are made.

Personal web pages are not allowed on the School District's web server. Likewise, student web pages may not contain commercial or advertising links, including links to games and advertisements for games.

### **Exhibit - Online Privacy Statement**

*Post the content of this exhibit on the District's website to inform website visitors of the information the District collects through its website and how it uses that information. Modify this exhibit as needed to reflect the District's practices.*

#### **Online Privacy Statement**

The School District respects the privacy of all website visitors to the extent permitted by law. This Online Privacy Statement is intended to inform you of the ways in which this website collects information, the uses to which that information will be put, and the ways in which we will protect any information you choose to provide us.

There are four types of information that this site may collect during your visit: network traffic logs, website visit logs, cookies, and information voluntarily provided by you.

#### **Network Traffic Logs**

In the course of ensuring network security and consistent service for all users, the District employs software programs to do such things as monitor network traffic, identify unauthorized access or access to nonpublic information, detect computer viruses and other software that might damage District computers or the network, and monitor and tune the performance of the District network. In the course of such monitoring, these programs may detect such information as email headers, addresses from network packets, and other information. Information from these activities is used only for the purpose of maintaining the security and performance of the District's networks and computer systems. Personally identifiable information from these activities is not released to external parties without your consent unless required by law.

#### **Website Visit Logs**

District websites routinely collect and store information from online visitors to help manage those sites and improve service. This information includes the pages visited on the site, the date and time of the visit, the Internet address (URL or IP address) of the referring site (often called "referrers"), the domain name and IP address from which the access occurred, the version of browser used, the capabilities of the browser, and search terms used on our search engines. This site makes no attempt to identify individual visitors from this information; any personally identifiable information is not released to external parties without your consent unless required by law.

#### **Cookies**

Cookies are pieces of information stored by your web browser on behalf of a website and returned to the website on request. This site may use cookies for two purposes: to carry data about your current session at the site from one webpage to the next and to identify you to the site between visits. If you prefer not to receive cookies, you may turn them off in your browser, or you may set your browser to ask you before accepting a new cookie. Some pages may not function properly if the cookies are turned off. Unless otherwise notified on this site, we will not store data, other than for these two purposes, in cookies. Cookies remain on your computer, and accordingly we neither store cookies on our computers nor forward them to any external parties. We do not use cookies to track your movement among different websites and do not exchange cookies with other entities.

### Information Voluntarily Provided by You

In the course of using this website, you may choose to provide us with information to help us serve your needs. For example, you may send us an email to request information, an application or other material, and you may sign up for a mailing list. Any personally identifiable information you send us will be used only for the purpose indicated. Requests for information will be directed to the appropriate staff and may be recorded to help us update our site. We will not sell, exchange, or otherwise distribute your personally identifiable information without your consent, except to the extent required by law. We do not retain the information longer than necessary for normal operations.

Each webpage requesting information discloses the purpose of that information. If you do not wish to have the information used in that manner, you are not required to provide it. Please contact the person listed on the specific page, or listed below, with questions or concerns on the use of personally identifiable information.

While no system can provide guaranteed security, we take reasonable efforts to keep information you provide to us secure, including encryption technology (if any), and physical security at the location of the server where the information is stored.

### Communication Preferences

You can stop the delivery of informational emails from the District by following the specific instructions in the email you receive. Depending on the respective service, you may also have the option of proactively making choices about the receipt of email, telephone calls, and postal mail for particular District information and activities.

### Links to Non-District Websites

District websites provide links to other websites or resources. We do not control these sites and resources, do not endorse them, and are not responsible for their availability, content, or delivery of services. In particular, external sites are not bound by this Online Privacy Statement; they may have their own policies or none at all. Often, you can tell you are leaving a District website by noting the URL of the destination site. Links to external websites open a new browser window.

### Exhibit - Keeping Yourself and Your Kids Safe On Social Networks

#### For students:

- \* Put everything behind password protected walls, where only friends can see.
- \* Protect your password and make sure you really know who someone is before you allow them onto your friend's list.
- \* Blur or morph your photos a bit so they won't be abused by cyberbullies or predators.
- \* Don't post anything your parents, principal or a predator couldn't see.
- \* What you post online stays online - forever!!!! So ThinkB4UClick!
- \* Don't do or say anything online you wouldn't say offline.
- \* Protect your privacy and your friends' privacy too...get their okay before posting something about them or their pics online.
- \* Check what your friends are posting/saying about you. Even if you are careful, they may not be and may be putting you at risk.
- \* That cute 14-year old boy may not be cute, may not be 14 and may not be a boy! You never know!
- \* And, unless you're prepared to attach your blog to your college/job/internship/scholarship or sports team application...don't post it publicly!
- \* Stop, Block and Tell! (don't respond to any cyberbullying message, block the person sending it to you and tell a trusted adult).
- \* R-E-S-P-E-C-T! (use good netiquette and respect the feelings and bandwidth of others).
- \* Keep personal information private (the more information someone has about you, the more easily they can bully you).
- \* Google yourself! (conduct frequent searches for your own personal information online and set alerts ... to spot cyberbullying early).
- \* Take 5! (walk away from the computer for 5 minutes when something upsets you, so you don't do something you will later regret).

#### And for parents:

- \* Talk to your kids - ask questions (and then confirm to make sure they are telling you the truth!)
- \* Ask to see their profile page (for the first time)...tomorrow! (It gives them a chance to remove everything that isn't appropriate or safe...and it becomes a way to teach them what not to post instead of being a gotcha moment! Think of it as the loud announcement before walking downstairs to a teen party you're hosting.)
- \* Don't panic...there are ways of keeping your kids safe online. It's easier than you think!
- \* Be involved and work with others in your community. (Think about joining WiredSafety.org and help create a local cyber-neighborhood watch program in your community.)
- \* Remember what you did that your parents would have killed you had they known, when you were fifteen.
- \* This too will pass! Most kids really do use social networks just to communicate with their friends. Take a breath, gather your thoughts and get help when you need it. (You can reach out to WiredSafety.org.)
- \* It's not an invasion of their privacy if strangers can see it. There is a difference between reading their paper diary that is tucked away in their sock drawer...and reading their blog. One is between them and the paper it's written on; the other between them and 700 million people online!
- \* Don't believe everything you read online - especially if your teen posts it on her blog!

### **Exhibit - Children's Online Privacy Protection Act**

*On District letterhead:*

RE: Children's Online Privacy Protection Act

Dear Parents/Guardians:

This letter is being sent as part of the District's continuing effort to educate parents and students about privacy protection and Internet use that occurs outside of the protections required for use of educational technology in school.

The Children's Online Privacy Protection Act (COPPA) gives parents/guardians control over what information companies can collect from their children online. However, not all companies are transparent about what data a mobile app or website collects, who will have access to that data, and how it will be used. Allowing your child access to games and other seemingly harmless applications on a smartphone or computer risks his or her exposure to intrusive marketing and access to personal information.

The following suggestions may help keep children from being bombarded by unwanted advertising, from making unwanted purchases and from disclosing personal information and location:

- \* Talk to your child early and often about online behavior, safety, and security, and encourage your child to make good choices.
- \* Be choosy about the applications that you let your child use. Try the app yourself to check for advertising messages and/or social networking and purchase options before allowing your child access.
- \* Select activities that do not require access to the Internet or an application, such as looking at family pictures or listening to preselected music, screened and approved by you.
- \* Make certain that the ability to make purchases is password protected.
- \* Set up family rules and consequences explaining that all purchases made via a smartphone or computer must have parent/guardian consent.
- \* Caution children about the use of social networking and other sites and/or apps that can pinpoint locations.
- \* Monitor computer and smartphone use whenever and wherever possible.

### Field Trips

Field trips are permissible when the experiences are a part of the school curriculum and/or contribute to the District's educational objectives.

All field trips must have the Superintendent or designee's prior approval, except that field trips beyond a 200-mile radius of the school or extending overnight must have the prior approval of the School Board. The Superintendent or designee shall analyze the following factors to determine whether to approve a field trip: educational value, student safety, parent concerns, heightened security alerts, and liability concerns. On all field trips, a bus fee set by the Superintendent or designee may be charged to help defray the transportation costs.

Parents/guardians of students: (1) shall be given the opportunity to consent to their child's participation in any field trip; and (2) are responsible for all entrance fees, food, lodging, or other costs, except that the District will pay such costs for students who qualify for a fee waiver under Board policy 4:140, *Waiver of Student Fees*. All non-participating students shall be provided an alternative experience. Any field trip may be cancelled without notice due to an unforeseen event or condition.

Privately arranged trips, including those led by District staff members, shall not be represented as or construed to be sponsored by the District or school. The District does not provide liability protection for privately arranged trips and is not responsible for any damages arising from them.

### **Administrative Procedure - Resource Persons and/or School Volunteers; Screening**

The Building Principal or designee directs the use of resource persons and school volunteers within the school building. The use of any individual as a resource person or volunteer is subject to School Board policy 4:170, *Safety*; administrative procedure 4:175-AP1, *Criminal Offender Notification Laws; Screening*; and Board policy 8:30, *Visitors to and Conduct on School Property*. Specifically, the Principal or designee directs recruitment, screening, placement, and training within the following parameters:

**Qualifications** - Resource persons and volunteers may come from all backgrounds and all age groups. The main qualification is for the individual to have a desire to give his or her time and talent to enrich student learning opportunities and the school community generally.

**Individuals Prohibited from Serving as a Volunteer or Resource Person** - No individual who is a *sex offender*, as defined by the Sex Offender Registration Act, or a *violent offender against youth*, as defined in the Child Murderer and Violent Offender Against Youth Registration Act, may serve as a resource person or volunteer.

**Screening** - Whenever a potential resource person or volunteer submits a new information form, the Principal or designee shall screen that individual's name and address against the: (1) Ill. Sex Offender Registry, [www.isp.state.il.us/sor/](http://www.isp.state.il.us/sor/), and (2) the Violent Offender Against Youth Registry maintained by the Ill. Dept. of State Police (ISP), [www.isp.state.il.us/cmvo/](http://www.isp.state.il.us/cmvo/). The Principal may also request an individual to submit to a fingerprint-based criminal history records information check in situations where it would be prudent, e.g., extended direct, daily contact with students. In addition, the Principal or designee shall review monthly the names of individuals who are serving as resource persons or volunteers to determine if any resource person or volunteer appears on the Ill. Sex Offender or Violent Offender Against Youth Registries.

**Recruitment** - School personnel may recruit resource persons and volunteers through the following resources: parents/guardians, parent organizations, retired teachers and other senior citizen groups, community businesses, local volunteer centers, and universities. If a staff member, other than the Principal, recruits someone, the staff member must provide the individual's name and address to the Principal.

**Role** - Resource persons and volunteers serve only in an auxiliary capacity under the direction and direct supervision of a staff member; they are not a substitute for a member of the school staff. Resource persons and volunteers do not have access to confidential student school records.

**Selection, Placement, and Supervision** - Selection and placement shall be on the basis of an individual's qualifications and availability and the school's needs. The individual will be assigned to a staff member only with the staff member's consent. The relationship between the individual and staff member should be one of mutual respect and confidence.

**Requirements** - Each resource person and volunteer must register in the school's main office at the beginning of each visit and wear identifying information, e.g., a name tag, etc., while in the building or serving. Unless he or she has already done so during the current academic year, the individual must complete an information form and waiver. Absent an indication on the form that the individual may not qualify, the individual may proceed to the assigned activity.

An individual is prohibited from being a resource person or volunteer if he or she behaves in any manner

that does not align with the District and/or school building's vision, mission, policy and/or procedures or is otherwise detrimental to the school environment, e.g., swearing, failing to be dependable, failing to follow the supervisor's instructions, committing any criminal act on school grounds or at a school activity, touching a student in a rude or overly forceful manner, failing to dress in an appropriate manner, or violating any school rule, etc.

**Training** - Each academic year, when an individual first completes the volunteer information form, the Principal or designee will give the individual a copy of this administrative procedure along with other pertinent information. The staff member to whom the individual is assigned is responsible for explaining what is expected of the individual. The Principal or designee should arrange appropriate training opportunities for those volunteer activities requiring a skill or knowledge base, e.g., working in the computer lab.

#### Grading and Promotion

The Superintendent or designee shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion and graduation requirements are met. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

### High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students

#### Credit for Non-District Experiences

A student may receive high school credit for successfully completing any of the listed courses or experiences even when it is not offered in or sponsored by the District:

1. Distance learning course, including a correspondence, virtual, or online course
2. Courses in an accredited foreign exchange program
3. Summer school or community college courses
4. College or high school courses offering dual credit at both the college and high school level
5. Foreign language courses taken in an ethnic school program approved by the Illinois State Board of Education
6. Work-related training at manufacturing facilities or agencies in a Tech Prep Program
7. Credit earned in a Vocational Academy

The student must seek approval from the Superintendent or designee to receive graduation credit for any non-District course or experience. The Superintendent or designee shall determine the amount of credit and whether a proficiency examination is required before the credit is awarded. As approval is not guaranteed, students should seek conditional approval of the experience before participating in a non-District course or experience. The student assumes responsibility for any fee, tuition, supply, or other expense. The student seeking credit is responsible for (1) providing documents or transcripts that demonstrate successful completion of the experience, and (2) taking a proficiency examination, if requested. The Superintendent or designee shall determine which, if any, non-District courses or experiences, will count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities. When applicable, the Building Principal or designee shall, prior to the first day of class, inform individual high school students enrolled in a mixed enrollment dual credit course that includes students who have and have not met the community college's criteria for dual credit coursework of whether or not they are eligible to earn college credit for the course. This section does not govern the transfer of credits for students transferring into the District.

#### Substitutions for Required Courses

**Vocational or technical education.** A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The Building Principal approves the substitution(s) and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent/guardian requests and approves the substitution(s) in writing on forms provided by the District.

**Registered Apprenticeship Program.** The Superintendent or designee will ensure that the District complies with State law requirements for registered apprenticeship programs. The opportunities and requirements for registered apprenticeship programs contained in this policy will be posted on the District's website, and parents/guardians and students will also be notified of such opportunities in the appropriate school handbook(s).

A student in grades 9-12 who is 16 years or older may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing a registered apprenticeship program if:

1. The registered apprenticeship program meets all criteria contained in State law;
2. The registered apprenticeship program is listed by the District, or the student identifies a registered (but not listed) apprenticeship program with a business or organization if one is not offered in the District;
3. The student enrolled in a registered apprenticeship program has the opportunity to earn post-secondary credit toward a certificate or degrees, as applicable;
4. The student's parent/guardian requests and approves the substitution(s) in writing on forms provided by the District and on its website;
5. The Building Principal approves the substitution(s); and
6. All non-academic requirements mandated by the School Code for high school graduation that would otherwise prohibit or prevent the student from participating in the registered apprenticeship program are waived.

**Advanced placement computer science.** The advanced placement computer science course is equivalent to a high school mathematics course. A student in grades 9-12 may substitute the advanced placement computer science course for one year of mathematics, in accordance with Section 27-22 of the School Code. The transcript of a student who completes the advanced placement computer science course will state that it qualifies as a mathematics-based, quantitative course.

**Substitutions for physical education.** A student in grades 9-12, unless otherwise stated, may submit a written request to the Building Principal to be excused from physical education courses for the reasons stated below. The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate.

1. Ongoing participation in a marching band program for credit;
2. Enrollment in Reserve Officer's Training Corps (ROTC) program sponsored by the District;
3. Ongoing participation in an *interscholastic* or *extracurricular athletic program*;
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

A student who is eligible for special education may be excused from physical education courses pursuant to 7:260, *Exemption from Physical Education*.

**Volunteer service credit.** A student participating in the District's Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. The amount of

credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.

### Re-Entering Students

Individuals younger than 21 years of age may re-enter high school to acquire a high school diploma or an equivalency certificate, subject to the limitations in Board policy 7:50, *School Admissions and Student Transfers To and From Non-District Schools*. Re-entering students may obtain credit through the successful completion of the following (not all of these may be available at any one time):

1. District courses
2. Non-District experiences described in this policy
3. Classes in a program established under Section 10-22.20 of the School Code, in accordance with the standards established by the Illinois Community College Board
4. Proficiency testing, correspondence courses, life experiences, and other nonformal educational endeavors

### **High School Credit for Students in Grade 7 or 8**

The Superintendent or designee may investigate, coordinate, and implement a program for students in grades 7 and 8 to enroll in a course required for a high school diploma.

*[The next two paragraphs are only for unit and high school districts; the final paragraph is only for elementary districts.]*

If a program is available, students in grades 7 and 8 may enroll in a course required for a high school diploma when the course is offered by the high school that the elementary student would attend and either of the following is satisfied: (1) the student participates in the course at the high school and the elementary student's enrollment in the course would not prevent a high school student from being able to enroll, or (2) the student participates in the course where the student attends school as long as the course is taught by a teacher who holds a professional educator license with an endorsement for the grade level and content area of the course.

A student who successfully completes a course required for a high school diploma while in grades 7 and 8 shall receive academic credit for the course. That academic credit shall satisfy the requirements of Section 27-22 of the School Code for purposes of receiving a high school diploma, unless evidence about the course's rigor and content show that the course did not address the relevant Illinois learning standard at the level appropriate for the high school grade during which the course is usually taken. The student's grade in the course shall also be included in the student's grade point average.

*[Elementary school districts only]*

If a program is available, students in grades 7 and 8 may enroll in a course required for a high school diploma. Students in grades 7 and 8 who successfully complete a course required for a high school diploma will receive academic credit if permitted by, and in accordance with, the policy of the district where the elementary student will attend high school.

### High School Credit for Proficiency

#### Proficiency Credits

Subject to the limitations in this policy and State law, the Superintendent or designee is authorized to establish and approve a program for granting credit for proficiency with the goal of allowing a student who would not benefit from a course because the student is proficient in the subject area to receive credit without having to take the course. A student who demonstrates competency under this program will receive course credit for the applicable course and be excused from any requirement to take the course as a graduation prerequisite. No letter grade will be given for purposes of the student's cumulative grade point average. The Superintendent or designee shall notify students of the availability of and requirements for receiving proficiency credit.

Proficiency credit will be offered in the following subject areas:

*Foreign language* - A student is eligible to receive one year of foreign language credit if the student has graduated from an accredited elementary school and can demonstrate proficiency, according to this District's academic criteria, in a language other than English. A student who demonstrates proficiency in American Sign Language is deemed proficient in a foreign language and will receive one year of foreign language credit. A student who studied a foreign language in an approved ethnic school program is eligible to receive appropriate credit according to the level of proficiency reached; the student may be required to take a proficiency examination.

*Other proficiency testing* - The program for granting credit for proficiency may allow, as the Superintendent deems appropriate, course credit to be awarded on the basis of a local examination to a student who has achieved the necessary proficiency through independent study or work taken in or through another institution. Proficiency testing may also be used to determine eligible credit for other subjects whenever students enter from non-graded schools, non-recognized or non-accredited schools, or were in a home-schooling program.

### **Student Testing and Assessment Program**

The District student assessment program provides information for determining individual student achievement and instructional needs, curriculum and instruction effectiveness, and school performance measured against District student learning objectives and statewide norms.

The Superintendent or designee shall manage the student assessment program that, at a minimum:

1. Administers to students all standardized assessments required by the Ill. State Board of Education (ISBE) and/or any other appropriate assessment methods and instruments, including norm and criterion-referenced achievement tests, aptitude tests, proficiency tests, and teacher-developed tests.
2. Informs students of the timelines and procedures applicable to their participation in every State assessment.
3. Provides each student's parents/guardians with the results or scores of each State assessment and an evaluation of the student's progress. See policy 6:280, *Grading and Promotion*.
4. Utilizes professional testing practices.

Overall student assessment data on tests required by State law will be aggregated by the District and reported, along with other information, on the District's annual report card. All reliable assessments administered by the District and scored by entities outside of the District must be (1) reported to ISBE on its form by the 30th day of each school year, and (2) made publicly available to parents/guardians of students. Board policy 7:340, *Student Records*, and its implementing procedures govern recordkeeping and access issues.
