Equal Educational Opportunities

Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, national origin, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, military status, unfavorable military discharge, reproductive health decisions, or actual or potential marital or parental status, including pregnancy. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities under Board policy 8:20, *Community Use of School Facilities*. Any student may file a discrimination complaint by using Board policy 2:260, *Uniform Grievance Procedure*, or in the case of discrimination on the basis of race, color, or national origin, Board policy 2:270, *Discrimination and Harassment on the Basis of Race, Color, and National Origin Prohibited*.

Sex Equity

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student may file a sex equity complaint by using Board policy 2:260, *Uniform Grievance Procedure*. A student may appeal the Board's resolution of the complaint to the Regional Superintendent (pursuant to 105 ILCS 5/3-10) and, thereafter, to the State Superintendent of Education (pursuant to 105 ILCS 5/2-3.8).

Any student may file a sexual harassment complaint by using Board policy 2:265, *Title IX Grievance Procedure*.

Administrative Implementation

The Superintendent shall appoint a Nondiscrimination Coordinator and a Title IX Coordinator. The Superintendent and Building Principal shall use reasonable measures to inform staff members and students of this policy and related grievance procedures.

Administrative Procedure - Accommodating Transgender, Nonbinary, or Gender Nonconforming Students

This procedure's accommodation and support guidelines advance the District's goals of: (1) providing all students equal access to a safe, non-hostile learning environment, and (2) implementing risk management controls in a developing and unsettled area of the law in which the federal Dept. of Education's Office for Civil Rights (OCR) and Dept. of Justice (DOJ) have issued guidance.

While there is no mandate requiring procedures for accommodating transgender, nonbinary, and gender nonconforming students, this procedure guides school officials through the: (1) application of State and federal anti-discrimination laws to this student population, and (2) common needs for which transgender, nonbinary, or gender nonconforming students may request accommodations and support at school. This procedure applies to all school activities, school-provided transportation, and school-sponsored events regardless of where they occur.

The Building Principal, Nondiscrimination Coordinator, Title IX Coordinator, and/or Complaint Manager, with input from others as appropriate, will implement this procedure. They will work with each transgender, nonbinary, or gender nonconforming student, and as appropriate with the student's parent(s)/guardian(s), to manage a student's accommodations and supports on a case-by-case basis. The Board Attorney will be consulted concerning legal compliance.

Gender-Based Discrimination Is Prohibited

School districts must provide equal educational opportunities to transgender, nonbinary, and gender nonconforming students. Under State law, *sex discrimination* extends to claims of discrimination based on *sexual orientation* and *gender identity*. 775 ILCS 5/1-103(O-1); 775 ILCS 5/5-101(11); 23 Ill.Admin.Code §1.240. The Ill. Human Rights Act (IHRA) defines *sexual orientation* as the "actual or perceived heterosexuality, homosexuality, bisexuality, or gender related identity, whether or not traditionally associated with the person's designated sex at birth." 775 ILCS 5/1-103(O-1). IHRA permits schools to maintain single-sex facilities that are distinctly private in nature, e.g., restrooms and locker rooms. 775 ILCS 5/5-103.

Federal law prohibits exclusion and discrimination on the basis of *sex*. 20 U.S.C. §1681(a), Title IX of the Education Amendments of 1972 (Title IX). The U.S. Dept. of Education has taken varying positions on the application of Title IX to transgender or gender nonconforming students depending upon the administration in power. However, the Seventh Circuit U.S. Court of Appeals (which has jurisdiction over the State of Illinois) has ruled that a school's practice of denying a transgender student access to the bathroom that aligned with his gender identity violated Title IX because it was a sex-based classification. See Whitaker by Whitaker v. Kenosha Unified Sch. Dist. No. 1 Bd. of Educ., 858 F.3d 1034 (7th Cir. 2017); A.C. v. Metropolitan Sch. Dist. of Martinsville, 45 F.4th 760 (7th Cir. 2023), *cert. denied*, 2024 WL 156480 (2024).

Board policy 7:10, *Equal Educational Opportunities*, recognizes the legal requirements described above. This procedure's guidance on accommodating transgender, nonbinary, or gender nonconforming students is based on non-regulatory guidance from the Ill. State Board of Education (ISBE) and the Ill. Dept. of Human Rights (IDHR), as well as OCR pronouncements. See the last section, **Resources**.

Gender-Based Discrimination, Harassment, and/or Bullying Prohibited

The laws prohibiting gender discrimination require the District to protect transgender, nonbinary, and gender nonconforming students from sex discrimination, sex-based harassment, and bullying by other students. Under Title IX, a school district is responsible for damages suffered by a student who was the victim of prohibited

sexual harassment: unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's educational program or activity. 34 C.F.R. §106.30(a). Board policy 2:265, *Title IX Grievance Procedure*, and its accompanying procedures are used to address sexual harassment as defined in Title IX.

The School Code prohibits bullying on the basis of actual or perceived sexual orientation, gender-related identity or expression, and/or association with a person or group with one of the aforementioned actual or perceived characteristics. 105 ILCS 5/27-23.7(a). The Board policy on bullying and the District's suite of bullying prevention materials are used to address and resolve peer bullying and harassment of transgender or gender nonconforming students. See Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*.

Terminology and Definitions

The District uses the following terms and definitions when discussing accommodations for a transgender, nonbinary, or gender nonconforming student (from the *Arcadia Resolution Agreement*, 7-24-13, at: www.justice.gov/crt/about/edu/documents/arcadiaagree.pdf and ISBE Non-Regulatory Guidance, *Supporting Transgender, Nonbinary and Gender Nonconforming Students*, at: www.isbe.net/supportallstudents). **Note:** Definitions are not intended to label students, but rather to assist with understanding.

Gender-based discrimination – a form of sex discrimination, refers to differential treatment or harassment of a student based on the student's sex, including gender identity, gender expression, and nonconformity with gender stereotypes, that results in the denial or limitation of education services, benefits, or opportunities. Conduct may constitute gender-based discrimination regardless of the actual or perceived sex, gender identity, or sexual orientation of the persons experiencing or engaging in the conduct.

Sex assigned at birth or *assigned sex* – a label a person is given at birth, often based on a medical professional's interpretation of the newborn's physical characteristics. Common examples may be *male* or *female*. This is typically the sex reflected on one's original birth certificate.

Gender expression – an individual's characteristics and behaviors such as appearance, dress, grooming, mannerisms, voice or speech patterns, activities, and social interactions that are perceived as masculine, feminine, both, or neither.

Gender identity – a person's internal, deeply held sense or psychological knowledge of their own gender that can include being female, male, another gender, nonbinary, gender nonconforming, or no gender, and is unrelated to the person's sex assigned at birth. Gender identity is an innate part of a person's identity, and the responsibility for determining an individual's gender identity rests with the individual. Unlike gender expression, gender identity is not visible to others.

Nonbinary – a term used to describe people whose gender identity is not exclusively male or female, including those who identify as a gender other than male or female, as more than one gender, or as no gender.

Transgender – an individual whose gender identity is different from the individual's assigned sex at birth. Being transgender is not dependent on appearance, body parts, or medical procedures. Transgender can also be used as an umbrella term that encompasses diversity of gender identities and expressions. For purposes of this procedure, a *transgender student* is a student who consistently and uniformly asserts a gender identity different from the student's assigned sex, or for whom there is documented legal or medical evidence that the gender identity is sincerely held as part of the student's core identity.

Intersex – a term used for a variety of conditions in which a person is born with a reproductive and/or sexual anatomy that does not seem to fit the typical, binary definitions of female or male. Intersex conditions are not always discernable at birth or the awareness of internal anatomy present at birth may not be known to the person until puberty, if it is known at all. A derogatory term previously used for intersex individuals is *hermaphrodite*.

Gender transition – the process whereby people may change their gender expression, bodies, and/or identity documents to match their gender identity. Transition can be social (changing gender expression, using facilities,

using a different name/pronouns), medical (hormones and/or surgeries), and/or legal (changing name/gender marker on identity documents), and is different for every individual. It is common for gender transition to be an ongoing process and is unique to each person.

Gender stereotypes – stereotypical notions of masculinity and femininity, including expectations of how boys or girls represent or communicate one's gender to others, such as behavior, clothing, hairstyles, activities, voice, mannerisms, or body characteristics.

Gender nonconforming or gender expansive – one's gender expression or gender identity that does not conform to traditional, societal, or stereotyped expectations based on the sex assigned at birth. Gender expansive individuals may identify as male, female, some combination of both, or neither.

Gender pronouns – the set of words used to refer to someone without using their name. Common examples include, but are not limited to, "she/her/hers," "he/him/his," "they/them/theirs," and "ze/zir/zirs."

Gender support plan – a document that may be used to create a shared understanding about the way in which a student's gender identity will be accounted for and supported at school.

Facilities – refers to facilities and accommodations used by students at school or during school-sponsored activities and trips, and include, but are not limited to, restrooms, locker rooms, and overnight facilities.

Common Needs for Transgender, Nonbinary, or Gender Nonconforming Students: Accommodations and Supports

The goal of an accommodation is to allow a transgender, nonbinary, or gender nonconforming student to equally participate in educational and extracurricular opportunities. The right of transgender students to accommodations is generally found in legislation (IHRA and Title IX) but has not been fully interpreted by the courts. Determining appropriate accommodations must be made on a case-by-case basis depending upon the needs expressed by the student.

The Superintendent may establish a gender support team that will identify accommodations for a specific student. Those accommodations may be documented in a gender support plan or other written document. The Board Attorney should be consulted and may be invited to be a member of the team.

This following list of possible accommodation considerations is not exhaustive, and each student's request must be managed on a case-by-case basis. A particular student may not be interested in an accommodation for each item listed. This area of law is rapidly evolving. **Seek the Board Attorney's advice concerning the scope and extent of accommodations.**

4. Student privacy and confidentiality
5. Access to gender-segregated areas, e.g., locker rooms and restrooms

8. Gender segregation in other activities, e.g., class discussions and field trips (including any overnight school trips)
9. Communication with a new school about gender-specific accommodations upon transfer or graduation

Training for School Staff Members

Professional development for staff members should include regular opportunities to gain a better understanding of equal educational opportunity laws, gender identity, gender expression, and gender diversity; the development of gender identity in children and adolescents; developmentally appropriate strategies for communicating with students and parents/guardians about issues related to gender identity; gender-affirming approaches to ensuring the safety and support of transgender, nonbinary, and gender nonconforming students; developmentally appropriate strategies for preventing and intervening in bullying incidents; and Board policies regarding equal educational opportunities, bullying, discrimination, and student privacy.

Any third party who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be addressed in accordance with the authority of the Board in the context of the relationship of the third party to the District, e.g., vendor, parent/guardian, invitee, etc. Any District student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action, including but not limited to, suspension and expulsion consistent with the behavior policy. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to disciplinary action.

Retaliation Prohibited

Retaliation against any person for bringing complaints or providing information about harassment is prohibited (see Board policies 2:260, *Uniform Grievance Procedure*, 2:265, *Title IX Grievance Procedure*, and 2:270, *Discrimination and Harassment on the Basis of Race, Color, and National Origin Prohibited*).

Student Assignment and Intra-District Transfer

Attendance Areas

The School District is divided into school attendance areas. The Superintendent will:

1. Review the boundary lines annually and recommend to the School Board any changes or revisions for existing units; or
2. Create new units using a lens that considers preventing segregation and the elimination of separating students in the District's schools because of color, race, or nationality.

The Superintendent or designee shall maintain a map of the District showing current school attendance areas. All records pertaining to the creation, alteration, or revision of attendance units are open to the public. Students living in a given school attendance area will be assigned to that school. Homeless children shall be assigned according to policy 6:140, *Education of Homeless Children*.

Transfers Within the District

A student's parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. A request should be directed to the Superintendent, who, at his or her sole discretion, may grant the request when the parent(s)/guardian(s) demonstrate that the student could be better accommodated at another school, provided space is available. If a request is granted, the parent/guardian shall be responsible for transportation. The provisions in this section have no applicability to transfers pursuant to the Unsafe School Choice Option covered in Board policy 4:170, *Safety*.

Class Assignments

The Superintendent or designee shall assign students to classes.

Nonpublic School Students, Including Parochial and Home-Schooled Students

Part-Time Attendance

The District accepts nonpublic school students, including parochial and home-schooled students, who live within the District for part-time attendance in the District's regular education program on a space-available basis. Requests for part-time attendance must be submitted to the Building Principal of the school in the school attendance area where the student resides. All requests for attendance in the following school year must be submitted before May 1.

A student accepted for partial enrollment must comply with all discipline and attendance requirements established by the school. He or she may participate in any co-curricular activity associated with a District class in which he or she is enrolled. The parent(s)/guardian(s) of a student accepted for partial enrollment must pay all fees, pro-rated on the basis of a percentage of full-time fees. Transportation to and/or from school is provided on regular bus routes to or from a point on the route nearest or most easily accessible to the nonpublic school or student's home. This transportation shall be on the same basis as the District provides transportation for its full-time students. Transportation on other than established bus routes is the responsibility of the parent(s)/guardian(s).

Students with a Disability

The District accepts for part-time attendance those children for whom it has been determined that special education services are needed, are enrolled in nonpublic schools, and otherwise qualify for enrollment in the District. Requests must be submitted by the student's parent/guardian. Special educational services shall be provided to such students as soon as possible after identification, evaluation, and placement procedures provided by State law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for such students shall be provided only if required in the child's Individualized Educational Program on the basis of the child's disabling condition or as the special education program location may require.

Extracurricular Activities, Including Interscholastic Competition

A nonpublic school student is eligible to participate in: (1) interscholastic competition, provided his or her participation adheres to the regulations established by any association in which the District maintains a membership, and (2) non-athletic extracurricular activities, provided the student attends a District school for at least one-half of the regular school day, excluding lunch. A nonpublic student who participates in an extracurricular activity is subject to all policies, regulations, and rules that are applicable to other participants in the activity.

Assignment When Enrolling Full-Time in a District School

Grade placement by, and academic credits earned at, a nonpublic school will be accepted if the school has a Certificate of Nonpublic School Recognition from the Ill. State Board of Education, or, if outside Illinois, if the school is accredited by the state agency governing education.

A student who, after receiving instruction in a non-recognized or non-accredited school, enrolls in the District will: (1) be assigned to a grade level according to academic proficiency, and/or (2) have academic credits recognized by the District if the student demonstrates appropriate academic proficiency to the school administration. Any portion of a student's transcript relating to such instruction will not be considered for placement on the honor roll or computation in class rank.

Notwithstanding the above, recognition of grade placement and academic credits awarded by a nonpublic school is at the sole discretion of the District. All school and class assignments will be made according to Board policy 7:30, *Student Assignment and Intra-District Transfer*, as well as administrative procedures implementing this policy.

School Admissions and Student Transfers To and From Non-District Schools

Age [Elementary or Unit Districts only]

To be eligible for admission, a child must be five years old on or before September 1 of that school term. A child entering first grade must be six years of age on or before September 1 of that school term. Based upon an assessment of a child's readiness to attend school, the District may permit him or her to attend school prior to these dates. A child will also be allowed to attend first grade based upon an assessment of his or her readiness if he or she attended a non-public preschool, continued his or her education at that school through kindergarten, was taught in kindergarten by an appropriately licensed teacher, and will be six years old on or before December 31. A child with exceptional needs who qualifies for special education services is eligible for admission at three years of age. Early entrance to kindergarten or first grade may also be available through Board policy 6:135, *Accelerated Placement Program*.

Admission Procedure

All students must register for school each year on the dates and at the place designated by the Superintendent. Parents/guardians of students enrolling in the District for the first time must present:

1. A certified copy of the student's birth certificate. If a birth certificate is not presented, the Superintendent or designee shall notify in writing the person enrolling the student that within 30 days he or she must provide a certified copy of the student's birth certificate. A student will be enrolled without a birth certificate. When a certified copy of the birth certificate is presented, the school shall promptly make a copy for its records, place the copy in the student's permanent record, and return the certified copy to the person enrolling the child. If a person enrolling a student fails to provide a certified copy of the student's birth certificate, the Superintendent or designee shall immediately notify the local law enforcement agency, and shall also notify the person enrolling the student in writing that, unless he or she complies within ten days, the case will be referred to the local law enforcement authority for investigation. If compliance is not obtained within that ten-day period, the Superintendent or designee shall so refer the case. The Superintendent or designee shall immediately report to the local law enforcement authority any material received pursuant to this paragraph that appears inaccurate or suspicious in form or content.
2. Proof of residence, as required by Board policy 7:60, *Residence*.
3. Proof of disease immunization or detection and the required physical examination, as required by State law and Board policy 7:100, *Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students*.

The individual enrolling a student shall be given the opportunity to voluntarily state whether the student has a parent or guardian who is a member of a branch of the U.S. Armed Forces and who is either deployed to active duty or expects to be deployed to active duty during the school year. Students who are children of active duty military personnel transferring will be allowed to enter: (a) the same grade level in which they studied at the school from which they transferred, if the transfer occurs during the District's school year, or (b) the grade level following the last grade completed.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required for enrollment. Board policy 6:140, *Education of Homeless Children*, and its implementing administrative procedure, govern the enrollment of homeless children.

Foster Care Students

The Superintendent will appoint at least one employee to act as a liaison to facilitate the enrollment and transfer of records of students in the legal custody of the Ill. Dept. of Children and Family Services (DCFS) when enrolling in or changing schools. The District's liaison ensures that DCFS' Office of Education and Transition Services receives all written notices and records pertaining to students in the legal custody of DCFS as required by State law.

Student Transfers To and From Non-District Schools

A student may transfer into or out of the District according to State law and procedures developed by the Superintendent or designee. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this or any other state, before being admitted into the School District.

Foreign Students [*High School or Unit Districts only*]

The District accepts foreign exchange students with a J-1 visa and who reside within the District as participants in an exchange program sponsored by organizations screened by administration. Exchange students on a J-1 visa are not required to pay tuition.

Privately sponsored exchange students on an F-1 visa may be enrolled if an adult resident of the District has temporary guardianship, and the student lives in the home of that guardian. Exchange students on an F-1 visa are required to pay tuition at the established District rate. F-1 visa student admission is limited to high schools, and attendance may not exceed 12 months.

The Board may limit the number of exchange students admitted in any given year. Exchange students must comply with District immunization requirements. Once admitted, exchange students become subject to all District policies and regulations governing students.

Re-enrollment [*High School or Unit Districts only*]

Re-enrollment shall be denied to any individual 19 years of age or above who has dropped out of school and who could not earn sufficient credits during the normal school year(s) to graduate before his or her 21st birthday. However, at the Superintendent's or designee's discretion and depending on program availability, the individual may be enrolled in a graduation incentives program established under 105 ILCS 5/26-16 or an alternative learning opportunities program established under 105 ILCS 5/13B-1 (see 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*). Before being denied re-enrollment, the District will offer the individual due process as required in cases of expulsion under policy 7:210, *Expulsion Procedures*. A person denied re-enrollment will be offered counseling and be directed to alternative educational programs, including adult education programs that lead to graduation or receipt of a GED diploma. This section does not apply to students eligible for special education under the Individuals with Disabilities Education Improvement Act or accommodation plans under the Rehabilitation Act, Section 504.

Students

Residence

Resident Students

Only students who are residents of the District may attend a District school without a tuition charge, except as otherwise provided below or in State law. A student's residence is the same as the person who has legal custody of the student.

A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a signed statement, stating: (a) that he or she has assumed and exercises legal responsibility for the child, (b) the reason the child lives with him or her, other than to receive an education in the District, and (c) that he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency. If the District knows the current address of the child's natural or adoptive parent, the District shall request in writing that the person complete a signed statement or affidavit stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition.

When a student's change of residence is due to the military service obligation of the student's legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian made a written request. The District, however, is not responsible for the student's transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District, but will be living within the District within six months after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition.

Residence of Students with Disabilities

The residence of a child with a disability is determined in accordance with 105 ILCS 5/14-1.11, 5/14-1.11a, and 5/14-1.11b.

Requests for Nonresident Student Admission

Nonresident students may attend District schools upon the approval of a request submitted by the student's parent(s)/guardian(s) for nonresident admission. The Superintendent may approve the request subject to the following:

1. The student will attend on a year-to-year basis. Approval for any one year is not authorization to attend a following year.
2. The student will be accepted only if there is sufficient room.
3. The student's parent(s)/guardian(s) will be charged the maximum amount of tuition as allowed by State law.
4. The student's parent(s)/guardian(s) will be responsible for transporting the student to and from school.

Admission of Nonresident Students Pursuant to an Agreement or Order

Nonresident students may attend District schools pursuant to:

1. A written agreement with an adjacent school district to provide for tuition-free attendance by a student of that district, provided both the Superintendent or designee and the adjacent district determine that the student's health and safety will be served by such attendance.
2. A written agreement with cultural exchange organizations and institutions supported by charity to provide for tuition-free attendance by foreign exchange students and nonresident pupils of charitable institutions.
3. According to an intergovernmental agreement, including, but not limited to, an agreement for interdistrict transfer of students who are parents, expectant parents, or victims of domestic or sexual violence under 105 ILCS 5/26A.
4. Whenever any State or federal law or a court order mandates the acceptance of a nonresident student.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required to establish residency. School Board policy 6:140, *Education of Homeless Children*, and its implementing administrative procedure, govern the enrollment of homeless children.

Challenging a Student's Residence Status

If the Superintendent or designee determines that a student attending school on a tuition-free basis is a nonresident of the District for whom tuition is required to be charged, he or she on behalf of the School Board shall notify the person who enrolled the student of the tuition amount that is due. The notice shall detail the specific reasons why the Board believes that the student is a nonresident of the District and shall be given by certified mail, return receipt requested. The person who enrolled the student may challenge this determination and request a hearing as provided by the School Code, 105 ILCS 5/10-20.12b.

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness (including mental or behavioral health of the student), attendance at a verified medical or therapeutic appointment (including a victim services provider), observance of a religious holiday, death in the immediate family, attendance at a civic event, family emergency, other situations beyond the control of the student as determined by the Board, voting pursuant to Board policy 7:90, *Release During School Hours* (10 ILCS 5/7-42 and 5/17-15), other circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, or other reason as approved by the Superintendent or designee. For students who are parents, expectant parents, or victims of domestic or sexual violence, valid cause for absence also includes the fulfillment of a parenting responsibility and addressing circumstances resulting from domestic or sexual violence. Students absent for a valid cause may make up missed homework and classwork assignments in a reasonable timeframe.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with the School Code and School Board policy. The program shall include but not be limited to:

1. A protocol for excusing a student from attendance who is necessarily and lawfully employed. The Superintendent or designee is authorized to determine when the student's absence is justified.
2. A protocol for excusing a student in grades 6 through 12 from attendance to sound *Taps* at a military honors funeral held in Illinois for a deceased veteran.
3. A protocol for excusing a student from attendance on a particular day(s) or at a particular time of day when his/her parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings.
4. A process to telephone, within two hours after the first class, the parents/guardians of students in grade 8 or below who are absent without prior parent/guardian notification.
5. A process to identify and track students who are truant, chronic or habitual truant, or truant minors as defined in 105 ILCS 5/26-2a.

6. A description of diagnostic procedures for identifying the cause(s) of a student's unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information about the reasons for the student's attendance problem.
 7. The identification of supportive services that may be offered to truant, chronically truant, or chronically absent students, including parent-teacher conferences, student and/or family counseling, and information about available community services relevant to such students' needs. See Board policy 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*.

 - a. Determine what systems of support and resources are needed to engage chronically absent students and their families, and
 - b. Encourage the habit of daily attendance and promote success.
 9. Reasonable efforts to provide ongoing professional development to all school personnel, Board members, and school resource officers on the appropriate and available supportive services for the promotion of student attendance and engagement.
 10. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Regional Office of Education, if truancy continues after supportive services have been offered.
 11. A protocol for cooperating with non-District agencies including County or municipal authorities, the Regional Superintendent, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, *Student Records*, as well as State and federal law concerning school student records.
 12. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a truant minor for his or her truancy unless available supportive services and other school resources have been provided to the student.
 13. The criteria to determine whether a student's non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies.

Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students

Required Health Examinations and Immunizations

A student's parents/guardians shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

Proof of immunization against meningococcal disease is required for students in grades 6 and 12.

As required by State law:

1. Health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice registered nurse, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.
2. A diabetes screening is a required part of each health examination; diabetes testing is not required.
3. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.
4. Before admission and in conjunction with required physical examinations, parents/guardians of children between the ages of one and seven years must provide a statement from a physician that their child was *risk-assessed* or screened for lead poisoning.
5. The IDPH will provide all students entering sixth grade and their parents/guardians information about the link between human papillomavirus (HPV) and HPV-related cancers and the availability of the HPV vaccine.
6. The District will provide informational materials regarding influenza and influenza vaccinations developed, provided, or approved by the IDPH when it provides information on immunizations, infectious diseases, medications, or other school health issues to students' parents/guardians.

Unless an exemption or extension applies, the failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after October 15 of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice registered nurse, physician assistant, or local health department responsible for administering the immunizations.

A student transferring from out-of-state who does not have the required proof of immunizations by October 15 may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the required proof of vaccination is not

submitted within 30 days after the student is permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted.

Eye Examination

Parents/guardians are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parents/guardians of students entering kindergarten or an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the school. A physician licensed to practice medicine in all of its branches, or a licensed optometrist, must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parents/guardians are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

Dental Examination

All children in kindergarten and the second, sixth, and ninth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a child in the second, sixth, or ninth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parents/guardians are notified of this dental examination requirement at least 60 days before May 15 of each school year.

Exemptions

In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for:

1. Religious grounds, if the student's parents/guardians present the IDPH's Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parents/guardians of exclusion procedures pursuant to Board policy 7:280, *Communicable and Chronic Infectious Disease*, and State rules if there is an outbreak of one or more diseases from which the student is not protected.
2. Health examination or immunization requirements on medical grounds, if the examining physician, advanced practice registered nurse, or physician assistant provides written verification.
3. Eye examination requirement, if the student's parents/guardians show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.

Student Rights and Responsibilities

All students are entitled to enjoy the rights protected by the U.S. and Illinois Constitutions and laws for persons of their age and maturity in a school setting. Students should exercise these rights reasonably and avoid violating the rights of others. Students who violate the rights of others or violate District policies or rules will be subject to disciplinary measures.

Students may, during the school day, during noninstructional time, voluntarily engage in individually or collectively initiated, non-disruptive prayer or religious-based meetings that, consistent with the Free Exercise and Establishment Clauses of the U.S. and Illinois Constitutions, are not sponsored, promoted, or endorsed in any manner by the school or any school employee. *Noninstructional time* means time set aside by a school before actual classroom instruction begins or after actual classroom instruction ends.

Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left on School Property by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a licensed employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be

required to share the content that is reported in order to allow school officials to make a factual determination.

Exhibit - Letter to Parents/Guardians Regarding the Right to Privacy in the School Setting Act

On District letterhead

Re: When may school officials require a student to share the content from his or her account or profile on a social networking website?

Dear Parents/Guardians:

State law requires the District to notify students and their parents/guardians of each of the following:

1. School officials may not request or require a student or his or her parents/guardians to provide a password or other related account information to gain access to the student's account or profile on a social networking website. Examples of *social networking websites and platforms* include Facebook, Instagram, X, TikTok, and Snapchat.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school behavior rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Please contact the school if you have any questions.

Administrative Procedure - Use of Metal Detectors and Searches for Student Safety

Nothing in this procedure shall limit the authority of school officials to search a student in accordance with policy 7:140, *Search and Seizure*. All property removed as a result of this procedure that may be legitimately brought onto District property will be returned to the individual. Property removed from a student, possession of which violates Board policy, shall be confiscated and the student disciplined in accordance with Board policy.

Students who fail to cooperate with school personnel performing their duties may be subject to discipline for insubordination. Individuals who fail to cooperate will be asked to leave District property.

Metal Detectors

Metal detectors may be used when any one of the following occurs: (1) the administration has reasonable suspicion that a weapon is in the possession of unidentified students, (2) weapons or dangerous objects were found at school, on school property, or in the vicinity of a school, (3) violence involving weapons has occurred at a school or on school property, at school functions, or in a school's vicinity, or (4) a mass search takes place according to the District's standards for when and how metal detector searches are to be conducted. The Building Principal shall obtain the Superintendent's permission before using a metal detector. The reasons supporting the use of a metal detector shall be documented.

Signs will be posted to inform individuals that they will be required to submit to a screening for metal as a condition of entering District property. The screening will be conducted by District staff who may be assisted by law enforcement officials.

An individual will be asked to remove metal objects from his or her person prior to use of a metal detecting device. If, after the removal of metal objects, the metal detector activates, the individual will be asked to double-check that he/she removed all metal objects on his or her person, and the metal detecting device will be used again. If the metal detector activates a second time, the individual may be subjected to a *pat-down* search.

School personnel may inspect the contents of any briefcase, knapsack, purse, or parcel that activates the metal detector for the limited purpose of determining whether a weapon is concealed therein.

Pat-Down Search

When feasible, a pat-down search should be conducted: (1) outside the view of others, including students; (2) in the presence of a school administrator or adult witness; and (3) by a certificated employee or liaison police officer of the same sex as the student.

A pat-down search conducted by school personnel shall be limited to clothing for the purpose of discovering items that may have activated the metal detecting device. If school personnel conducting a pat-down search feel an object that may have activated the metal detecting device or may be other prohibited contraband, the individual will be asked to remove it.

Immediately following a pat-down search, a written report shall be made by the school authority who conducted the pat-down search and given to the Superintendent.

Agency and Law Enforcement Requests

The District recognizes the right of every student to equal access to a free public education under State and federal law, consistent with Board policy 7:10, *Equal Educational Opportunities*. District administrators and staff stand *in loco parentis* when government agency and law enforcement authority requests occur at school.

Federal and State Law Requirements Regarding Citizenship and Immigration Status in Schools

No student shall be denied an education based on the student's, or their parent's/guardian's, actual or perceived citizenship or immigration status. Based on such status, the District will not:

1. Exclude a student from participating in, or deny them the benefits of, any District program or activity.
2. Use policies or procedures or engage in practices that have the effect of excluding a student from participating in or denying the benefits of any District program or activity.
3. Use policies or procedures or engage in practices that have the effect of excluding participation of a student's parent(s)/guardian(s) from District parental engagement activities or programs.
4. Threaten to disclose information related to the actual or perceived citizenship or immigration status of a student or a person associated with the student to any other person, entity, or immigration or law enforcement agency.
5. Disclose information related to the perceived citizenship or immigration status of a student or a person associated with the student to any other person, entity, or immigration or law enforcement agency if the District does not have direct knowledge of the student's or associated person's actual citizenship or immigration status, subject to the requirements in 105 ILCS 5/22-105(c)(3).
6. Disclose information related to the actual citizenship or immigration status of a student or a person associated with the student to any other person or nongovernmental entity if the District has direct knowledge of the student's or associated person's actual citizenship status, subject to the requirements in 105 ILCS 5/22-105(c)(3).

State law does not prohibit or restrict the District from sending or receiving information about the citizenship or immigration status of an individual to or from the U.S. Dept. of Homeland Security or any other governmental entity under 8 U.S.C. §§1373 and 1644.

Responding to Agency and Law Enforcement Requests

The Superintendent shall develop procedures to manage requests by government agencies or law enforcement authorities regarding students at school. Procedures will:

1. Recognize individual student rights and privacy.
2. Recognize the potential impact the release of information or an interview may have on an individual student.
3. Minimize potential disruption.
4. Foster a cooperative relationship with government agencies and law enforcement authorities.
5. Maintain discipline and recognize that school employees stand in the relationship of the parents/guardians to the students during the school day.
6. Comply with State law including, but not limited to, ensuring that before a law enforcement agent, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the Superintendent or designee will:

- a. Notify or attempt to notify the student's parent(s)/guardian(s) and document the time and manner in writing;
 - b. Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that school employees (including, but not limited to, a school social worker, psychologist, nurse, counselor, or any other mental health professional) are present during the questioning; and
 - c. If practicable, make reasonable efforts to ensure a trained law enforcement officer to promote safe interactions and communications with the student is present during questioning.
7. Manage reviewing and authorizing requests from law enforcement agents attempting to enter a school or school facility, in accordance with the requirements of 105 ILCS 5/22-105(c)(4).

Administrative Procedure - Managing Agency and Law Enforcement Requests

The District responds to all requests from various government agencies and law enforcement authorities regarding access to school property, records, students, and staff. The Board Attorney should be consulted, as needed, regarding the legal requirements presented by this administrative procedure.

The Ill. Council of School Attorneys, with participation from the DuPage County State's Attorney's Office and Regional Superintendent of Schools, developed *Guidelines for Interviews of Students at School by Law Enforcement Authorities (ICSA Guidelines)* to assist law enforcement authorities and school officials in determining when it is appropriate for law enforcement authorities or the Ill. Dept. of Children and Family Services to interview students at school or while participating in school-related activities. The document is available at: www.iasb.com/policy-services-and-school-law/guidance-and-resources/guidelines-for-interviews-of-students/.

Use this procedure to implement 105 ILCS 5/22-105(c)(4), added by P.A. 104-288, eff. 1-1-26, for reviewing and authorizing requests from government agencies and/or law enforcement authorities attempting to enter a school or school facility, in particular requests relating to citizenship or immigration status. Use the *ICSA Guidelines* and this procedure in consultation with the Board Attorney to customize the District's response to any agency or law enforcement requests.

The topics outlined in this procedure include: Glossary of Terms; Procedures, Roles, and Responsibilities; and Training.

Student Appearance

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The District does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. The District also does not prohibit the right of a student to wear or accessorize the student's graduation attire with items associated with the student's cultural, ethnic, or religious identity or other characteristic or category protected under the Ill. Human Rights Act, 775 ILCS 5/1-103(Q). Students who disrupt the educational process or compromise standards of health and safety must modify their appearance. School Uniforms

Students are encouraged to wear school uniforms to school on all school attendance days, in order to maintain and promote orderly school functions, student safety, and a positive learning environment. The Building Principal is authorized to designate days on which this uniform policy is relaxed.

The Superintendent or designee shall designate a school-wide uniform after receiving input from school staff members, parents, and interested community members. Students may:

1. Display religious messages on items of clothing to the same extent they are permitted to display other messages;
2. Wear attire that is part of the student's religious practice;
3. Wear or display expressive items, such as a button, as long as such items do not contribute to disruption by substantially interfering with discipline or with the rights of others; and
4. Wear the uniform of a nationally recognized youth organization such as Boy Scouts or Girl Scouts on regular meeting days.

No student shall be denied attendance at school, penalized, or otherwise subject to compliance measures for failing to wear a uniform because of:

1. Personal choice;
2. Insufficient time in which to comply with this policy;
3. Financial hardship;
4. Hairstyles, including hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists;
5. Graduation attire or accessories to graduation attire associated with the student's cultural, ethnic, or religious identity or other characteristic or category protected under the Ill. Human Rights Act, 775 ILCS 5/1-103(Q); or
6. Religious objection by the student's parent/guardian to the student's compliance with this policy or the applicable uniform, if they have provided the Superintendent with a signed statement detailing their objection.

Any student eligible for reduced or free lunches, or for a waiver of student fees, is eligible for financial assistance toward the purchase of school uniforms. The Superintendent or designee shall develop a process for informing parents/guardians of the availability of financial assistance and a method to process financial requests.

No student shall be suspended or expelled from school, or receive a lowered academic grade, because of failing to comply with this policy.

The Superintendent or designee shall develop incentives and positive reinforcement measures to encourage full compliance.

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, order of protection status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any nonschool-related activity, function, or program.

Definitions from 105 ILCS 5/22-110

Artificial intelligence means a machine-based system that, for explicit or implicit objectives, infers, from the input it receives, how to generate outputs such as predictions, content, recommendations, or decisions that can influence physical or virtual environments. *Artificial intelligence* includes generative artificial intelligence.

Bullying includes *cyberbullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, posting or distributing sexually explicit images, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature

transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyberbullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. *Cyberbullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the posting or distribution of an unauthorized digital replica by electronic means if the posting or distribution creates any of the effects enumerated in the definition of *bullying*.

Digital replica means a newly created, electronic representation of the identity of an actual individual created using a computer, algorithm, software, tool, artificial intelligence, or other technology that is fixed in a sound recording or audiovisual work in which that individual did not actually perform or appear and that is so realistic that a reasonable observer would believe it is a performance by the individual being portrayed and no other individual.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school, and (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the Ill. Human Rights Act.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Unauthorized digital replica means the use of a digital replica of an individual without the consent of the depicted individual.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below.

1. The District uses the definition of *bullying* as provided in this policy.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Title IX Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to

make a report about bullying. Anonymous reports are also accepted; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.

1. Consistent with federal and State laws and rules governing student privacy rights, the parents/guardians of all students involved in an alleged incident of bullying will be notified of such, along with threats, suggestions, or instances of self-harm determined to be the result of bullying, within 24 hours after the school's administration is made aware of the student's involvement in the incident. As appropriate, the school's administration shall also discuss the availability of social work services, counseling, school psychological services, other interventions, and restorative measures. The school shall make diligent efforts to notify a parent or legal guardian, utilizing all contact information the school has available or that can be reasonably obtained within the 24-hour period.
2. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
 - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported bullying incident.
 - b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.
 - c. Notifying the Building Principal or school administrator or designee of the reported incident of bullying as soon as possible after the report is received.
 - d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Building Principal or school administrator or

his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

3. The Superintendent or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
4. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. Any person's act of reprisal or retaliation will be subject to disciplinary action, up to and including discharge with regard to employees, or suspension and/or expulsion with regard to students.
5. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, a person who is found to have falsely accused another of bullying, as a means of retaliation, as a means of bullying, or provided false information will be treated as either: (a) *bullying*, (b) student discipline up to and including suspension and/or expulsion, and/or (c) both (a) and (b) for purposes of determining any consequences or other appropriate remedial actions.
6. The District's bullying prevention and response plan is based on the engagement of a range of school stakeholders, including students and parents/guardians.
7. The Superintendent or designee shall post this policy on the District's publicly accessible website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
8. Pursuant to State law and Board policy 2:240, *Board Policy Development*, the Board monitors this policy every two years by conducting a review and re-evaluation of this policy to make any necessary and appropriate revisions. The Superintendent or designee shall assist the Board with its re-evaluation and assessment of this policy's outcomes and effectiveness. Updates to this policy will reflect any necessary and appropriate revisions. This process shall include, without limitation:
 - a. The frequency of victimization;
 - b. Student, staff, and family observations of safety at a school;
 - c. Identification of areas of a school where bullying occurs;
 - d. The types of bullying utilized; and
 - e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. Acceptable documentation to satisfy the re-evaluated policy submission include one of the following:

- i. An updated version of the policy with the amendment/modification date specifying the date of adoption (indicated by month, date, and year) included in the reference portion of the policy;
- ii. If no revisions are deemed necessary, a copy of Board minutes indicating that the policy was re-evaluated and no changes were deemed to be necessary; or
- iii. A signed statement from the Board President indicating that the Board re-evaluated the policy and no changes to it were necessary.

The Superintendent or designee must post the information developed as a result of the policy re-evaluation on the District's website, or if a website is not available, the information must be provided

to school administrators, Board members, school personnel, parents/guardians, and students. Reviews and re-evaluations in years they are due must be submitted to ISBE by September 30.

 - b. 2:265, *Title IX Grievance Procedure*. Any person may use this policy to complain about sexual harassment in violation of Title IX of the Education Amendments of 1972.

 - g. 7:20, *Harassment of Students Prohibited*. This policy prohibits any person from harassing, intimidating, or bullying a student based on an identified actual or perceived characteristic (the list of characteristics in 7:20 is the same as the list in this policy).
 - h. 7:185, *Teen Dating Violence Prohibited*. This policy prohibits teen dating violence on school property, at school sponsored activities, and in vehicles used for school-provided transportation.
 - i. 7:190, *Student Behavior*. This policy prohibits, and provides consequences for, hazing, bullying, or other aggressive behaviors, or urging other students to engage in such conduct.

Administrative Procedure - Prevention, Identification, Investigation, and Response to Bullying

The strategic components for integrating an anti-bullying program into the District's existing policies and procedures are listed below. Each component lists specific implementation steps along with resources and accompanying exhibits. The Superintendent or designee, at the District level, or the Building Principal or designee, at the Building level, is responsible for the integration of these components. Use the local conditions of the community and other available resources to determine the best implementation methods. At times, support from the School Violence Prevention Team (see Board policy 4:190, *Targeted School Violence Prevention Program*) may be appropriate as bullying and threats of school violence often arise from the same behavior pattern(s), i.e., interpersonal aggression.

Preventing Bullying

1. Review 7:180-AP1, E1, *Resource Guide for Bullying Prevention*.
2. Review the Ill. State Board of Education (ISBE) bullying prevention webpage, at: www.isbe.net/Pages/Bullying-Prevention.aspx.
3. Review the Cyberbullying Research Center's Cyberbullying Fact Sheet: Identification, Prevention, and Response, at: <https://cyberbullying.org/cyberbullying-fact-sheet-identification-prevention-and-response>.
4. Assess the District's Conditions for Development and Learning. Below are resources that discuss and provide information about how to implement school climate measurement instruments and how to build a safe environment:

 U.S. Government's StopBullying.gov prevention webpage, at: www.stopbullying.gov/prevention/build-safe-environment.

Identifying Bullying

1. Post 7:180-AP1, E2, *Be a Hero by Reporting Bullying*, in school buildings, student handbooks, online, etc.
2. Train staff to recognize and accept reports of bullying, 7:180-AP1, E3, *Memo to Staff Regarding Bullying*.
3. Inform parents/guardians about the District's anti-bullying program, 7:180-AP1, E4, *Memo to Parents/Guardians Regarding Bullying*.
4. Inform students how to make a report, including an anonymous report, i.e., complete and submit 7:180-AP1, E5, *Report Form for Bullying*.

Investigating Reports of Bullying

1. Within 24 hours after the school administration becomes aware of a student's involvement in an alleged incident of bullying, notify the student's parent(s)/guardian(s) of the incident, along with threats, suggestions, or instances of self-harm determined to be the result of bullying. Utilize all contact information available or that can be reasonably obtained within the 24-hour period.
2. Conduct a prompt, thorough, and impartial investigation upon receiving a report.
3. Review the report, i.e., 7:180-AP1, E5, *Report Form for Bullying*.
4. Interview the listed aggressor(s), target(s), and witnesses using 7:180-AP1, E6, *Interview Form for Bullying Investigation*.

Responding to Bullying

1. Complete 7:180-AP1, E7, *Response to Bullying*.
2. Notify the District's Non-Discrimination Coordinator if the findings indicate that the behavior was based upon the protected statuses listed in Board policy 7:20, *Harassment of Students Prohibited*.
3. Communicate and partner with the parents/guardians of the students involved. Ask parents/guardians, "How can we help you and your child?"
4. Stop the behavior(s).
5. Eliminate any hostile environment(s) and its effects (see **Preventing Bullying** #4, above).
6. Prevent the bullying from happening again.
7. Implement appropriate interventions for the target, aggressor, and District.
8. Address any findings of repeated inaccurate accusations against an alleged aggressor that are beginning to impede his or her education, e.g., reverse bullying.
9. Follow up with the target, aggressor, and their parents/guardians to ensure subsequent bullying has not occurred and no new concerns have arisen.

On District or School Letterhead

Re: Bullying

All staff members:

Please join me in stopping and preventing student bullying in our school. The purpose of this letter is to introduce you to our three-pronged approach that will help accomplish this goal.

First - If a student reports bullying to you, respond immediately and with compassion. Ask for the basic facts (who-what-when-where). Refer the report to my office. Give the student our form for reporting bullying, 7:180-API, E5, *Report Form for Bullying*.

Second - Provide me your feedback and concerns. Do you know of any bullying *hot spots* that need additional supervision or monitoring? Are there known bullies or targets of bullying?

Third - Intervene immediately to stop a bullying incident. When teachers or adults ignore bullying, students interpret it as acceptable behavior. Immediately contact administration and building security or law enforcement if the incident involves a weapon or other illegal activity.

Bullying is defined in School Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*, as follows:

Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

5. Placing the student or students in reasonable fear of harm to the student's or students' person or property.
6. Causing a substantially detrimental effect on the student's or students' physical or mental health.
7. Substantially interfering with the student's or students' academic performance.
8. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

The Board's entire policy may be found on the District's website. Please let me know if you have any questions or concerns.

Sincerely,

Building Principal

Exhibit - Memo to Parents/Guardians Regarding Bullying

On District or School Letterhead

Date

Re: Bullying

Dear Parents/Guardians:

At our school, bullying of any kind, by any person, is unacceptable. All students should be free from worries about being bullied. Students who bully others must be taught other, appropriate ways of interacting with peers. The purpose of this letter is to provide you with information concerning the School District's anti-bullying program and to encourage you to help us identify students who are being bullied.

The School Board policy on bullying begins with this goals statement:

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors is an important District goal.

Bullying is defined as follows:

Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to the student's person or property.
2. Causing a substantially detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's academic performance.
4. Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, intimidation, and/or harassment may take various forms, including without limitation: threats, stalking, physical violence, sexual harassment, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

I asked our school staff members to respond immediately and with compassion to a student who reports bullying or school violence. After evaluating the situation to determine if an immediate referral to my office is needed, a staff member will give the student our form for reporting bullying, 7:180-AP1, E5, *Report Form for Bullying*. I will inform you whenever your child is involved in a bullying report.

I also asked our staff members for their feedback and concerns specifically regarding locations that may be bullying *hot spots* needing additional supervision or monitoring or if there are any known bullies or targets of bullying in our building. I want to ask you to do the same thing. Please inform me if you know of any bullying *hot spots* in or around our school, or if you are aware of a known bully or target of bullying.

Finally, I requested our staff members to intervene immediately to stop a bullying incident. They will immediately contact building security and/- or law enforcement if the incident involves a weapon or other illegal activity.

Below are some of the signs that a young person is being bullied:

- Does not want to go to school and refuses to explain the reason
- Talks about not having any friends
- Has unexplained bruises, cuts, scratches, or abrasions
- Has unexplained damage to clothing, possessions, books, etc.
- Frequently loses money or possessions
- Loses interest in school and/or has declining grades
- Becomes withdrawn and/or has stress or depression symptoms

These signs do not necessarily mean your child is being bullied, but if present, ask your child whether they are being bullied.

Please let me know if you have any questions or concerns.

Sincerely,

Building Principal

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

The Superintendent or designee shall develop and maintain a program to respond to incidents of teen dating violence that:

1. Fully implements and enforces each of the following Board policies:
 - a. 2:260, *Uniform Grievance Procedure*. This policy provides a method for any student, parent/guardian, employee, or community member to file a complaint if he or she believes that the School Board, its employees, or its agents have violated his or her rights under the State or federal Constitution, State or federal statute, Board policy, or various enumerated bases.
 - b. 2:265, *Title IX Grievance Procedure*. This policy prohibits a District employee, agent, or student from engaging in sexual harassment in violation of Title IX of the Education Amendments of 1972. Prohibited conduct includes but is not limited to sexual assault, dating violence, domestic violence, and stalking.
 - c. 7:20, *Harassment of Students Prohibited*. This policy prohibits any person, including a District employee, agent, or student, from harassing, intimidating, or bullying a student based on the student's actual or perceived characteristics of sex; sexual orientation; gender identity; and gender-related identity or expression (this policy includes more protected statuses).
 - d. 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*. This policy prohibits students from engaging in bullying, intimidation, and harassment at school, school-related events and electronically. Prohibited conduct includes threats, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.
2. Encourages anyone with information about incidents of teen dating violence to report them to any of the following individuals:
 - a. Any school staff member. School staff shall respond to incidents of teen dating violence by following the District's established procedures for the prevention, identification, investigation, and response to bullying and school violence.
 - b. The Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, or a Complaint Manager identified in policy 7:20, *Harassment of Students Prohibited*.
3. Incorporates age-appropriate instruction in grades 7 through 12, in accordance with the District's comprehensive health education program in Board policy 6:60, *Curriculum Content*. This includes incorporating student social and emotional development into the District's educational program as required by State law and in alignment with Board policy 6:65, *Student Social and Emotional Development*.
4. Incorporates education for school staff, as recommended by the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, or a Complaint Manager.
5. Notifies students and parents/guardians of this policy.

Exhibit - Memo to Parents/Guardians Regarding Teen Dating Violence

On District or School letterhead

Date

Re: Teen Dating Violence

Dear Parents/Guardians:

At our school, teen dating violence is unacceptable. We are committed to providing our students with a school environment where they can learn free from worries about school violence. The purpose of this letter is to inform you of School Board policy, 7:185, *Teen Dating Violence Prohibited*, which is a component of the District's anti-bullying program.

Research has shown that teen dating violence can form lifelong, unhealthy habits during young adults' formative years. Educating parents/guardians, students, and staff about teen dating violence can help us identify incidents of teen dating violence at school or school-related activities. The Board's policy states that *teen dating violence* occurs whenever a student uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Students in grades 7 through 12 will receive age-appropriate instruction on teen dating violence including its warning signs and prevention. School staff will also receive training on handling the signs and incidents of teen dating violence. I have asked our school staff members to respond immediately and with compassion to a student who reports teen dating violence. After evaluating the situation to determine if an immediate referral to my office is needed, a staff member will give the student our form for reporting bullying, 7:180-API, E5, *Report Form for Bullying*.

Finally, I have directed staff members to intervene immediately to stop incidents of teen dating violence occurring at school. They will proceed under our District's procedures for responding to incidences of bullying and school violence.

Below are some warning signs that your child may be involved in teen dating violence:

- Name-calling and *put-downs*. Does one individual in the relationship call the other person names? Do they use insults to put the other person down?
- Extreme Jealousy. Does one individual in the relationship act overly jealous when the other talks to peers? Does one individual accuse the other of flirting even when it's innocent conversation?
- Making Excuses. Does one individual in the relationship make excuses for the other? Do they have to apologize for the other person's behavior?
- Canceling or changing plans. Does one individual cancel plans often, and at the last minute? Do the reasons make sense or sound untrue?
- Monitoring. Does one individual call, text message, or check up on the other constantly? Do they demand to know the other person's plans or with whom the other person was with?
- Uncontrolled Anger. Have you seen one individual lose his or her temper? Do they throw things – or break things – when angry? Does one individual in the relationship worry a lot about upsetting the other?
- Isolation. Has one individual in the relationship given up spending time with friends? Has that individual stopped doing activities that used to be important?

- **Dramatic Changes.** Have either of the individuals in the relationship had appearance changes? Have they lost or gained weight? Have their grades dropped? Do they seem depressed?
- **Injuries.** Does one individual in the relationship have unexplained injuries, or do they give explanations that don't make sense?
- **Quick Progression.** Did the relationship get serious very quickly?

These signs do not necessarily mean that your child is involved in teen dating violence, but, if present, talk to your child about teen dating violence.

Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 - a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).
 - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
 - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
 - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for

whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under Ashley's Law.

- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
- g. *Look-alike* or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the **Weapons** section of this policy, or violating the **Weapons** section of this policy.
- 5. Using or possessing an electronic paging device.
- 6. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered off or silenced and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP) or Section 504 plan; (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
- 7. *Sexting*, which, for purposes of this policy, is the act of creating, sending, sharing, viewing, receiving, or possessing sexually explicit messages, images, or videos electronically, regardless of whether they are authentic or computer-generated, through the use of a computer, electronic communication device, or cellular phone. Sexting also includes creating, sending, sharing, viewing, receiving, or possessing *indecent visual depictions*, *non-consensual dissemination of private sexual images*, and *non-consensual dissemination of sexually explicit digitized depictions*, as defined in State law.
- 8. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
- 9. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.

10. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, using a writing service and/or generative artificial intelligence technology in place of original work unless specifically authorized by staff, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
11. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
12. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
13. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
14. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
15. Entering school property or a school facility without proper authorization.
16. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
17. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
18. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
19. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
20. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
23. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term possession includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing,

backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), look-alikes, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited in all circumstances. *Corporal punishment* is defined as a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim to halt an offense, prevent its recurrence, or set an example for others. It includes slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as permitted by 105 ILCS 5/10-20.33.

Isolated Time Out, Time Out, and Physical Restraint

Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, Ill. State Board of Education (ISBE) rules (23 Ill.Admin.Code §§ 1.280, 1.285), and the District's procedure(s).

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A *firearm*, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 2012 (720 ILCS 5/24-1).

The Safe Schools Law allows the administrative transfer of *disruptive students*, defined to include suspension or expulsion eligible students in grades 6-12, to an alternative school program. 105 ILCS 5/13A.

The Ill. State Board of Education implements the Safe Schools Law as the Regional Safe Schools Program (RSSP), whose purpose is to increase safety and promote schools' learning environments while also meeting disruptive students' educational needs more appropriately and individually in alternative educational environments. The RSSP is administered by regional offices of education and intermediate service centers. Exhibit - Aggressive Behavior Reporting Letter and Form

Dear Parent(s)/Guardian(s):

Please be advised that your child engaged in behavior that, if repeated, could escalate into aggressive behavior, such as bullying. Illinois law requires school districts to notify the parent or guardian of a child who demonstrated behaviors that put him or her at risk for aggressive behavior.

The School Board policy on student behavior prohibits a student while at school or a school-related activity from: (1) engaging in any kind of bullying or aggressive behavior that causes physical or psychological harm to someone else, and/or (2) urging other students to engage in such conduct.

This early notification is intended to help all of us work together to avoid repetition of the behavior.

A corresponding citation to the Ill. Principals Association **Online Model Student Handbook (MSH)** is also listed, if one exists. Any handbook should be reviewed by the Board Attorney before distribution to ensure that all mandatory notices are included as this Checklist is subject to change without notice. Exhibit - Memorandum of Understanding

Memoranda of Understanding (MOUs) vary by community. This exhibit contains two sample MOUs in two subheads: **General Law Enforcement Memorandum of Understanding (MOU)** and **School Resource Officer (SRO) Memorandum of Understanding (MOU)**. Beginning 7-1-26, an SRO MOU is required for any district that uses an SRO. 105 ILCS 5/10-20.68(a-5), added by P.A. 104-430. Depending upon the needs in the District, each MOU is designed to stand alone or be combined into one MOU.

Use these sample MOUs to develop the District's MOU with (1) assistance from the Board Attorney, (2) careful attention to the footnotes, which provide instructions, information, best practice considerations, and other resources, (3) alignment of their sample language to the District's or its individual school building's local conditions and student discipline needs, (4) careful attention to [INSERT] the requested information and fill boxes and blanks with the information indicated in the final MOU, (5) deletions of all sample language not used from the final MOU, (6) deletions of all footnotes from the final MOU.

A. Introduction

In consideration of the mutual promises, terms, and conditions set forth in the sections below, and for other good and valuable consideration, the receipt and sufficiency of which is hereby expressly acknowledged, this Memorandum of Understanding (MOU) is entered into by [INSERT District's name] (District) and [INSERT Local Law Enforcement Agency's name] (LLEA) on the [INSERT DATES ____ day of ____, 20__].

The District and LLEA agree that they may enter into and participate in joint programs and intergovernmental agreements with units of local government and other school districts to obtain or share services and to exercise, combine, or transfer any power or function, in any manner not prohibited by law or by ordinance (Ill. Constitution, Art. VII, Sec. 10, 5 ILCS 220/1 *et seq.*, and Board Policy 1:20, *District Organization, Operations, and Cooperative Agreements*).

The District is organized and operates as follows:

The District and LLEA further agree to the following sections:

B. Definitions/Acronyms

Memorandum of Understanding (MOU) - Defines a local law enforcement agency's role in schools and describes the respective duties of a school district and local law enforcement agencies (105 ILCS 5/10-20.14(b) encourages school districts to create memoranda of understanding (MOU) with law enforcement agencies). Its purpose is to prevent confusion, decrease conflict, and promote school safety.

D. District Authority Over the Educational Environment

The District has identified the need for a partnership with LLEA. LLEA will partner with District school officials to manage substantially disruptive student behavior and discipline issues. Collaboration between the District and LLEA and respect for the important role each party holds in connection with our community's youth are essential to the success of the mission of both parties. Where it is necessary for LLEA to be present on school property, its employees will conduct themselves according to the District's principles of schooling and interactions with minors, will not knowingly communicate false facts or lie to minors, and will always recognize the responsibility and authority of the District's officials to manage the educational environment and work with them to minimize any impact its actions might have upon that environment. The District's management authority includes the ability to order the LLEA to leave District property immediately.

Both parties recognize that disciplining students is better left for District officials to manage, especially in light of 105 ILCS 5/10-20.14(b). If a student in the District is recommended for prosecution in a court of law, the Team conferences about the most appropriate form of discipline for the student. Final discretion

regarding discipline lies with the District. Final discretion regarding whether to charge an individual with an ordinance, criminal, or traffic violation lies with the LLEA.

E. Identified Needs for Services to Maintain the Educational Environment

LLEA's activities shall align to the District's identified needs for creating and maintaining its educational environment. All services rendered by LLEA for the District shall seek to implement a partnership that creates effective and positive school student discipline that (a) functions in concert with efforts to address school safety and climate; (b) utilizes all appropriate and available behavioral and disciplinary interventions, including restorative measures as defined in 105 ILCS 5/22-110-(b); (c) is clear, consistent, and equitable; and (d) reinforces positive behaviors.

1. The District's identified needs for services from LLEA are each of the following:

- a. When requested, assistance with conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the District for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search produces evidence that the student has violated or is violating either the law, local ordinance, or the District's policies or rules, such evidence may be seized by school authorities and turned over to law enforcement authorities, and disciplinary action may be taken. 105 ILCS 5/10-22.6(e) and 10-22.10a.
- b. Utilization by Building Principals of proper law enforcement agency resources when the safety and welfare of students and teachers are threatened by illegal use of drugs and alcohol, by illegal possession or use of weapons, or by illegal gang activity. 105 ILCS 5/10-21.4a.
- c. Cooperation with the parent-teacher advisory committee to develop policy guideline procedures that establish and maintain a reciprocal reporting system between the District applicable local law enforcement agencies regarding criminal and civil offenses committed by students. 105 ILCS 5/10-20.14(b) and see Board Policy 2:150, *Committees*.
- d. Immediate required reporting to local law enforcement authorities by the superintendent of batteries committed against teachers, teacher personnel, administrative personnel, or educational support personnel. 105 ILCS 5/10-21.7.
- e. Immediate required notification by the Building Principal or his or her designee to a local law enforcement agency upon receiving a report that any person has been observed in possession of a firearm on school grounds, becomes aware of any person in possession of a firearm on school grounds, or becomes aware of any threat of gun violence on school grounds.
- f. Upon receipt of a report from any school personnel regarding a verified incident involving a firearm in a school or on school owned or leased property, immediate required notification by the Superintendent or designee to the local law enforcement authorities of all such firearm-related incidents occurring in a school or on school property. 105 ILCS 5/10-27.1A.
- g. Upon receipt of a report from any school personnel regarding a verified incident involving prohibited drugs in a school or on school owned or leased property, immediate required reporting by the Superintendent or designee to the local law enforcement authorities of all such drug-related incidents occurring in a school or on school property. 105 ILCS 5/10-27.1B.
- h. Implementation of other sections of the School Code that authorize the District to work with LLEA for the purposes of keeping schools safe and providing education or training.
- i. Based upon locally based District outcomes, the District has identified these additional needs:

2. The LLEA has identified partnership needs from the District, which include each of the following:

- a. Sharing required reports to applicable Building Principals whenever a child enrolled in the District is detained for proceedings under the Juvenile Court Act of 1987 (705 ILCS 405/), or for any criminal offense or any violation of a municipal or county ordinance (105 ILCS 5/22-20). The report shall include the basis for detaining the child, circumstances surrounding the events that led to the child's detention, and status of proceedings. The report shall be updated as appropriate to notify the Building Principal of developments and the disposition of the matter. Building Principals shall keep this information separate from the official school record of the student and ensure that it does not become part of the official school record of the student. Such information shall not be a public record and will be used solely by the appropriate school official or officials that the Building Principal determines have a legitimate educational or safety interest to aid in the proper rehabilitation of the child and to protect the safety of students and employees in the school. 105 ILCS 5/22-20.
- b. In accordance with administrative procedure 7:190-AP3, *Guidelines for Reciprocal Reporting of Offenses Committed by Students*, transmitting juvenile law enforcement records concerning a minor enrolled in any District school who has been arrested or taken into custody for certain offenses. 705 ILCS 405/1-7(A)(8)(A) and 405/5-905(1)(h)(A) and see *Section H., Reciprocal Reporting of Offenses Committed by Students*, below.
- c. Based upon locally-based LLEA outcomes, the LLEA has identified these additional needs:

F. Annual Evaluation of MOU; Renewal; Termination

The parties will periodically review the MOU for relevancy, monitor its terms for effectiveness, and consider whether any modifications are required. This review may align with the School Board's annual policy review and monitoring calendar. The MOU will remain in effect and automatically renew from year to year unless terminated. Any party may terminate its participation in this MOU upon thirty (30) days prior written notice to the other(s).

G. Record Sharing

Both parties recognize the privacy protections of federal and State law in the disclosure of student records. When sharing information, State and federal laws regarding *school student records* apply. See the Family Educational Rights and Privacy Act (20 U.S.C. §1232g; 34 C.F.R. Part 99) and the Illinois School Student Records Act (105 ILCS 10/; 23 Ill.Admin.Code Part 375). The applicable federal and/or State law shall control, and the District may refuse disclosure requests by LLEA without a warrant or subpoena/court order. The SRO and LLEA's officers shall at all times recognize and comply with the confidentiality of student and education records and may only seek such records in accordance with the requirements of the District's Policy 7:340, *Student Records*.

School student records may only be released to the LLEA by the Building Principal. Information kept by law enforcement professionals working in a school is not considered a *school student record*. See 105 ILCS 10/2. Information derived from reports of law enforcement to principals regarding students detained for proceedings are not considered a *school student record*. 105 ILCS 5/22-20. The *school student records* definition and 7:340-AP1, *School Student Records* are incorporated into this agreement.

Within its standard operating procedures, the LLEA will include training for its officers about these laws, along with information about how to access the District's policies and procedures for school student records. For general guidance both parties will refer to *Answers to FAQs Responding to a Subpoena* (Illinois Council of School Attorneys, Revised October 2021) at:

www.iasb.com/IASB/media/School-Law/FAQ_Responding_to_Subpoena.pdf.

H. Reciprocal Reporting of Offenses Committed by Students

As outlined in Section E.2.b., above, the District and LLEA's officers shall at all times recognize and comply with (a) the School Code requirements for a reciprocal reporting system regarding criminal and civil offenses committed by students (105 ILCS 5/10-20.14(b)), and (b) the Juvenile Court Act of 1987 and the School Code's requirements for the management and sharing of law enforcement records and other information about students who have contact with LLEA.

The District's administrative procedure 7:190-AP3, *Guidelines for Reciprocal Reporting of Offenses Committed by Students* is incorporated into this MOU.

Nothing in this MOU is intended to impose upon any party a duty to report information to any other party that is not otherwise required by law. This MOU shall not be interpreted as making an obligation of a party mandatory that is otherwise discretionary under the law or vice versa. No party to this MOU waives any defenses or immunities it otherwise has under the law, including without limitation any immunities under the Sections 2-204 or 2-205 of the Local Governmental and Governmental Employees Tort Immunity Act or the State Employee Indemnification Act. 5 ILCS 350/.

Live Feeds

The District will provide access to its live feeds to one or more of its buildings in the event of a health or safety emergency. Access is strictly to allow LLEA tactical forces to become familiar with current conditions that underlie the health or safety emergency in the District's building(s).

I. Cell Phone/Electronic Device Searches

The established procedures between the parties for searching cell phones/electronic devices must be followed. Both parties agree that cell phone/electronic device searches involve Fourth Amendment search and seizure issues and the federal Stored Communication Act (SCA) (18 U.S.C. §2701) issues. Generally asking for permission, calling the parents to come and search the phone, or getting a warrant solves this issue. Investigations of sexting allegations shall follow administrative procedure, 7:190-AP6, *Guidelines for Investigating Sexting Allegations*, which is incorporated into this agreement.

J. Agency and Police Interviews

Board Policy 7:150, *Agency and Law Enforcement Requests*, and administrative procedure 7:150-AP, *Managing Agency and Law Enforcement Requests*, are incorporated into this MOU and must be followed at all times.

Within its standard operating procedures, LLEA will include training for its officers about this policy and procedure, along with information about how to access the District's policies and procedures.

Before a student under 18 years of age who is suspected of committing a criminal act is detained and questioned on school grounds, a law enforcement officer, school resource officer, or other school security personnel will (a) notify or attempt to notify the student's parent/guardian, (b) document the time and manner of the notification or attempted notification, (c) make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if not present, ensure that school personnel (including, but not limited to, a school social worker, school psychologist, school nurse, school counselor, or any other mental health professional) are present during the questioning, and (d) if practicable, make reasonable efforts to ensure a law enforcement officer trained in promoting safe interactions and communications with youth is present during questioning.

K. Body-Worn Cameras (BWCs)

All parties agree that any use of BWCs by officers must be subject to and in compliance with federal, state, and local regulations regarding the use and operation of them. The LLEA shall notify the District at least two weeks before its officers assigned to the District are to begin use of BWCs, and it will provide written

information and training to the Building Principals and assistant principals of the schools in which the officers may enter. Training shall include the objectives and procedures for the use of BWCs in public and in schools. Every officer equipped with a BWC shall be trained in the operation of the equipment prior to its use. To maximize the effectiveness of the BWC and the integrity of the video documentation, officers shall adhere to the objectives and procedures outlined in this MOU and the LLEA's General Operations Orders or similar policies when they utilize BWCs. LLEA shall, if not otherwise prohibited by law, provide to the District copies of any such filming of students, parents, employees, or others upon school property, upon request for such copies by the District, as a law enforcement record. In the event that the LLEA receives advice that providing a copy of such videos is prohibited, the LLEA agrees to facilitate the availability of its officer(s) that made the video to testify, upon request by the District, in any school disciplinary hearing concerning his/her/their knowledge of the facts and circumstances of the videoed incident. Any such film or video taken by and kept in the possession of LLEA's officers may be considered *law enforcement records* under the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. §1232g and 34 C.F.R. §99.8) and III. School Student Records Act (ISSRA) (105 ILCS 10/2(d)). Any copy of such film or video, if permitted by law to be provided to the District, may become an *educational record* of the District. The LLEA's officers shall at all times recognize and comply with the confidentiality of student and education records and may only seek such records in accordance with the requirements of Board Policy 7:340, *Student Records*, which is incorporated into the terms of this MOU.

L. General Provisions

1. Scope of Agreement

[INSERT Section D from General MOU, above. End Section D with this sentence: "The LLEA recognizes that assigning SROs to District buildings is not a substitute for effective student discipline policies."]

E. Funding; Payment for SROs; Chain of Command

1. **Funding.** Members of the Leadership Team (Team) will negotiate the terms for funding including any grant funding that is available. Any terms tied to grant funding, such as data collection include:

2. **Payment for SROs.** The Team has agreed that the District shall compensate LLEA for the SROs in 10 equal installments commencing on August 15th of each fiscal year in the following amounts:

3. **Chain of Command.** The Team shall develop a local, District-specific chain of command for the placement of SROs in school buildings. Each District administrator responsible for supervising and evaluating the SRO in his/her/their assigned building(s) shall be included in an individual SRO's District-specific chain of command.

F. Data Collection; Review & Evaluation of SRO Program

1. **Data Collection.** The Team will outline a process for collecting data in accordance with 105 ILCS 5/2-3.206 on the number of students who are referred to a law enforcement agency or official and the number of instances of referrals to law enforcement that such students received. This District will annually report this data to the Ill. State Board of Education, disaggregated by race and ethnicity, sex, grade level, whether a student is an English learner, and disability. *Referral to law enforcement* means an action by which a student is reported to a law enforcement agency or official, including a school

police unit, for an incident that occurred on school grounds, during school-related events or activities (whether in-person or virtual), or while taking school transportation, regardless of whether official action is taken. *Referral to law enforcement* includes citations, tickets, court referrals, and school-related arrests.

4. **Review & Evaluation of SRO Program.** The Team will determine and implement a process for the regular review and evaluation of the SRO Program, which shall include community and stakeholder input.

G. Ongoing Training of SROs

Both parties agree that training is critical to the success of this partnership. The LLEA's assigned SROs (as defined in Section H below) will receive minimum in-service training and certification requirements as would normally apply to all other certified officers of LLEA through LLEA and/or local State's attorney offices. In addition, an ongoing District training calendar shall be developed for assigned SROs and District officials.

Trainings will consist of updates from the District's School Board Attorney on current laws and difficult issues such as search and seizure, questioning, and requests for student records. In addition, trainings will delineate legal authority for when assigned SROs will be acting at the direction of a District official (reasonableness) or at the direction of LLEA (probable cause).

Other LLEA employees that are not SROs but have frequent contact with District buildings will be encouraged to attend any of these trainings.

All trainings, when possible, must occur during school breaks or at times that would least impact the District and should include: (1) emerging education issues, (2) state law training requirements, (3) mental health awareness training, (4) restorative justice (if applicable), and (5) record sharing.

H. SRO Selection Process; Qualifications & Certification

1. **Selection Process.** The Team shall develop formal screening criteria based upon the following *Office of Community Oriented Policing Services (COPS)* characteristics: (1) likes kids – wants to, and is able to, work with kids; (2) has the right demeanor and people skills, including being calm, patient, approachable, and “able to put up gracefully with guff from kids;” (3) has experience as a patrol officer or road deputy; (4) has above-average integrity; (5) demonstrated willingness to work hard, be dependable and on time, be self-directed, and has the ability to teach. Other formal screening criteria shall include:

In addition, the Team shall designate the appropriate school officials in buildings to be assigned an SRO to provide input to LLEA on SRO applicants for open SRO positions, such as reviewing applications and memoranda of interest provided by candidates, sitting in on interviews of candidates and/or rating of applicants.

2. **SRO Qualifications & Certification.** The LLEA must ensure that the SRO has either of the following qualifications issued by the Ill. Law Enforcement Training Standards Board under Section 10.22 of the Ill. Police Training Act (50 ILCS 705/10.22): (1) a certificate of completion for the required course of instruction or (2) an approved waiver (prior experience and training only). Such training must include specific training on working with students with disabilities to ensure appropriate and effective interactions that support their educational and behavioral needs. The certificate of completion or waiver of it must be obtained within one year of assignment to the District. The SRO must possess, at minimum, 48 hours of National Association of School Resource Officer (NASRO) training, along with the following other qualifications:

I. SRO Employer; Assignments; Mentoring & Outreach; Supervision; Performance Evaluations; Conflict Resolution; Termination/Replacement; Extra Duties/Projects

1. **Employer.** SROs are employed by LLEA. The District does not employ any SROs that are assigned in any of its buildings. The District is not considered a joint employer of SROs for purposes of the Fair Labor Standards Act (FLSA). The SRO remains covered by the LLEA's insurance and continues to enjoy the immunities specific to his or her employment with LLEA. Section D, *District Authority Over the Educational Environment*, above shall apply to the District's specific responsibilities for supervision and performance evaluations of assigned SROs while in District school buildings as their duties pertain to fulfilling the identified needs and goals of a District building.
2. **Assignments.** For purposes of this section, SRO means a sworn police officer of LLEA who has been assigned to a District building pursuant to this MOU. SROs shall be assigned to District buildings by the LLEA with input from the MOU Leadership Team. Staffing issues at LLEA may take precedence to the assignment of an SRO to the District.

- a. **SRO Work Hours, Uniform, and Visibility on Campus.** The SRO shall remain on school grounds during normal school hours, except when necessary to attend a law enforcement emergency, to attend any meetings or trainings described in this MOU, or on limited occasions to attend to official law enforcement business off campus. With the exception of emergency situations out of the SRO's control, the SRO shall give the SRO Supervisor and Building Principal(s) reasonable advanced notice of any times when the SRO is not expected to be on campus during normal school hours, and LLEA may provide a replacement SRO to the extent possible.

The SRO shall wear the official law enforcement uniform or other apparel issued by the LLEA at all times while serving on District property. The SRO shall make best efforts to maintain high visibility at all times when practical and safe to do so, especially in areas where incidents of crime or violence are most likely to occur.

The SRO shall, whenever possible and in accordance with guidance from the Building Principal or designee, participate in or attend school functions during the SRO's regular duty hours in order to assure the peaceful operation of school-related programs.

- b. **Student Search Assistance.** When requested, assistance with conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the District for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search produces evidence that the student has violated or is violating the law, local ordinance, or the District's policies or rules, such evidence may be seized by school authorities and/or turned over to law enforcement authorities, and disciplinary action may be taken. 105 ILCS 5/10-22.6 and 10-22.10a.
- c. **Prohibition on Issuing Tickets or Citations.** In accordance with 105 ILCS 5/10-22.6(i), the SRO is prohibited from issuing municipal code tickets or citations to students for incidents occurring: (1) on school property during school hours; or (2) during school-related transportation. 105 ILCS 5/10-20.68(a-5)(3).
- d. **Administrative Hearings.** Contingent upon pre-approval by the LLEA, the SROs will attend suspension review and/or expulsion hearings upon the request of school officials or the Superintendent. The SRO will be prepared to provide testimony on any actions that were taken by the SRO and any personally observed conduct witnessed by the SRO.

e. **Goal Setting for Services in District.**

3. **Mentoring & Outreach.** The SRO shall conduct himself or herself as a role model at all times and in all facets of the job; shall seek to establish a strong rapport with staff, faculty, students, parents, and other members of the school community; and shall encourage students to develop positive attitudes toward the school, education, law enforcement officers, and good citizenship in general.
4. **Supervision.** With input from the LLEA and/or the MOU Team, the District will assign school officials to supervise SROs in District buildings based upon the individual SRO's needs, School Board policies, available local resources, specific school building needs, and geographical realities. Both parties expect excellence from SROs and commit to frequent communication between supervising school officials and the SROs assigned to their buildings. The SRO and his or her supervising District official shall meet both formally and informally on a regular basis to discuss issues, duties, and responsibilities.
5. **Performance Evaluations.** An instrument for SRO performance evaluations in the school setting shall be agreed upon by the assigned SRO and the District's official supervising the SRO. Both parties recognize that a performance evaluation instrument for an SRO should incorporate data results from the District's school climate assessments, if available.
6. **Conflict Resolution.** If the District's expectation of excellence is not being met by an SRO, the supervising District official will report unresolved concerns to the SRO's direct law enforcement supervisor at LLEA sooner rather than later. Addressing issues promptly helps increase understanding and minimize potential negative impact on the school environment. If that method of communication does not solve the conflict, the Team has agreed to the following formal conflict resolution process between the District and LLEA:
7. **Termination/Replacement of SROs.** When paragraph 6, *Conflict Resolution*, above, has not been successful, the District may request that the SRO be removed from his or her assignment and replaced with another SRO from LLEA. If a replacement is not immediately available, the District reserves the right to terminate the SRO's assignment in a specific building until a replacement is available.
8. **Extra Duties/Projects.** The Team has negotiated the below terms for special projects and/or extra duties:

In-School Suspension

The Superintendent or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

2. Students are supervised by licensed school personnel.
3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension

The Superintendent or designee shall implement suspension procedures that provide, at a minimum, for each of the following:

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. An attempted phone call to the student's parent(s)/guardian(s).
4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
 - a. Provide notice to the parent(s)/guardian(s) of their child's right to a review of the suspension;
 - b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;
 - c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;
 - d. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his or her act of gross disobedience or misconduct; and
 - e. Depending upon the length of the out-of-school suspension, include the following applicable information:
 - i. For a suspension of 3 school days or less, an explanation that the student's continuing presence in school would either pose:
 - a) A threat to school safety, or
 - b) A disruption to other students' learning opportunities.
 - ii. For a suspension of 4 or more school days, an explanation:
 - a) That other appropriate and available behavioral and disciplinary interventions have been exhausted,
 - b) As to whether school officials attempted other interventions or determined that no other interventions were available for the student, and
 - c) That the student's continuing presence in school would either:
 - i) Pose a threat to the safety of other students, staff, or members of the school community, or

- ii) Substantially disrupt, impede, or interfere with the operation of the school.
- d) Of what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension, as determined by the Superintendent or designee.
- 5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board by the Superintendent or designee.
- 6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board.
 - a. At the review, the student and his or her parent(s)/guardian(s) may appear with a representative of their choice and at their expense, be accompanied by a support person of their choice and at their expense, disclose any factor to be considered in mitigation (including the student's status as a parent, expectant parent, or victim of domestic or sexual violence as defined in 105 ILCS 5/26A), and discuss the suspension with the Board or its hearing officer. Any representative and support person must comply with hearing rules and may be prohibited from further participation if they violate the rules or engage in behavior or advocacy that harasses, abuses, or intimidates either party, a witness, or anyone else in attendance at the hearing.
 - b. If the review involves allegations of sexual violence by the student, neither the student nor the student's representative shall directly question nor have direct contact with the alleged victim. The student or the student's representative may, at the discretion of the Board or its hearing officer, suggest questions to be posed by the Board or its hearing officer to the alleged victim.
 - c. Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from a local mental health agency to consult with the Board.
 - d. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate. If the suspension is upheld, the Board's written suspension decision shall specifically detail items (a) and (e) in number 4, above.

The following additional efforts to resolve threats or disruptions and minimize the length of out-of-school suspensions were also provided:

Evidence will be presented and the Board will decide:

1. Whether removing your child from his or her learning environment is in the best interest of the school;
2. The rationale for the specific duration of the recommended expulsion;
3. Whether all appropriate and available behavioral and disciplinary interventions were exhausted; and
4. Whether your child's continuing presence in school would either: (a) pose a threat to the safety of other students, staff, or members of the school community, or (b) substantially disrupt, impede, or interfere with the operation of the school.

You are requested to appear at a hearing before the School Board or a hearing officer acting on the Board's behalf to determine if your child should be expelled from school.

| Hearing Date | Time | Location |
|--------------|------|----------|
|--------------|------|----------|

At the expulsion hearing, the Board or its hearing officer will consider evidence concerning whether your child is guilty of gross disobedience or misconduct as charged and should be expelled from school. The hearing will be held in closed session. At this hearing you have each of the following rights:

1. To be present.
2. To appear with a representative of your choice and at your expense for your child throughout the proceedings. Your representative may address the Board or its hearing officer. You must inform the District if your child will appear with a representative and, if so, the representative's name and contact information.
3. To be accompanied by a support person of your choice and at your expense for your child throughout the proceedings. You must inform the District if your child will be accompanied by a support person and, if so, the support person's name and contact information.
4. To offer evidence.
5. To present witnesses and cross-examine witnesses who testify.
If the hearing involves allegations of sexual violence by the student, insert the following: However, please note that because the hearing involves allegations of sexual violence by your child, neither your child nor your child's representative shall directly question nor have direct contact with the alleged victim. Your child or your child's representative may, at the discretion of the Board or its hearing officer, suggest questions to be posed by the Board or its hearing officer to the alleged victim.
6. To present other reasons why your child should not be expelled, including any factor to be considered in mitigation. Such factors may include, if applicable, your child's status as a parent, expectant parent, or victim of domestic or sexual violence as defined in 105 ILCS 5/26A.

Please be advised that your child's representative and/or support person must comply with any hearing rules and may be prohibited from further participation if they violate District rules or engage in behavior or advocacy that harasses, abuses, or intimidates either party, a witness, or anyone else in attendance at the hearing.

After presentation of evidence or receipt of the hearing officer's report, the Board will decide the issue of guilt and take such actions as it finds appropriate.

School Bus Suspensions

The Superintendent, or any designee as permitted in the School Code, is authorized to suspend a student from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Prohibited student conduct as defined in School Board policy 7:190, *Student Behavior*.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The District's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Academic Credit for Missed Classes During School Bus Suspension

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

Electronic Recordings on School Buses

Electronic visual and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school related activity. Notice of electronic recordings shall be displayed on the exterior of the vehicle's entrance door and front interior bulkhead in compliance with State law and the rules of the Illinois Department of Transportation, Division of Traffic Safety.

Students are prohibited from tampering with electronic recording devices. Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the School District for any necessary repairs or replacement.

Administrative Procedure - Electronic Recordings on School Buses

Review of Electronic Recordings

Electronic video and audio recordings are viewed to investigate an incident reported by a bus driver, administrator, law enforcement officer working in the District, supervisor, student, or other person. They are also viewed at random.

Viewing and/or listening to electronic video and/or audio recordings is limited to law enforcement officers working in the District and District personnel. These individuals must have: (1) a law enforcement, security, or safety reason, or (2) a need to investigate and/or monitor student or driver conduct. A written log will be kept of those individuals viewing a video recording stating the time, name of individual viewing it, and date the video recording was viewed.

If the content of an electronic recording becomes the subject of a student disciplinary hearing, it will be treated like other evidence in the proceeding.

An electronic video or audio recording may be reused or erased after 14 days unless it is needed for an educational or administrative purpose.

Notice of Electronic Recordings 720 ILCS 5/14-3(m).

The Eavesdropping Act exempts electronic recordings on school buses from its coverage when transportation is provided for a school activity, provided the School Board adopted a policy authorizing their use. Notice of the adopted policy regarding video and audio recordings shall be: (1) clearly posted on the front door and interior of the school bus, (2) provided to students and parents/guardians, and (3) included in student handbooks and other documents.

Misconduct by Students with Disabilities

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's *Special Education* rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Conduct Code for Participants in Extracurricular Activities

The Superintendent or designee, using input from coaches and sponsors of extracurricular activities, shall develop a conduct code for all participants in extracurricular activities consistent with School Board policy. The conduct code shall: (1) require participants in extracurricular activities to conduct themselves as good citizens and exemplars of their school at all times, including after school, on days when school is not in session, and whether on or off school property; (2) emphasize that hazing and bullying activities are strictly prohibited; and (3) notify participants that failure to abide by it could result in discipline, up to and including removal from the activity. Participants who violate the conduct code will be allowed to give an explanation before being progressively disciplined. The conduct code shall be reviewed by the Building Principal periodically at his or her discretion and presented to the Board.

Participants in extracurricular activities must abide by the conduct code for the activity and Board policy 7:190, *Student Behavior*. All coaches and sponsors of extracurricular activities shall annually review the conduct code with participants and provide participants with a copy. In addition, coaches and sponsors of interscholastic athletic programs shall provide instruction on steroid abuse prevention to students in grades 7 through 12 participating in these programs.

Extracurricular Drug and Alcohol Testing Program

The District maintains an extracurricular drug and alcohol testing program in order to foster the health, safety, and welfare of its students. Participation in extracurricular activities is a privilege and participants need to be exemplars. The program promotes healthy and drug-free participation.

Each student and his or her parents/guardians must consent to having the student submit to random drug and alcohol testing in order to participate in any extracurricular activity. Failure to sign the District's *Consent to Participate in Extracurricular Drug and Alcohol Testing Program* form will result in non-participation.

If a test is *positive*, the student will not participate in extracurricular activities until after a *follow-up* test is requested by the Building Principal or designee and the results are reported. The Building Principal or designee will request a *follow-up* test after such an interval of time that the substance previously found would normally be eliminated from the body. If this *follow-up* test is negative, the student will be allowed to resume extracurricular activities. If a *positive* result is obtained from the *follow-up* test, or any later test, the same previous procedure shall be followed.

The Superintendent or designee shall develop procedures to implement this policy. No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug and/or alcohol usage exists. This program does not affect the District policies, practices, or rights to search or test any student who at the time exhibits cause for reasonable suspicion of drug and/or alcohol use.

Performance Enhancing Drug Testing of High School Student Athletes

The Illinois High School Association (IHSA) prohibits participants in an athletic activity sponsored or sanctioned by IHSA from ingesting or otherwise using any performance enhancing substance on its banned substance list, without a written prescription and medical documentation provided by a licensed physician who evaluated the student-athlete for a legitimate medical condition. IHSA administers a performance-enhancing substance testing program. Under this program, student athletes are subject to random drug testing for the presence in their bodies of performance-enhancing substances on the IHSA's banned substance list. In

addition to being penalized by IHSA, a student may be disciplined according to Board policy 7:190, *Student Behavior*.

Administrative Procedure - Code of Conduct for Extracurricular Activities

This Code of Conduct applies to all school-sponsored activities that are neither part of an academic class nor otherwise carry credit or a grade. Sponsors shall create a roster of students who are members or participants in an extracurricular activity and maintain attendance records.

The goal of the extracurricular program is to provide opportunities for students to pursue interests and develop life skills beyond the classroom. An additional goal of the athletic program is to develop the physical skills of student athletes, which will allow them to compete to the best of their ability within the School Board policies and the by-laws of any association of which the school is a member.

Members must conduct themselves at all times, including after school and on days school is not in session, as good citizens and exemplars of their school - they must behave in ways that are consistent with good sportsmanship, leadership, and appropriate moral conduct. They are expected to demonstrate good citizenship and exemplary conduct in the classroom, in the community, and during all facets of the activity.

The Code of Conduct below describes the expectations and goals of the extracurricular and athletic programs. This Code does not contain a complete list of inappropriate behaviors for students in extracurricular activities and athletics. This Code of Conduct will be enforced 365 days per year, 24 hours per day. A student may be excluded from activities or competition while the school is conducting an investigation regarding that student's conduct.

Students and their parents/guardians are encouraged to seek assistance from the student assistance program regarding alcohol or other drug problems. Family-referrals or self-referrals will be taken into consideration in determining consequences for Code of Conduct violations.

Code of Conduct

A student participating in an activity or athletic program will be subject to disciplinary action if he or she violates this Code of Conduct for Extracurricular Activities. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations.

The student shall not:

1. Violate the District's policies or procedures on student behavior;
2. Use, possess, buy, sell, barter, or distribute a beverage containing alcohol (except for religious purposes);
3. Use, possess, buy, sell, barter, or distribute tobacco or nicotine materials in any form, including without limitation, electronic cigarettes;
4. Use, possess, buy, sell, barter, or distribute cannabis in any form, unless exempted under *Ashley's Law*.
5. Use, possess, buy, sell, barter, or distribute any illegal substance (including mood-altering and performance enhancing drugs or chemicals) or paraphernalia;
6. Use, possess, buy, sell, barter, or distribute any object that is or could be considered a weapon or any item that is a *look-alike* weapon. This prohibition does not prohibit legal use of weapons in cooking and in sports, such as archery, martial arts practice, target shooting, hunting, and skeet;

7. Attend a party or other gathering and/or ride in a vehicle where alcohol, cannabis, and/or controlled substances are being consumed by minors;
8. Act in an unsportsmanlike manner;
9. Vandalize or steal;
10. Haze or bully other students;
11. Violate the written rules for the activity or sport;
12. Behave in a manner that disrupts or adversely affects the group or school;
13. Be insubordinate or disrespectful toward the activity's sponsors or team's coaching staff;
14. Falsify any information contained on any permit or permission form required by the activity or sport.

Hazing and bullying activities are strictly forbidden at any time and in any location. *Hazing* is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. (Adapted from the definition of *hazing* adopted by the National Federation of State High School Associations.) *Bullying* includes cyberbullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to place a student in reasonable fear of harm; cause a substantially detrimental effect on a student's physical or mental health; substantially interfere with a student's academic performance; or substantially interfere with a student's ability to participate in or benefit from school services, activities, or privileges. (Adapted from the definition of *bullying* included in the Board policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*.)

Due Process Procedures

Students who are accused of violating the Code of Conduct for Extracurricular Activities are entitled to the following due process:

1. The student shall be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.
6. If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:
 - a. Sanctions for violations other than drug and alcohol will be based on the nature of the offense and the number of offenses, and may include suspension from all activities or sports for one of the time periods described below:
 - * A specified period of time or percentage of events, competitions, or practices
 - * The remainder of the season or for the next season
 - * The remainder of the student's high school career
 - b. Sanctions for drug and alcohol violations will be based on the following:

First violation

- * Use, possession, buying, selling, bartering, or distributing: A suspension of one third of the total number of performances, activities, or competitions or the remainder of the season, whichever is shorter. This penalty will be reduced if the student successfully completes a school-approved chemical awareness program.
- * Attendance at a party or riding in a vehicle where alcohol, cannabis, and/or controlled substances are being consumed by minors: A suspension of one sixth of the total number of performances, activities or competitions, or the remainder of the season, whichever is shorter.
- * The student will be required to practice with the group, regardless of the violation (unless suspended or expelled from school).

Second violation

- * Use, possession, buying, selling, bartering, or distributing: A suspension of 12 weeks or one season, including suspension from all performances, activities, or competitions during this period. To participate again in any activities, the student must successfully participate in and complete a school-approved alcohol and other drug abuse assessment and follow all recommendations from that assessment.
- * Attendance at a party or riding in a vehicle where alcohol, cannabis, and/or controlled substances are being consumed by minors: A suspension of one third of the season and all extracurricular group performances, activities, or competitions during this period.
- * The student may be required to practice with the group (unless suspended or expelled from school).

Third violation

- * Use, possession, buying, selling, bartering, or distributing: A suspension from extracurricular activities for the remainder of the student's high school career.
 - * Attendance at a party or riding in a vehicle where alcohol, cannabis, and/or controlled substances are being consumed by minors: A suspension of one calendar year from the date of the suspension, including all extracurricular activities during this period.
7. The administrator will make a written report of his or her decision and rationale. The student may appeal the decision to the Building Principal.

All students remain subject to the Board's student behavior policy and/or the school's student handbook and the disciplinary measures listed in them.

Students

Administrative Procedure - Extracurricular Drug and Alcohol Testing Program

Testing Procedures

1. The Building Principal or designee shall, from time-to-time throughout the school year, randomly select extracurricular participants for drug and alcohol testing. Testing may occur on any day, Monday through Saturday. Names will be drawn from a pool of all student participants. Each student participant may be tested at any time during the year.
2. No student will be given advance notice or early warning of the testing.
3. Drug and/or alcohol testing may be performed by breath alcohol testing and/or urinalysis. Upon being selected for breath alcohol testing, a student must provide an adequate amount of breath so that the measuring device can measure any alcohol concentration in the breath. Upon being selected for a urinalysis test, the student shall provide a sample of "fresh" urine according to the quality control standards and policy of the laboratory conducting the urinalysis.
4. A staff member will accompany the student until he or she produces an adequate urine specimen. If unable to produce a specimen, the student will be given up to 24 ounces of fluid. If unable to produce a specimen within two hours, the student will be taken to the Building Principal's office and told he or she is ineligible for participation in any extracurricular activity. In addition, the student's parent(s)/guardian(s) will be telephoned and informed the student is unable to produce a sample for the testing procedure and he or she must be tested at a later date in order to be eligible.
5. All specimens registering below 90.5 degrees or above 99.8 degrees Fahrenheit will be invalid. The head strip on each specimen bottle indicates the validity of the urine specimen by temperature. If a specimen is invalid, the student must provide another specimen.
6. A student will be ineligible for all extracurricular activities for the remainder of the school year if he or she tampers with or cheats during the collection. This will be reported to the student's parent(s)/guardian(s).
7. Immediately after the specimen is taken, the student may return to class with an admit slip or pass with the time he or she left the collection site.
8. Each specimen is given to the laboratory for testing for alcohol, controlled substances (that may include all drugs listed as controlled substances under Illinois law), and "performance enhancing" drugs, such as steroids.

Chain of Custody

1. The laboratory will provide training and direction to appropriate staff members, set up the collection environment, guarantee specimens, and supervise the chain of custody. To maintain anonymity, the student will be assigned a number.
2. The Building Principal or designee will escort students to the collection site. No student is allowed to go to his or her locker before being escorted to the collection site. The Building Principal or designee should minimize classroom interruptions. Student participants may be summoned after school, perhaps during practice time.
3. Before a student's urine is tested by the laboratory, he or she must sign any form that may be required by the testing laboratory. If a student chooses, he or she may notify the administrator that he or she is taking a prescription medication.

however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member or is subject to a battery. *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Upon receiving a report of (1), above, the Building Principal or designee shall immediately notify local law enforcement. If the report of (1), above, pertains to a threat of firearm violence made by a student, the Building Principal or designee shall attempt to notify the student's parent/guardian as soon as possible and shall further attempt to contact the parent/guardian to ensure that the student does not have access to a firearm. In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee and any involved student's parent/guardian.

Upon receiving a report on any of the above (1)-(3), the Superintendent or designee shall immediately notify local law enforcement. The Superintendent or designee shall also report these incidents to ISBE through its web-based School Incident Reporting System as they occur during the year and no later than July 31 for the preceding school year.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other licensed educational employees, and any other persons (whether or not a licensed employee) providing a related service for or with respect to a student, may only use reasonable force as permitted by 105 ILCS 5/10-20.33. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

Students are prohibited from engaging in gang activity. *Gang* means any combination, confederation, alliance, network, conspiracy, understanding, or other similar conjoining of three or more persons with an established hierarchy that, through its membership or through the agency of any member, engages in a course or pattern of criminal activity. Drug distribution, burglary, theft, assaults, and weapon-related offenses are typically associated with established gangs.

Administrative Procedure - Guidelines for Reciprocal Reporting of Offenses Committed by Students

State law requires a reciprocal reporting system between the School District and local law enforcement agencies regarding criminal and civil offenses committed by students. 105 ILCS 5/10-20.14(b), amended by P.A. 104-430. The Juvenile Court Act of 1987 (705 ILCS 405/1-1 et seq.), School Code (105 ILCS 5/1-1 et seq.), and various other laws set requirements for the management and sharing of law enforcement records and other information about students if they have contact with local law enforcement. Local implementation of reciprocal reporting procedures may be modified based upon the District's and local law enforcement's specific implementation needs.

Development and implementation of reciprocal reporting procedures relies heavily on the District's parent-teacher advisory committee and Building Principals, in cooperation with local law enforcement agencies. 105 ILCS 5/10-20.14. The parent-teacher advisory committee is a School Board committee and, thus, is subject to the Open Meetings Act. 5 ILCS 120/1.02. See Board policy 2:150, *Committees*.

Guidelines for Reporting and Records Disclosure from the District to Local Law Enforcement

Incidents reported from the District to local law enforcement agencies are managed under the School Code (105 ILCS 5/1-1 et seq.), 105 ILCS 127/2, and 720 ILCS 5/12C-50.1.

When sharing information, school officials should be aware of State and federal laws regarding *school student records*. Family Educational Rights and Privacy Act, 20 U.S.C. §1232g; 34 C.F.R. Part 99; Illinois School Student Records Act, 105 ILCS 10/; 23 Ill.Admin.Code Part 375. Information kept by law enforcement professionals working in a school is not considered a *school student record*. 105 ILCS 10/2. Also, law enforcement records maintained by law enforcement agencies are not considered a *school student record*. 105 ILCS 5/22-20. For more detailed information about *school student records* and its definition, see 7:340-AP1, *School Student Records*.

1. The Building Principal and/or the Police Department School Liaison Officer (Liaison Officer) will arrange meetings as needed between school officials and individuals representing law enforcement to share information. While not required by State law, meetings may enhance a cooperative relationship between the school and local law enforcement agencies. The following people should be invited to these meetings: dean, building principal, school counselor, State's Attorney, juvenile probation officer, and police department school liaison officer.
2. The Superintendent, Building Principal, and/or their designee(s) will immediately notify local law enforcement upon receiving a report of a student:
 - a. Committing a battery against school personnel. 105 ILCS 5/10-21.7.
 - b. In possession of a firearm on school grounds. 105 ILCS 5/10-27.1A.
 - c. Being involved in a drug-related incident on school property, including any conveyance used to transport students, or on any public way within 1000 feet of the school. 105 ILCS 5/10-27.1B; 105 ILCS 127/2.
 - d. Engaging in hazing resulting in death or great bodily harm. 720 ILCS 5/12C-50.1.

Guidelines for Reporting and Records Disclosure from Local Law Enforcement to the District

The information shared from local law enforcement agencies to the District and the confidentiality of shared juvenile law enforcement records are managed under the Juvenile Court Act of 1987 (705 ILCS 405/1-1 et seq.) and the School Code (105 ILCS 5/1-1 et seq.). These laws require the Building Principal to maintain all

information and records that the District receives from local law enforcement separate from a student's official *school student record*. Unless otherwise indicated, the information received from local law enforcement may only be used by school staff having a legitimate educational or safety interest in the information to support (1) the proper rehabilitation of the student, and/or (2) the protection and safety of students and employees in the school.

1. The State's Attorney shall provide the Building Principal a copy of any delinquency dispositional order concerning any student regardless of age where the crime would be a felony if committed by an adult, or following any adjudication of delinquency for a violation of Section 24-1, 24-3, 24-3.1, or 24-5 of the Criminal Code of 1961 or the Criminal Code of 2012 (deadly weapon offenses). Access to this information is limited to only the Building Principal, the Superintendent, and any school counselor designated by either administrator. 705 ILCS 405/1-8(F).
2. Local law enforcement may disclose the identity of a victim of aggravated battery, battery, attempted first degree murder, or another non-sexual violent offense to appropriate school officials if the presiding judge of the juvenile court approves the disclosure to prevent foreseeable violence. 705 ILCS 405/5-905(2.5).
3. Local law enforcement may disclose juvenile law enforcement records relating to a minor who is investigated, arrested, or taken into custody before his or her 18th birthday only if law enforcement believes that there is imminent threat of physical harm to students, school personnel, or others. 705 ILCS 405/1-7(A)(8) and 405/5-905(1)(h). For an example of relevancy and implementation of this type of law enforcement information in a school building, see Board policy 4:190, *Targeted School Violence Prevention Program*.
 - a. Local law enforcement may allow the Building Principal or appropriate school official(s) to *inspect and copy* juvenile law enforcement records concerning a minor enrolled in the school who has been arrested or taken into custody for violating any of the following Ill. laws: Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012 (deadly weapons); Ill. Controlled Substances Act; Cannabis Control Act; forcible felonies defined at Section 2-8 of the Criminal Code of 1961 or the Criminal Code of 2012; Methamphetamine Control and Community Protection Act; Section 1-2 of the Harassing and Obscene Communications Act; Hazing Act; Section 12 of the Criminal Code of 1961 or the Criminal Code of 2012 (bodily harm); or Article 25 of the Criminal Code of 1961 or the Criminal Code of 2012 (mob action and related offenses). 705 ILCS 405/1-7(A)(8)(A) and 405/5-905(1)(h)(A).
 - b. Local law enforcement may disclose only *oral information* about a minor who is the subject of a current police investigation that is directly related to school safety. 705 ILCS 405/1-7(A)(8)(B) and 405/5-905(1)(h).
4. Local law enforcement agencies and all courts must report to the Building Principal the fact that a student enrolled in the building has been detained for proceedings under the Juvenile Court Act of 1987 or for any criminal offense, including illegal gang activity, or any violation of a municipal or county ordinance. The report must include the basis for detaining the child, circumstances surrounding the events which led to the child's detention, and status of proceedings. The report must be updated as appropriate to notify the Building Principal of developments and the disposition of the matter. 105 ILCS 5/22-20.
5. Local law enforcement must notify the Building Principal when an agency investigation of an alleged incident of sexual abuse is complete or has been suspended, including information on the outcome of the investigation. 105 ILCS 5/22-85(k).
6. Local law enforcement shall provide a copy of all arrest records, and the State's Attorney shall provide a copy of all conviction records, to the Building Principal if the record involves a student who is arrested or taken into custody *after* his or her 18th birthday.

7. Local law enforcement and the State's Attorney may share or disclose information or records relating or pertaining to juveniles subject to the provisions of the Serious Habitual Offender Comprehensive Action Program when that information is used to assist in the early identification and treatment of habitual juvenile offenders. 705 ILCS 405/1-8(G).

Administrative Procedure - Use of Isolated Time Out, Time Out, and Physical Restraint

This administrative procedure applies to all students. Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The District may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. Any use of isolated time out, time out, or physical restraint by any staff member shall comply with the Ill. State Board of Education (ISBE) rules, Section 1.285, "Requirements for the Use of Isolated Time Out, Time Out, and Physical Restraint."

For further guidance, see ISBE's *Permanent Regulations for the Use of Time Out, Isolated Time Out, and Physical Restraint: Guidance and Frequently Asked Questions*, available at: www.isbe.net/Pages/restraint-time-out.aspx. **Note:** The special education committee of the Ill. Council of School Attorneys collaborated with ISBE on this guidance in its continuing commitment to help school boards and their districts comply with ISBE requirements.

A written record of each episode of isolated time out, time out, or physical restraint must be created by the Superintendent or designee using the ISBE Physical Restraint and Time Out form, available at: www.isbe.net/Pages/restraint-time-out.aspx. Additionally, ISBE's *Physical Restraint, Time Out, and Isolated Time Out Bill of Rights*, at: www.isbe.net/Documents/RTO-Bill-of-Rights.pdf, or a similar document can be provided to parents/guardians within one business day after each incident of isolated time out, time out, or physical restraint to meet notification requirements in 105 ILCS 5/10-22.33(g) and 23 Ill.Admin.Code §1.285(f)(3).

Isolated time out, time out, and physical restraint are defined as follows:

Isolated time out - the involuntary confinement of a student alone in a time out room or other enclosure outside the classroom without a supervising adult in the time out room or enclosure. Isolated time out does not include a student-initiated or student-requested break, a student-initiated or teacher-initiated sensory break, including a sensory room containing sensory tools to assist a student to calm and de-escalate, an in-school suspension or detention, or any other appropriate disciplinary measure, including a student's brief removal to the hallway or similar environment. 23 Ill.Admin.Code §1.285(a).

Time Out - a behavior management technique for the purposes of calming or de-escalation that involves the involuntary monitored separation of a student from classmates with an adult trained under 23 Ill.Admin.Code §1.285(i) for part of the school day, only for a brief time, in a non-locked setting. Time out does not include a student-initiated or student-requested break, a student-initiated or teacher-initiated sensory break, including a sensory room containing sensory tools to assist a student to calm and de-escalate, an in-school suspension or detention, or any other appropriate disciplinary measure, including a student's brief removal to the hallway or similar environment. 23 Ill.Admin.Code §1.285(a).

Physical restraint - holding a student or otherwise restricting a student's movements using a specific, planned technique. A physical restraint shall not impair a student's ability to breathe or communicate normally, obstruct a student's airway, or interfere with a student's ability to speak. 23 Ill.Admin.Code §1.285(b), (c)(3).

Prone physical restraint is a physical restraint in which a student is held face-down on the floor or other surface and physical pressure is applied to the student's body to keep the student in the prone position. Prone physical restraint is prohibited. 23 Ill.Admin.Code §1.285(c)(4).

Supine physical restraint is a physical restraint in which a student is held face up on the floor or other surface and physical pressure is applied to the student's body to keep the student in the supine position. Supine physical restraint is prohibited unless all of the criteria in 23 Ill.Admin.Code §1.285(c)(5) are met. 23 Ill.Admin.Code §1.285(c)(5).

Restraint does not include momentary periods of physical restriction by direct person-to-person contact, without the aid of material or mechanical devices, accomplished with limited force and designed to prevent a student from completing an act that would result in potential physical harm to himself, herself, or another or damage to property. 23 Ill.Admin.Code §1.285(b).

The following also apply:

1. The circumstances under which isolated time out, time out, or physical restraint will be applied are limited to maintaining a safe and orderly learning environment, to the extent necessary to preserve the safety of the student and others. 23 Ill.Admin.Code §1.285(i)(1).
2. The ISBE rules are adopted as the District's written procedure to be followed by staff for the use of isolated time out or physical restraint. 23 Ill.Admin.Code §1.285(i)(2).
3. Staff members shall inform the Building Principal whenever isolated time out, time out, or physical restraint is used, and the Building Principal shall maintain the documentation required according to Section 1.285(j)(3). 23 Ill.Admin.Code §1.285(i)(3).
4. The Building Principal shall investigate and evaluate any incident that results in an injury to the affected student, parent/guardian, staff member, or other individual. 23 Ill.Admin.Code §1.285(i)(4).
5. The Superintendent or designee shall compile an annual review of the use of isolated time out, time out, or physical restraint. The Building Principal shall report the following information to the Superintendent or designee in order to facilitate the report's compilation: 23 Ill.Admin.Code §1.285(i)(5).
 - a. The number of incidents involving the use of these interventions;
 - b. The location and duration of each incident;
 - c. Identification of the staff members who were involved;
 - d. Any injuries or property damage that occurred; and
 - e. The timeliness of parental or guardian notification and timelines for agency notification and administrative review.

Student Handbook - Electronic Devices

Electronic Signaling Devices

Students may not use or possess electronic signaling (paging) devices or two-way radios on school property at any time, unless the Building Principal specifically grants permission.

Cell Phones and Other Electronic Devices

The possession and use of cellular phones, including smartphones, and other electronic devices, other than paging devices and two-way radios, are subject to the following rules:

1. They must be kept out of sight and in an inconspicuous location, such as a backpack, purse, or locker, unless use is authorized by the teacher or for the reasons in number two, below.
2. They must be turned **off or silenced** during the regular school day unless: (a) the supervising teacher grants permission for them to be used; (b) use of the device is provided in a student's individualized education program (IEP) or Section 504 plan; (c) the device is used during the student's lunch period; or (d) the device is needed during an emergency.
3. They may not be used in any manner that will cause disruption to the educational environment or will otherwise violate student conduct rules.
4. They may not be used for *sexting*, as defined in Board policy 7:190, *Student Behavior*. Any cellular phone or electronic device may be searched upon reasonable suspicion of sexting or other violations of policy. All sexting violations will require school administrators to follow student discipline policies in addition to contacting the police and reporting suspected child abuse or neglect when appropriate.

Electronic study aids may be used during the school day if:

1. Use of the device is provided in the student's IEP, or
2. Permission is received from the student's teacher; e.g., Bring Your Own Technology (BYOT) programs.

Examples of electronic devices that are used as study aids include: devices with audio or video recording, MP3 players, some cellular phones, smartphones, laptop computers, Chromebooks®, and tablet computers or devices, e.g., iPads®.

Examples of electronic devices that are **not** used as study aids include: hand-held electronic games, MP3 players used for a purpose other than a study aid, global positioning systems (GPS), radios, and cellular phones, including smartphones (with or without cameras), used for a purpose other than a study aid.

The use of technology as educational material in a curriculum-based program is not a necessity but a privilege, and a student does not have an absolute right to use his or her electronic device while at school. If applicable, using technology as a study aid must always follow the established rules for the BYOT program. Using technology at all other times must always follow the established rules for cellular and smartphones and other electronic devices at school.

The School District is not responsible for the loss or theft of any electronic device brought to school.

Administrative Procedure - Guidelines for Investigating Sexting Allegations

Establishing procedures with local law enforcement agencies and State's attorneys to investigate allegations of sexting protects the District, its staff and its students from the broad legal implications that sexting allegations present. This administrative procedure contains three sections:

1. Glossary of Terms
2. Preparation of Guidelines for Investigating Sexting Allegations
3. Investigation and Management of Sexting Allegations

Glossary of Terms

Electronic device: any type of electronic communication device, defined in the Juvenile Court Act of 1987 at 705 ILCS 405/3-40(a). It includes, but is not limited to, a wireless telephone, personal digital assistant, or a portable or mobile computer, that is capable of transmitting images or pictures. This includes cellular telephones (see www.thesaurus.com/, listing cellular and wireless telephones as synonyms). For more discussion, see f/n 3 in sample administrative procedure 7:190-AP5, *Student Handbook - Electronic Devices*.

Sexting: the act of creating, sending, sharing, viewing, receiving, or possessing sexually explicit messages, images, or videos electronically, regardless of whether they are authentic or computer-generated, through the use of a computer, electronic communication device, or cellular phone. It also includes:

1. Creating, sending, sharing, viewing, receiving, or possessing an *indecent visual depiction*, which under the Juvenile Court Act of 1987 means a depiction or portrayal in any pose, posture, or setting involving a lewd exhibition of the unclothed or transparently clothed genitals, pubic area, buttocks, or, if such person is female, a fully or partially developed breast of the person (705 ILCS 405/3-40(a) (enacted to provide law enforcement officials an alternative to bringing child sexual abuse material charges against minors in possession of indecent visual depictions through placing them under the supervision of juvenile courts)), or
2. *Non-consensual dissemination of private sexual images*, which under the Criminal Code of 2012 (720 ILCS 5/11-23.5, amended by P.A. 103-825), is a crime that is committed when a person:
 - a. intentionally disseminates an image of another person:
 - i. who is identifiable from the image itself or personal identifying information displayed or disseminated in connection with the image, or the identity is known to the person who disseminated the image; and
 - ii. who is engaged in a sexual act or whose intimate parts are exposed, in whole or in part; and
 - b. obtains the image under circumstances in which a reasonable person would know or understand that the image was to remain private; and
 - c. knows or should have known that the person in the image has not consented to the dissemination.
3. *Non-consensual dissemination of sexually explicit digitized depictions*, which under the Criminal Code of 2012 (720 ILCS 5/11-23.7, added by P.A. 103-825), is a crime that is committed when a person:
 - a. intentionally disseminates a sexually explicit digitized depiction of another person who is identifiable from the image itself or personal identifying information displayed or disseminated in connection with the image, or the identity is known to the person who disseminated the image; and
 - b. knows or should have known the person in the image has not consented to the dissemination.

Preparation of Guidelines for Investigating Sexting Allegations

This section identifies best practices to create guidelines for investigating sexting allegations at the District-wide level. The Superintendent should discuss this procedure with local law enforcement agencies and State's attorneys to minimize the potential legal implications for students and administrators that managing sexting in school presents. Customize the procedure to each District's specific needs.

| Actor | Action |
|----------------------------|--|
| Superintendent or designee | <p>Convene a meeting with the Board Attorney, local law enforcement agencies, and State's attorney to determine best practices and procedures for investigating sexting in the District. Use the Investigation and Management of Sexting Allegations section (see below) as a template for discussion at the meeting and customize it to meet local considerations as necessary.</p> <p>Ask the Board Attorney to provide direction about searching student-owned electronic devices in Step 2: Isolate Evidence / Confiscate Device in the Investigation and Management of Sexting Allegations section (see below).</p> <p>Searching electronic devices involves Fourth Amendment to the U.S. Constitution search and seizure issues. The federal Stored Communication Act (SCA) (18 U.S.C. §2701) can also be implicated if the District wants to access information stored on a personal cellular phone from a third-party provider. Generally asking for permission, calling the parents to come and look through the phone, or getting a warrant solves these issues. Note: See <i>Searching and Seizing Computers and Obtaining Electronic Evidence Manual</i> (Sept. 2009), Chapter 3, The Stored Communication Act, at: www.justice.gov/d9/criminal-ccips/legacy/2015/01/14/ssmanual2009_002.pdf</p> <p>Identify and list all State's attorneys and local law enforcement agencies with jurisdiction over the District's boundaries. Provide this list to all Building Principals in the District.</p> <p>Provide the local State's attorney offices and law enforcement agencies with an annual list of school buildings and the names of each building's administrators that are located within their jurisdictions.</p> <p>Invite local State's attorney offices and law enforcement agencies to meet with District school officials to provide input on how the District should manage sexting.</p> <p>Add an agenda item about sexting to a Parent Teacher Advisory Committee meeting (see Board policy 2:150, <i>Committees</i>). Include information from discussions with State's attorneys and local law enforcement about the issue. Discuss local considerations for:</p> <ol style="list-style-type: none">1. Investigation and Management of Sexting Allegations

This section relies upon the Building Principal or designee to manage several practical and legal implications when conducting sexting allegation investigations.

| Actor | Action |
|--------------------------------|---|
| Building Principal or designee | <p>Step 1: If the alleged conduct is governed by Board policy 2:265, Title IX Grievance Procedure (Notification and Information subhead):</p> <p>Skip Step 2 and consult with the Title IX Coordinator regarding Steps 3, 5, and 6. Continue to follow Step 4. Note: The District may not issue discipline for alleged conduct covered by Title IX unless there is a determination at the conclusion of the Title IX Grievance Process that the Respondent engaged in discrimination prohibited by Title IX.</p> <p>Step 2: If the alleged conduct is not governed by Board policy 2:265, Title IX Grievance Procedure, then investigate.</p> <p>Determine where actions took place.</p> <p>Contact parents/guardians of all students involved.</p> <p>Contact the Superintendent and request permission to contact the Board Attorney.</p> <p>Step 3: Isolate Evidence / Confiscate Device</p> <p>NEVER transfer or store depictions on personal or school electronic devices to minimize accusations of possession of child sexual abuse material. (See 720 ILCS 5/11-20.1 <i>et seq.</i>, amended by P.A. 104-245, eff. 1-1-26, 720 ILCS 5/11-23.5(c) (provides an exception on transfer of an image for a lawful purpose), and 18 U.S.C. §§2251, 2252, and 2252A). Also see the DOJ's Child Exploitation and Obscenity Section discussing child pornography issues, available at: www.justice.gov/criminal-ceos.</p> |

| Actor | Action |
|-------|---|
| | <p>Contact the Board Attorney for guidance to determine whether to involve local law enforcement or manage the situation within the District's disciplinary policy.</p> <p>See Joshua D. Herman, <i>Criminal Law. Sexting: It's No Joke, It's a Crime</i>. Illinois Bar Journal, Volume 98, No. 4, P. 192 at f/n 42 (published April 2010), at: www.isba.org/ibj/2010/04/criminallaw, (quoting an attorney in the Ill. Attorney General's High Tech Crimes Bureau who advises school administrators to immediately confiscate devices with such material on them and report the incident to law enforcement immediately, stating that possession of a sext message that is child pornography is no different than possessing a "kilo of cocaine.")</p> <p>Follow Board policy 7:140, <i>Search and Seizure</i>, and administrative procedure 7:150-AP, <i>Managing Agency and Law Enforcement Requests</i>.</p> <p>Follow the Board Attorney's direction regarding searches of student owned technological devices. See Preparation of Guidelines for Investigating Sexting Allegations (above).</p> <p>Step 4: Follow the reporting requirements of Board policy 5:90, <i>Abused and Neglected Child Reporting</i>, when applicable</p> <p>A <i>sexted</i> image may constitute child abuse depending upon the visual depiction or image, the ages of the individuals involved, and other circumstances. See 325 ILCS 5/3 and 705 ILCS 405/2-3(2) which includes sex offenses defined at 720 ILCS 5/1-1 <i>et seq.</i> School personnel are granted broad immunities against civil and criminal claims for filing reports in good faith, even if the report is unfounded. In contrast, school personnel who willfully fail to report may be guilty of a Class A misdemeanor (325 ILCS 5/4(m)) and face suspension or revocation of their licenses, endorsements, or approvals (105 ILCS 5/21B-75).</p> <p>Step 5: Determine appropriate disciplinary actions for all students involved in the incident</p> <p>Evaluate disciplinary options. Remember that a student who forwards sexts of himself or herself likely expected the depiction to remain private. As a result, consider the social stigma, bullying, harassment, and severe embarrassment issues involved in the issue.</p> <p>Provide equivalent discipline to all students involved in the creation, dissemination, and storage of the sexted image, whenever possible.</p> <p>For situations that may require unequal punishment, contact the Superintendent so that he or she may consult the Board Attorney.</p> <p>Step 6: Prepare a plan to prevent harassment and bullying of involved students</p> <p>Remind the students and their parents/guardians of the Board policies 2:265, <i>Title IX Grievance Procedure</i>; 7:20, <i>Harassment of Students</i></p> |

Administrative Procedure - Student Discipline Guidelines

The intent of these guidelines is to enhance school climate, improve school discipline practices, and ensure that students are disciplined without discrimination on the basis of race, color, national origin, gender, disability, or other protected status. Data collected from Ill. school districts on student discipline is available at www.isbe.net/Pages/Expulsions-Suspensions-and-Truants-by-District.aspx.

Recordkeeping

1. Develop and implement a District-wide uniform discipline referral form that documents each of the following:
 - a. Student name
 - b. Identity of staff member making referral
 - c. Date and time of incident
 - d. Location of incident
 - e. Description of incident
 - f. Description of interventions attempted prior to incident
 - g. Description of the incident's effect on other students and/or the learning environment
 - h. Parent/guardian contact made (when, how, and by whom)
2. Maintain each of the following data related to student discipline referrals:
 - a. Race of the student referred for discipline
 - b. Gender of the student referred for discipline
 - c. Disability status of the student referred for discipline

b. This review should:

- i. Include input from all members of the school community (administrators, staff, students, parents/guardians, volunteers and community members). Such input may be obtained through school climate surveys, school forums, and the District's parent-teacher advisory committee (established per 105 ILCS 5/10-20.14, amended by P.A.s 103-896 and 104-430) and the behavior interventions committee for students with disabilities (established per 105 ILCS 5/14-8.05).
- ii. Ensure policies and procedures (e.g., an individual school's conduct code) have clear definitions of prohibited student conduct, especially those entailing the subjective exercise of discretion.
- iii. Attempt to incorporate alternative disciplinary measures into Board policies and procedures.
- iv. Implement a system of Positive Behavioral Interventions and Support (PBIS) or, if PBIS has been implemented, analyze and monitor its effectiveness and ways to improve it.

21. Discipline data

a. Data review should analyze each of the following:

- i. Number of referrals by teacher/staff member.
- ii. Race/gender/disability status of referred students by teacher/staff member.
- iii. Overall percentage of student disciplinary referrals by race, gender, and disability status versus the overall percentage of said student groups in the school and District.
- iv. Overall percentage of student disciplinary referrals for a specific offense (i.e., tardy, dress code violation) by race, gender, and disability status versus the overall percentage of said student groups in the school and District.
- v. Overall percentage of student disciplinary referrals resulting in an exclusionary consequence by race, gender, and disability status versus the overall percentage of said student groups in the school and District.
- vi. Overall percentage of student disciplinary referrals resulting in a referral to law enforcement by race, gender, and disability status versus the overall percentage of said student groups in the school and District.
- vii. Comparison of discipline imposed for the same or similar offense for students of different races, gender, and disability statuses.

b. Compare the District's student discipline data with the data from other school districts.

- i. As required by 105 ILCS 5/2-3.162, by Oct. 31 annually, ISBE prepares a report on student discipline from data collected from all Ill. school districts. The report includes data on the issuance of out-of-school suspensions, expulsions, and removals to alternative settings in lieu of another disciplinary action, disaggregated by race and ethnicity, gender, age, grade level, whether a student is an English learner, incident type, and discipline duration. It is available at www.isbe.net/Pages/Expulsions-Suspensions-and-Truants-by-District.aspx.

- ii. As required by 105 ILCS 5/2-3.206, added by P.A. 104-430, on or before Jan. 31, 2029 and annually thereafter, ISBE prepares a report on law enforcement referral data collected from all Ill. school districts. The report includes data on student referrals to law enforcement, disaggregated by race and ethnicity, sex, grade level, whether a student is an English learner, and disability.
- c. If there are any red flags resulting from the data analysis, the discipline committee should meet to determine if there are comparably effective alternative practices or policies that would meet the school's stated educational goal with less of a burden or adverse impact on the disproportionately affected group.

Training

1. Annually train all District staff and school-based law enforcement on each of the following:
 - a. The District's discipline-related policies and procedures, including which behaviors fall into categories of misconduct defined therein so that there is consistency in application.
 - b. How to apply school discipline policies, procedures, and practices in a fair and equitable manner so as not to disproportionately impact students of color, students of a particular gender, students with disabilities, or at-risk students.
 - c. Effective classroom management strategies, recognizing that the removal of students from the classroom is to be used as a last resort.
 - d. How to engage students and support positive behavior, including through any PBIS program implemented in the District.
 - e. Classroom management techniques and resources available to staff who are having difficulty with classroom management.
 - f. The role that school-based law enforcement is expected to play in the discipline process, including when it is or is not appropriate to refer a student to school-based law enforcement.
2. Make reasonable efforts to provide ongoing professional development to all District staff, school board members, and SROs on the requirements of 105 ILCS 5/10-22.6 and 105 ILCS 5/10-20.14, adverse consequences of exclusion and justice system involvement, effective classroom management strategies, culturally responsive discipline, trauma responsive learning environments, the appropriate and available supportive services for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

Notice

Annually notify students and parents/guardians of the District's discipline-related policies and procedures.

1. Use varied communication methods, such as student handbooks, District or school websites, posters, classroom instruction, assemblies, etc.
2. Ensure such notice is provided in an age-appropriate, easily understood manner.
3. Ensure such notice is provided in multiple languages.
4. Explain to students:
 - a. The District's discipline-related policies and procedures, including which behaviors fall into categories of misconduct.
 - b. Their particular school's discipline-related procedures and conduct codes, including which behaviors fall into categories of misconduct.
 - c. Behavior expectations.
 - d. Resources and support services available to students.

Collaboration with Law Enforcement

1. Annually train SROs on the District's discipline-related policies and procedures (if applicable).
2. Review the District's reciprocal reporting agreement with local law enforcement agencies to determine if revisions are necessary.

3. Develop and enter into a memorandum of understanding (MOU) with local law enforcement agencies. The MOU should clearly define law enforcement's role in the District's schools. Follow an existing MOU and suggest modifications as the need arises.

4. A sanitized kit containing a specimen bottle will be given to each student. The bottle will remain in the student's possession until a seal is placed upon the bottle and the student signs that the specimen is sealed. The seal may be broken only by the lab testing the specimen.
5. If the seal is tampered with or broken, after leaving the student's possession and prior to arriving at the lab, the specimen is invalid. The student will remain eligible for extracurricular activities subsequent to a retest.
6. The supervisor obtaining the urine specimen will be of the same gender as the student. Students will be instructed to remove all outerwear and wash their hands in the presence of the supervisor before entering the restroom stall. The stall door will be closed while the student provides a urine specimen. The supervisor will wait outside the restroom stall. The student will have two minutes to produce a urine specimen. The commode will contain a blue dye so the water cannot be used to dilute the sample. The faucets in the restrooms will be turned off.
7. After it is sealed, the specimen will be transported to the testing laboratory by laboratory personnel. The testing laboratory will report the results to the Building Principal or designee.
8. In order to maintain confidentiality, the student's name will not be on the urine specimen container. Instead, the student's random identification number will appear on the container.

Test Results

1. The Building Principal or designee will be notified of a student testing "positive" (i.e., if the test shows that drug residues are in the student's system after using at least two different types of analyses). The Building Principal or designee will notify the student and his or her parent(s)/guardian(s). The student or his/her parent(s)/guardian(s) may submit any documented prescription or explanation of a "positive" test result.
2. In addition, the student or parent(s)/guardian(s) may request that the urine specimen be tested again by a certified laboratory at their cost.
3. If the test is verified "positive," the Building Principal or designee will meet with the student and his or her parent(s)/guardian(s). The student and parent(s)/guardian(s) will be given the names of counseling and assistance agencies. The student may not participate in extracurricular activities until a "follow-up" test is requested by the Building Principal or designee and the results are "negative."
4. A "follow up" test will be requested by the Building Principal or designee after such an interval of time that the substance previously found would normally be eliminated from the body. If this "follow up" test is negative, the student will be allowed to resume extracurricular activities. If a "positive" result is obtained from the "follow up" test, or any later test, the previous procedure shall be repeated. In addition, the School District reserves the right to continue testing at any time during the remaining school year any participating student who had a verified "positive" test.
5. Information on a verified "positive" test result will be shared on a need-to-know basis with the student's coach or sponsor. The results of "negative" tests will be kept confidential.
6. Drug testing result sheets will be returned to the Building Principal or designee identifying students by number and not by name. Names will not be kept in open files or on any computer. Result sheets will be locked and secured in a location to which only the Building Principal or designee has access.

Financial Responsibility

1. Under this policy, the District will pay for all initial random drug tests and all initial "follow up" drug tests. Once a student has a verified "positive" test result and has subsequently tested negative from a "follow up" test, any future "follow up" drug test that must be conducted will be paid for by the student's parent(s)/guardian(s).
2. A request for another test of a "positive" urine specimen is the financial responsibility of the student's parent(s)/guardian(s).

3. Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student's parent(s)/guardian(s).

Confidentiality

Under this drug and alcohol testing program, no staff, coach, or sponsor shall divulge any information to anyone about a particular student or disposition of the student involved, other than in response to a legal subpoena.

Other Rules

Apart from this drug and alcohol testing program, the Ill. High School Association as well as each activity's coaching staff or sponsor may have their own training rules and requirements. Coaches and sponsors have the necessary authority to enforce those rules. Any student-participant who violates a team or activity rule or requirement is subject to the consequences as defined in those rules and requirements.

The following student support services may be provided by the School District:

1. Health services supervised by a qualified school nurse. The Superintendent or designee may implement procedures to further a healthy school environment and prevent or reduce the spread of disease.
2. Educational and psychological testing services and the services of a school psychologist as needed. In all cases, written permission to administer a psychological examination must be obtained from a student's parent(s)/guardian(s). The results will be given to the parent(s)/guardian(s), with interpretation, as well as to the appropriate professional staff.
3. The services of a school social worker. A student's parent/guardian must consent to regular or continuing services from a social worker.

The Superintendent or designee shall develop protocols for responding to students with social, emotional, or mental health needs that impact learning ability. The District, however, assumes no liability for preventing, identifying, or treating such needs.

Erin's Law Counseling Options, Assistance, and Intervention

The Superintendent or designee will ensure that each school building's Student Support Committee identifies counseling options for students who are affected by sexual abuse and grooming behaviors, along with District and community-based options for victims of sexual abuse and grooming behaviors to obtain assistance and intervention. Community-based options must include a Children's Advocacy Center and sexual assault crisis center(s) that serve the District, if any.

Article 26A Domestic or Sexual Violence and Parenting Resource Personnel

The Superintendent or designee will ensure that at least one staff member in each school building is designated as a resource person (Article 26A Resource Person) for students who are parents, expectant parents, or victims of domestic or sexual violence and offers those services required by 105 ILCS 5/26A. See Board policy 7:255, *Students Who are Parents, Expectant Parents, or Victims of Domestic or Sexual Violence*. Upon request of the Article 26A Student or his or her parent/guardian, be given a meaningful opportunity to make up any examination, study, or work requirement that the student missed. |

Initial Response

Upon learning or suspecting that a student is a parent, expectant parent, or victim of domestic or sexual violence, the Article 26A Resource Person will contact the student to:

1. Connect the student with appropriate in-school services or other agencies, programs, or services, as needed. 105 ILCS 5/26A-35, added by P.A. 102-466, a/k/a *ESS Law*. See the **Article 26A Support Services** subhead, below.
2. Assist the student to exercise and preserve their Article 26A rights. Id.
3. Provide the student, if 12 years of age or older, with written notice of the availability of counseling without parent/guardian consent under 405 ILCS 5/3-550. 105 ILCS 5/26A-40(h), added by P.A. 102-466, a/k/a *ESS Law*.

If the student claims Article 26A status as a victim of domestic or sexual violence, the Article 26A Resource Person will then request verification of this status from the student or their parent/guardian as follows (105 ILCS 5/26A-45, added by P.A. 102-466, a/k/a *ESS Law*):

1. Notifies the student or parent/guardian that they must provide one of the following forms of verification of their choosing:
 - a. A written statement from the student, or anyone who has knowledge of the circumstances, that supports the student's claim. This may be in the form of a complaint.
 - b. A police report, governmental agency record, or court order.
 - c. A statement or other documentation from a domestic or sexual violence organization or any other organization from which the student sought services or advice.
 - d. Documentation from a lawyer, clergy person, medical professional, or other professional from whom the student sought services or advice related to domestic or sexual violence.
 - e. Any other evidence, such as physical evidence of violence, which supports the claim.
2. Reviews verification submitted by the student or their parent/guardian to determine whether it is acceptable.
 - a. If the verification provided is acceptable, informs the student that their status has been verified.
 - b. If the verification provided is not acceptable, informs the student that verification is insufficient and requests additional verification in one of the forms identified above.
 - c. Once the student's status has been verified, the District cannot request additional verification for a status claim involving the same perpetrator or same incident of violence. Id.

To verify domestic or sexual violence, the District **cannot** contact the person named to be the perpetrator, the perpetrator's family, or any other person named by the student or the student's parent/guardian to be unsafe to contact. The only exception is if the District determines it has an obligation to do so under State or federal law, or due to safety concerns for the school community, including the victim. In such cases, before making contact, the District must provide prior written notice to the student and their parent/guardian in a developmentally appropriate manner, and meet with the student and parent/guardian to discuss and address any safety concerns related to making such contact. Id. **Contact the board attorney for guidance in such circumstances.**

Administrative Procedure - Protocol for Responding to Students with Social, Emotional, or Mental Health Needs

Student Support Committee

Each Building Principal shall annually appoint a building-level Student Support Committee that shall have the tasks described in this Administrative Procedure. Committee members must be school staff members who are qualified by professional licensing or experience to address issues concerning students who may have social, emotional, or mental health needs. As needed on a case-by-case basis, the Student Support Committee may request the involvement of the Building Principal, relevant teachers, and the parents/guardians. Records produced and shared among Committee members may be subject to laws governing student records. Confidential information given by a student to a therapist is governed by the Mental Health and Developmental Disabilities Confidentiality Act, 740 ILCS 110/.

Children's Mental Health Partnership's Plan and Annual Progress Reports

The Illinois Children's Mental Health Partnership (ICMHP) develops and updates its statewide Children's Mental Health Plan (CMH Plan). The CMH Plan is a statewide strategic blueprint or *roadmap* to promote and improve the children's mental health system and covers a range of recommendations and strategies necessary to reforming the children's mental health system in Illinois. By Dec. 30 of each year, the ICMHP must submit an annual progress report to the Governor for approval. The Student Support Committee will monitor the annual ICMHP progress report and the CMH Plan, both available at: <https://dph.illinois.gov/topics-services/life-stages-populations/maternal-child-family-health-services/child-health/icmhp.html>. After reviewing both documents, the Student Support Committee will decide how to implement its recommendations and strategies as appropriate within the resources available in the District.

Referrals

Staff members should refer a student suspected of having social, emotional, or mental health needs to the building-level Student Support Committee. The Student Support Committee will review information about a referred student, including prior interventions, and suggest appropriate steps for referral and follow-up. The Student Support Committee may offer strategies to a referred student's classroom teachers and parents/guardians about ways they can manage, address, and/or enhance the student's social and emotional development and mental health. In addition, the Student Support Committee may recommend coordinated educational, social work, school counseling, student assistance services, and/or a case study evaluation, as well as referrals to outside agencies.

Referrals under this procedure are unrelated to the special education evaluation process and do not trigger the District's timeline for evaluations. However, the use of these procedures shall not circumvent the special education process. See Administrative Procedure 6:120-AP1, *Special Education Procedures Assuring the Implementation of Comprehensive Programming for Children with Disabilities*.

School Counseling, School Social Work, School Psychological, and School Nursing Services

The Student Support Committee may request school counselors, school social workers, school psychologists, and school nurses to provide support and consultation to teachers and school staff about strategies to promote the social and emotional development and mental health of all students. They may also be requested to provide screening and early detection approaches to identify students with social, emotional, and mental health needs.

School counselors, school social workers, school psychologists, and school nurses will inform parents/guardians of all issues that pose a health and/or safety risk; they will inform the Building Principal of any health or safety risks that are present in the school.

Psycho-Educational Groups As appropriate, the Student Support Committee may recommend that a student participate in a variety of psycho-educational groups. These groups are typically led by school counselors, social workers, or psychologists, but are not structured as therapeutic services. Groups are designed to help students better understand issues and develop strategies to manage issues of concern to them that may, if not addressed, interfere significantly with the students' educational progress or school adjustment. Groups have a written curriculum that guides discussion over a set period of time, generally five weeks. A student may participate in a group without parent/guardian permission for one such time period; subsequent enrollment in the same group requires parent/guardian permission.

Students in a group who present significant concern and for whom therapeutic services must be considered will be referred to the social workers, psychologists, or school counselors for individual consultation. (See above description of these services.)

Erin's Law Counseling Options, Assistance, and Intervention The Student Support Committee shall identify District and community-based counseling options for students who are affected by sexual abuse and grooming behaviors, along with options for victims of sexual abuse to obtain assistance and intervention. Community-based options must include a Children's Advocacy Center and sexual assault crisis center(s) that serve the District, if any.

Article 26A Domestic or Sexual Violence and Parenting Resource Personnel

The Student Support Committee shall assist the designated resource person (Article 26A Resource Person) for students who are parents, expectant parents, or victims of domestic or sexual violence (Article 26A Students) to identify in-school and non-school-based support service options for such students. Every two years, the Student Support Committee shall assist the Superintendent or designee, Building Principal, and Article 26A Resource Person to review all Board policies and procedures that may act as barriers to the enrollment and re-enrollment, attendance, graduation, and success in school of any Article 26A Student and to recommend any necessary updates. See administrative procedure 7:255-AP1, *Supporting Students Who are Parents, Expectant Parents, or Victims of Domestic or Sexual Violence*.

School and Community Linkages

When possible, the Student Support Committee shall seek to establish linkages and partnerships with diverse community organizations with the goal of providing a coordinated, collaborative early intervention social and emotional development and mental health support system for students that is integrated with community mental health agencies and organizations and other child-serving agencies and systems.

Initial Response

Upon learning or suspecting that a student is a parent, expectant parent, or victim of domestic or sexual violence, the Article 26A Resource Person will contact the student to:

1. Connect the student with appropriate in-school services or other agencies, programs, or services, as needed. 105 ILCS 5/26A-35, added by P.A. 102-466, a/k/a *ESS Law*, eff. 7-1-25. See the **Article 26A Support Services** subhead, below.

If the student claims Article 26A status as a victim of domestic or sexual violence, the Article 26A Resource Person will then request verification of this status from the student or their parent/guardian as follows (105 ILCS 5/26A-45, added by P.A. 102-466, a/k/a *ESS Law*, eff. 7-1-25):

1. Notifies the student or parent/guardian that they must provide one of the following forms of verification of their choosing:

 - e. Any other evidence, such as physical evidence of violence, which supports the claim.
2. Reviews verification submitted by the student or their parent/guardian to determine whether it is acceptable.
 - a. If the verification provided is acceptable, informs the student that their status has been verified.
 - b. If the verification provided is not acceptable, informs the student that verification is insufficient and requests additional verification in one of the forms identified above.
 - c. Once the student's status has been verified, the District cannot request additional verification for a status claim involving the same perpetrator or same incident of violence. *Id.*

To verify domestic or sexual violence, the District **cannot** contact the person named to be the perpetrator, the perpetrator's family, or any other person named by the student or the student's parent/guardian to be unsafe to contact. The only exception is if the District determines it has an obligation to do so under State or federal law, or due to safety concerns for the school community, including the victim. In such cases, before making contact, the District must provide prior written notice to the student and their parent/guardian in a developmentally appropriate manner, and meet with the student and parent/guardian to discuss and address any safety concerns related to making such contact. Id. **Contact the board attorney for guidance in such circumstances.**

10. Standard of Proof. All determinations are based upon the *preponderance of evidence* standard. Id. at (c)(1). Preponderance of the evidence is defined to mean “the greater weight of the evidence, not necessarily established by the greater number of witnesses testifying to a fact but by evidence that has the most convincing force.” Black’s Law Dictionary, 11th ed. 2019.
11. Right to Appeal. The Complainant, Respondent, or any named perpetrator directly impacted by the results of the Complaint Resolution Procedure may appeal as described in **Section D. Appeals**, below.

B. Access to Support Services

After a Complaint is filed and an investigation is underway, the District will offer and coordinate interim protective measures and support services, as appropriate and available, for a Complainant pending the resolution of the Complaint. Such services will include those identified in the **Article 26A Support Services** subhead in administrative procedure 7:255-AP1, *Supporting Students Who are Parents, Expectant Parents, or Victims of Domestic or Sexual Violence*.

C. Investigation and Determination

The Complaint Resolver follows these steps when investigating the allegations in a Complaint. The Complaint Resolver shall make all reasonable efforts to complete the investigation and issue a written determination regarding whether an Article 26A violation occurred within 30 school business days. The Complaint Resolver will take steps to interview all parties, view any recorded forensic interviews, review other forms of evidence, and conduct interviews and follow-up interviews, as needed.

During the investigation, the Complainant and Respondent:

1. Will have the opportunity to provide or present evidence and witnesses on their behalf;
2. May have a representative or support person accompany them to any meeting related to the Complaint, so long as the representative or support person does not unduly delay the meeting and the representative or support person complies with any District rules;
3. May not directly or through a representative question one another or any witnesses; and
4. May, at the discretion of the Complaint Resolver, suggest questions for the Complaint Resolver to pose during the investigation.

Witnesses interviewed by the Complaint Resolver may also have a representative or support person accompany them to any meeting related to the Complaint, under the same conditions identified above. If any person’s representative or support person violates District rules or engages in behavior or advocacy that is harassing, abusive, or intimidating, the representative or support person may be prohibited from further participation. Id. at (c)-(e).

Following the investigation, the Complaint Resolver will make a determination based on the *preponderance of evidence* standard. Within 10 business days after thereafter, the Complaint Resolver will provide simultaneous written notice of the determination to the Complainant, Respondent, and any named perpetrator directly impacted by the results of the Complaint Resolution Procedure. Written notice shall include information regarding appeal rights and procedures. Id. at (f).

Exemption from Physical Education

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. Upon written notice from a student's parent/guardian, a student will be excused from engaging in the physical activity components of physical education during a period of religious fasting.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents his or her participation in the physical education course.

State law prohibits the Board from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education must receive that service in accordance with his or her Individualized Educational Program/Plan (IEP).

A student in grades 9-12, unless otherwise stated, may submit a written request to the Building Principal to be excused from physical education courses for the reasons stated in 6:310, *High School Credit for Non-District Experiences; Course Substitutions; Re-Entering Students*.

Students in grades 7 and 8 may submit a written request to the Building Principal to be excused from physical education courses because of his or her ongoing participation in an interscholastic or extracurricular athletic program. The Building Principal will evaluate requests on a case-by-case basis.

The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases;
2. The student's class schedule; and
3. The student's future or planned additional participation in activities qualifying for substitutions for physical education as outlined in policy 6:310, *High School Credit for Non-District Experiences*;

Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed *School Medication Authorization Form (SMA Form)* is submitted by the student's parent/guardian.

No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed an *SMA Form*. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a *qualifying plan*, provided the student's parent/guardian has completed and signed an *SMA Form*. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an allergy emergency action plan, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act. A student may also possess the supplies and equipment necessary to monitor and treat diabetes in accordance with the student's diabetes care plan and/or the supplies, equipment, and medication necessary to treat epilepsy in accordance with the student's seizure action plan.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

School District Supply of Undesignated Asthma Medication

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated asthma medication in the name of the District and provide or administer them as necessary according to State law. *Undesignated asthma medication* means an asthma medication prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having *respiratory distress*.

Respiratory distress may be characterized as *mild-to-moderate* or *severe*. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

School District Supply of Undesignated Epinephrine Injectors

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated epinephrine injectors in the name of the District and provide or administer them as necessary according to State law. *Undesignated epinephrine injector* means an epinephrine injector prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

School District Supply of Undesignated Opioid Antagonists

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated opioid antagonists and provide or administer them as necessary according to State law. *Opioid antagonist* means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. *Undesignated opioid antagonist* is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools or obtained by the District without a prescription. A school nurse or trained personnel, as defined in State law, may administer an undesignated opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law. See the website for the Ill. Dept. of Human Services for information about opioid prevention, abuse, public awareness, and a toll-free number to provide information and referral services for persons with questions concerning substance abuse treatment.

School District Supply of Undesignated Oxygen Tanks

In schools where the District maintains special educational facilities, the Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated oxygen tanks in the name of the District and provide or administer them as necessary. The supply shall be maintained in accordance with manufacturer instructions and local fire department rules.

School District Supply of Undesignated Glucagon

The Superintendent or designee shall implement 105 ILCS 145/27 and maintain a supply of undesignated glucagon in the name of the District in accordance with manufacturer's instructions.

When a student's prescribed glucagon is not available or has expired, a school nurse or delegated care aide may administer undesignated glucagon only if he or she is authorized to do so by a student's diabetes care plan.

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a *medical cannabis infused product* to be administered to a student by one or more of the following individuals:

1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

- a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
 - b. Copies of the registry identification cards are provided to the District;

3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

The student's parent/guardian must also ask the student's health care provider to complete a <i>School Medication Authorization Form – Medical Cannabis</i>. 105 ILCS 5/22-33(b-5), added by P.A. 101-370.</p> <p>The designated caregiver shall be allowed to administer a <i>medical cannabis infused product</i> (product) to the student on the premises of the child's school or on the child's school bus. The product must be immediately removed from school premises or the school bus after administration. 105 ILCS 5/22-33(b), amended by P.A.s 101-363 and 101-370.</p> <p>Note: State law does not require school personnel to administer medical cannabis to students. The school nurse or an administrator is allowed to administer a product to the student on the premises of the child's school, at a school-sponsored activity, or before/after normal school activities, including while the student attends before-school or after-school care on school-operated property or while being transported on a school bus. 105 ILCS 5/22-33(b-5), added by P.A. 101-370. The District may also allow a qualifying student to self-administer product if the self-administration takes place under the direct supervision of a school nurse or administrator. <u>Id.</u></p> <p>A product administered by a school nurse or administrator, or self-administered under the supervision of a school nurse or administrator, must be stored at school with the school nurse at all times in a manner consistent with storage of other student medication at the school and may be accessible only by the school nurse or an administrator. 105 ILCS 5/22-33(b-10), added by P.A. 101-370.</p> <p>For a student with diabetes: The parent/guardian is responsible for</p> |

sharing the health care provider's instructions. When the student is at school, the student's diabetes will be managed according to a diabetes care plan, if one exists. To the extent there is any conflict between the diabetes care plan and this Procedure, the diabetes care plan shall control. See Care of Students with Diabetes Act, 105 ILCS 145/. Last, the Public Self-Care of Diabetes Act allows a person with diabetes (or a parent/guardian of a person with diabetes) to self-administer insulin (or administer insulin) in any location, public or private, where the person is authorized to be irrespective of whether the injection site is uncovered during or incidental to the administration of insulin (410 ILCS 135/).

For a student with epilepsy: The parent/guardian is responsible for sharing the health care provider's instructions. When the student is at school, the student's epilepsy will be managed according to a seizure action plan, if one exists. To the extent there is any conflict between the seizure action plan and this Procedure, the seizure action plan shall control. See Seizure Smart School Act, 105 ILCS 150/, added by P.A. 101-50.

For a student with asthma: The parent/guardian is responsible for sharing the student's asthma action plan. When the student is at school, the student's asthma will be managed according to an asthma action plan, if one exists. To the extent there is any conflict between the student's asthma action plan and this Procedure, the asthma action plan shall control. See 105 ILCS 5/22-30(j-5). Asthma emergencies shall be managed pursuant to the District's asthma emergency response protocol. 105 ILCS 5/22-30(j-10).

Note: The Ill. State Board of Education (ISBE)'s model asthma episode emergency response protocol required by 105 ILCS 5/22-30(j-10), that must be incorporated in the District's procedure is available at: www.isbe.net/Documents/asthma_response_protocol.pdf.

When developing the District's model protocol, consider that a district may be liable for injury to an asthmatic student during a medical emergency if the district does not respond by immediately calling 911. See In re Estate of Stewart, 406 Ill.Dec. 345 (2nd Dist. 2016); In re Estate of Stewart, 412 Ill.Dec. 914 (Ill. 2017)(school district's appeal denied). Consult the board attorney about: (1) whether all asthma action plans should require immediate 911 calls based upon Stewart; and (2) the duties and responsibilities of a district when it asks for, but does not receive, an asthma action plan from a parent/guardian and the logistics of distributing any received plans to those employees who need to know based upon Stewart.

A student with asthma is allowed to self-administer and self-carry asthma medication if the student's parents/guardians provides the school with: (1) written authorization for the self-administration and/or self-care of asthma medication; and (2) the prescription label containing the name of the asthma medication, the prescribed dosage, and the time at which or circumstances under which the asthma medication is to be

administered. 105 ILCS 5/22-30(b).

For a student self-administering medication: A student with an asthma action plan, an Individual Health Care Action Plan, an Illinois Food Allergy Emergency Action and Treatment Authorization Form, a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or a plan pursuant to the federal Individuals with Disabilities Education Act is allowed to self-administer medication if the student's parent/guardian provides the school with: (1) written permission for the student's self-administration of medication; (2) written authorization from the student's physician, physician assistant, or advanced practice registered nurse for the student to self-administer the medication; and (3) the prescription label containing the name of the medication, the prescribed dosage, and the time(s) or circumstances under which the medication is to be administered. 105 ILCS 5/10-22.1b(c), added by P.A. 101-205.

If the child's physician, physician assistant, advanced practice registered nurse, dentist, or other health care provider who has authority to prescribe medications authorizes a child to self-administer medication, then ask the health care provider to complete a *School Medicine Authorization Form (SMA Form)*. **This form must be completed and given to the school before the school will store or dispense any medication, before a child may possess asthma medication or an epinephrine injector, and before a child will be allowed to self-administer any medication.**

If a student is on a medication on an indefinite or long-term basis, file a new *SMA Form* every year.

Bring the medication to the school office. If the medicine is for asthma or is an epinephrine injector, a student may keep possession of it for immediate use at the student's discretion: (1) while in school, (2) while at a school-sponsored activity, (3) while under the supervision of school personnel, or (4) before or after normal school activities, such as while in before-school or after-school care on school-operated property. 105 ILCS 5/22-30(e).

Bring other prescription medications to the school in the original package or appropriately labeled container. The container shall display:

- Student's name
- Prescription number
- Medication name and dosage
- Administration route and/or other direction
- Date(s) and Time(s) to be taken
- Licensed prescriber's name
- Pharmacy name, address, and phone number

Bring non-prescription medications to school in the manufacturer's original container with the label indicating the ingredients and the student's name affixed.

At the end of the treatment regime, remove any unused medication from the school.

Administrative Procedure - Checklist for District Supply of Undesignated Medication(s)

The District maintains and administers the undesignated medication(s) and treatment identified below in accordance with State and federal law (*check all that apply*):

- ☐ Undesignated Glucagon (UG)
- ☐ Undesignated Asthma Medication (UAM)
- ☐ Undesignated Epinephrine Injector(s) (UEIs)
- ☐ Undesignated Opioid Antagonist(s) (UOAs) (required by 105 ILCS 5/22-30(f), amended by P.A. 103-348, unless there is a shortage, in which case the District must make a reasonable effort to maintain a supply)
- ☐ Undesignated Oxygen Tank(s) (UOT)
- ☐ The Superintendent, school nurse, and/or other necessary school officials should consult the Board Attorney to develop a plan to implement 105 ILCS 5/22-30 and 105 ILCS 145/27.
- ☐ Obtain a prescription to maintain a supply of one or all of the following: undesignated asthma medication (UAM), epinephrine injector(s) (UEIs), opioid antagonist(s) (UOAs) (unless the District is able to secure a supply without a prescription), undesignated glucagon (UG), and/or undesignated oxygen tank(s) (UOTs) in the District's name pursuant to 105 ILCS 5/22-30(f), amended by P.A. 103-196, and 105 ILCS 145/27.
- ☐ Designate a secure location(s) to store undesignated medication. For UAM, UEIs, and/or UOAs, this is where persons needing these medications are most at risk and for UOTs, where a person with developmental disabilities is most at risk. 105 ILCS 5/22-30(f), amended by P.A. 103-196. For UEIs and UOTs, this includes but is not limited to locations accessible before, during, and after school, such as classrooms and lunchrooms. *Id.* For additional storage procedures for UEIs, see 7:285-AP, *Anaphylaxis Prevention, Response, and Management Program*. For UAM, this includes but is not limited to, a classroom or the nurse's office. *Id.* For UG, this is where it is immediately accessible to a school nurse or delegated care aide. 105 ILCS 145/27. For UOTs, the supply must be maintained in accordance with the manufacturer's instructions and any local fire department rules.
- ☐ Develop a method for maintaining an inventory of UAM, UEIs, UOAs, UG, and UOTs. The inventory should list the expiration dates of the UAM, UEIs, UOAs, UG, and UOTs.
- ☐ Identify procedures for a log or other recordkeeping of provisions, or administrations of UAM, UEIs, UOAs, UG, and UOTs.
- ☐ Maintain a list in each building administrator and/or his or her corresponding school nurse's office that includes the names of *trained personnel* who have received a statement of certification pursuant to State law, or in the case of UOTs, have received appropriate training on the use and storage of emergency oxygen.
- ☐ Develop procedures to implement any prescribed standing protocol for the provision, or administration of UAM, UEIs UOAs, UG, and/or UOTs including calling 911 and noting any instructions given by Emergency Management Services (EMS). 105 ILCS 5/22-30, amended by P.A. 103-196 and 23 Ill.Admin.Code §1.540(d). Follow administrative procedure 7:285-AP, *Anaphylaxis Prevention*,

Response, and Management Program, for UEI administration procedures. Upon any administration of any epinephrine injector, or opioid antagonist, procedures must include:

1. Immediate activation of the EMS system. 105 ILCS 5/22-30(f-5). 105 ILCS 5/22-30(f-5) does not address contacting EMS upon the administration of any asthma medication (so asthma medication is excluded from introductory clause above). This may mean that the Ill. General Assembly did not intend for school personnel to notify EMS when administering a student's *prescribed* asthma medication (as opposed to UAM). However, 105 ILCS 5/22-30(j-5) requires asthma action plans. Some attorneys advise that all asthma action plans mandate an immediate 911 call based upon In re Estate of Stewart, 406 Ill.Dec. 345 (2nd Dist. 2016); In re Estate of Stewart, 412 Ill.Dec. 914 (Ill. 2017) (school district's appeal denied) (holding that a teacher's failure to dial 911 immediately upon a student's asthma attack was willful and wanton conduct, subjecting the school district to liability and barring immunity protections under the Local Governmental and Governmental Employees Tort Immunity Act). Consult the Board Attorney about whether to contact EMS when *any* asthma medication is administered and whether to contact EMS when any oxygen is administered, as the School Code also does not address this issue.
2. Notification to the student's parent, guardian, or emergency contact, if known. 105 ILCS 5/22-30(f-5) and 105 ILCS 5/22-30(f), amended by P.A. 103-196, do not address contacting the student's parent, guardian, or emergency contact upon the administration of any asthma medication or undesignated oxygen. See the discussion in number 1, above, about asthma action plans, and consult the Board Attorney.

- ☐ Determine how the District will identify the student populations whose parents/guardians:
1. Have not completed and signed an *SMA Form*, or
 2. Have not provided asthma medication, an epinephrine injector, opioid antagonist, glucagon, and/or oxygen, as applicable to the student, for a student for use at school, even though they have completed the *SMA Form*.
- ☐ Determine when the school nurse will provide or administer the UAM, UEIs, UOAs, UG, and/or UOTs as applicable, to students.

The school nurse or *trained personnel* may:

1. Provide an UAM or UEI, as applicable to the situation, that meets the prescription on file in the *SMA Form* to:
 - a. Any student for his or her self-administration only. 105 ILCS 5/22-30(a); 105 ILCS 5/22-30 (b-10)(i) and(v); 105 ILCS 5/10-22.21b.

- b. Any personnel authorized under a student's specific Individual Health Care Action Plan, emergency allergy action plan, Section 504 plan, or individualized education program plan (IEP). 105 ILCS 5/22-30(b-5) and (b-10), amended by P.A. 103-175.
 2. Administer a UEI to any student that the school nurse or trained personnel in good faith believes is having an anaphylactic reaction even though the parent/guardian has not completed and signed an *SMA Form* or otherwise granted permission to administer the epinephrine injector. 105 ILCS 5/22-30(b-10)(iii). Follow the procedures for administration of UEIs in administrative procedure 7:285-AP, *Anaphylaxis Prevention, Response, and Management Program*. **Note:** *Trained personnel* are different than *any personnel authorized* in 1.b., above. 105 ILCS 5/22-30(a). *Trained personnel* means any school employees or volunteer personnel who are (a) authorized in Sections 10-22.34, 10-22.34a, and 10-22.34b of the School Code, (b) annually trained online or in person to recognize and respond to anaphylaxis, an opioid overdose, or respiratory distress through a training curriculum developed by ISBE, and (c) submitting proof to their school's administration that they have completed: (i) the annual training, and (ii) a cardiopulmonary resuscitation (CPR) and automated external defibrillator (AED) certification. 105 ILCS 5/22-30(a) and (g); 23 Ill.Admin.Code §1.540(e). For training resources, see the *Allergies & Undesignated Epinephrine* drop down menu at: www.isbe.net/Pages/School-Nursing.aspx.
 3. Administer a UOA to any student that the school nurse or *trained personnel* in good faith believes is having an opioid overdose even though the parent/guardian has not completed and signed an *SMA Form* or otherwise granted permission to administer the opioid antagonist. 105 ILCS 5/22-30(b-10)(iv). **Note:** *Trained personnel* are different than *any personnel authorized*. See number 2, directly above. 105 ILCS 5/22-30(a). *Trained personnel* means any school employees or volunteer personnel who are (a) authorized in 105 ILCS 10-22.34, 10-22.34a, and 10-22.34b, (b) trained online or in person to recognize and respond to opioid overdoses through a training curriculum that complies with the Alcoholism and Other Drug Abuse and Dependency Act, 20 ILCS 301/5-23, and (c) who have submitted proof to their school's administration that they have completed the training. 105 ILCS 5/22-30(g), amended by P.A. 103-348; 23 Ill.Admin.Code §1.540(e). The law does not provide a deadline for a training curriculum, but it does require ISBE and the Ill. Dept. of Human Services to develop a Substance Abuse Prevention and Recovery Instruction Resource Guide, available at: www.isbe.net/Pages/Substance-Use-Prevention-and-Recovery-Instruction-Resource-Guide.aspx. 105 ILCS 5/22-81, amended by P.A. 103-399.
 4. Administer UAM to any student that the school nurse or *trained personnel* in good faith believes is having respiratory distress even though the parent/guardian has not completed and signed an *SMA Form* or otherwise granted permission to administer the asthma medication. 105 ILCS 5/22-30(b-10)(vii). See numbers 2 and 3, directly above for discussions between *any personnel authorized* and *trained personnel*. For training resources, see www.isbe.net/Pages/School-Nursing.aspx.
 5. Administer UG, as applicable to the situation, for a student with a completed *SMA Form* granting permission for UG use that matches the prescription listed on the form and is also consistent with the student's diabetes care plan, if the student's prescribed glucagon is not available on-site or has expired. For training resources, see www.isbe.net/Pages/School-Nursing.aspx.
 6. Administer a UOT to any student that the school nurse or other personnel with appropriate training determines requires it even though the parent/guardian has not completed and signed an *SMA Form* or otherwise granted permission to administer the undesignated oxygen.
- ☐ Assess how to manage requests from parents/guardians who wish to *opt-out* of the UAM, UEIs, UOAs, UG, or UOTs being available to their child.

The School Code does not provide a mechanism for a student or his or her parent/guardian to *opt-out* of the administration of the District's supply of UAM, UEIs, or UOAs when a nurse and/or *trained*

personnel in good faith professionally believe a student is experiencing respiratory distress, having an anaphylactic reaction, or having an opioid overdose, respectively. Nor does the law address parent/guardian opt-out of the administration of the District's supply of UOTs. While there may be religious, health, or other reasons that a student's parent/guardian may wish to *opt-out* of the administration of UAM, UEI, UOA, or UOT to their child, the law does not provide a way for parents/guardians to do so. Management of this issue should be discussed with the Board Attorney. For additional guidance on this issue, see Board policy 7:275, *Orders to Forgo Life-Sustaining Treatment*.

- Determine how to notify all parents/guardians about how UAM, UEIs, UOAs, and/or UOTs may be provided or administered to students.

If the District maintains a supply of UAM, UEIs, and/or UOAs, it must notify parents/guardians of the protections from liability granted to it and the prescribing physician by 105 ILCS 5/22-30(c) and (c-5). There are two groups of parents/guardians that the District must notify: (1) parents/guardians of students who have previously signed a *SMA Form*, and (2) parents/guardians of all students.

For parents/guardians who have previously signed the *SMA Form*, 105 ILCS 5/22-30(c), requires the District to provide additional notice that the physician(s)/individual(s) with prescriptive authority providing the standing protocol and prescription for the District's supply of UAM, UEIs, and UOAs are protected from liability, except for willful or wanton conduct arising from the use of UAM, UEI, or UOA regardless of whether authorization was given by the student, parent/guardian, or student's physician. Discuss with the Board Attorney whether to amend the District's form(s) to include this language.

For parents/guardians of all students, 105 ILCS 5/22-30(c), requires parents/guardians to be informed that: (1) the District maintains a supply of UAM, UEIs, and/or UOAs, and (2) the District and the prescribing physician(s)/physician assistant(s)/advanced practice registered nurse(s) are protected from liability when the school nurse and/or *trained personnel* administer UAM, UEI, and/or UOA to any student when these individuals in good faith professionally believe that the student is experiencing respiratory distress, having an anaphylactic reaction, or having an opioid overdose, respectively. A parent/guardian shall be asked to acknowledge the notification by signing it and returning it to the school, however, a parent/guardian's failure to sign and return the notification shall not preclude a school nurse or other trained personnel from administering UAM, UEIs, or UOAs under the circumstances described in the School Code. Parents/guardians do not have the right to opt out their child from the administration of UAM, UEIs, and/or UOAs. 23 Ill.Admin.Code §1.540(b)(1)-(2). There are several methods to inform parent/guardians of this information, e.g., receipt of handbook signature, or see exhibit 7:270-E1, *School Medication Authorization Form*. Discuss with the Board Attorney the method that works best for the District.

Note: The School Code does not require that the District give parents/guardians notice regarding its supply of UOTs, but it is a best practice to inform them. Consult the Board Attorney regarding the content of any notices about UOTs.

Administrative Procedure - Managing Students with Communicable or Infectious Diseases

If a student's communicable or infectious disease affects his or her ability to participate in the District's educational programs, he or she shall be treated as a *disabled person* under Section 504 of the Rehabilitation Act of 1973, unless the student has already qualified for and is receiving services through an IEP under the Individuals with Disabilities in Education Act. For students with an IEP, the District's Administrative Procedure, 6:120-AP1, *Special Education Procedures Assuring the Implementation of Comprehensive Programming for Children with Disabilities*, must also be followed and it will control whenever there is a conflict with these procedures.

Rules and guidance from the Ill. State Board of Education (ISBE) and Ill. Dept. of Public Health (IDPH) should be consulted and supersede these procedures. Guidance documents and important information include:

1. *Communicable Disease Guide*, revised 2002, available at www.idph.state.il.us/health/infect/comm_disease_guide.pdf.
2. *Management of Chronic Infectious Diseases in Schoolchildren*, revised in 2003 by ISBE and IDPH, available at www.isbe.net/Documents/chronic_diseases.pdf.
3. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois (20 ILCS 2310/) and the Department of Professional Regulation Law of the Civil Administrative Code of Illinois (20 ILCS 2105/) both expanded the statutory authority of the governor and IDPH to respond to significant threats to the public health.

| Parents/Guardians or any staff member | Notifies the Building Principal if a student with a communicable or infectious disease shows a lack of control of bodily secretions, has open sores that cannot be covered, or demonstrates behavior (e.g., biting) that could result in direct inoculation of potentially infected body fluids into the bloodstream. |

Exhibit - Reporting and Exclusion Requirements for Common Communicable Diseases

The following chart contains requirements from rules adopted by the Ill. Dept. of Public Health (IDPH). They provide routine measures for the control of communicable diseases by establishing progressive initiatives for implementing disease-reporting and exclusions measures. School personnel must notify the local health authority if they have knowledge of a known or suspected case or carrier of communicable disease, and such reports must be kept confidential. 77 Ill.Admin.Code §690.200.

Diseases and Conditions, 77 Ill.Admin.Code §690.100

The following are declared to be contagious, infectious, or communicable and may be dangerous to the public health. The Section number associated with the listed diseases or conditions indicates the Section of the rules explaining the notifiable disease or condition. Diseases and conditions are listed alphabetically by class. Every class has a different timeframe for mandatory reporting to IDPH.

Standard precautions refers to infection prevention and control measures for healthcare settings that apply to all patients regardless of diagnosis or presumed infection status. 77 Ill.Admin.Code §690.10.

Contact precautions refers to infection control measures for healthcare settings designed to reduce the risk of transmission of infectious agents that can be spread through direct contact with the suspected or known case or indirect contact with potentially infectious items or surfaces. 77 Ill.Admin.Code §690.10.

Droplet precautions refers to infection prevention and control measures for healthcare settings designed to reduce the risk of transmission of infectious agents via large particle droplets that do not remain suspended in the air and are usually generated by coughing, sneezing, or talking. 77 Ill.Admin.Code §690.10.

Case refers to any living or deceased person having a recent illness due to a notifiable condition. 77 Ill.Admin.Code §690.10.

Class I(a) Diseases or Conditions

IDPH will make recommendations for control of contacts based on transmissibility and severity of illness caused by the novel strain. |
| Diphtheria, §690.380 | The case shall be isolated until two successive cultures from both throat and nose (and skin lesions in cutaneous diphtheria) are negative for diphtheria bacilli or when a virulence test proves the bacilli to be avirulent. The first culture shall be taken not less than 24 hours after completion of antibiotic therapy and the second culture shall be taken not less than 24 hours after the first. If culturing is unavailable or impractical, isolation may be ended after 14 days of effective appropriate antimicrobial therapy. |
| Influenza A, Novel or Variant Virus, §690.469 | IDPH will make recommendations as information becomes known about the transmissibility of the novel or variant influenza virus. IDPH will make recommendations for control of contacts based on transmissibility and severity of the illness caused by the novel or variant influenza A strain. (See the f/ns of sample policy 4:180, <i>Pandemic Preparedness; Management; and Recovery</i> , for information and resources regarding influenza epidemics in schools; administrative procedure 4:180-API, <i>School Action Steps for Pandemic Influenza or Other Virus/Disease</i> ; and administrative procedure 4:180-AP2, <i>Pandemic Influenza Surveillance and Reporting</i> .) |

Reporting of Sexually Transmissible Infections, 77 Ill.Admin.Code 693.30

The following sexually transmitted infections are reportable by health care professionals only (which includes advanced practice nurses, licensed nurses (including school nurses), or other persons licensed or certified to provide health care services of any kind to the local health department, or if none exists, to IDPH. Reports are strictly confidential and must be made within seven days after the diagnosis or treatment.

Exclusion Criteria for Non-Reportable Diseases and Illnesses

There are a number of diseases and illnesses that have either never been reportable or no longer need to be reported under IDPH rules. However, some of these conditions may still pose a health risk and require exclusion from school. IDPH has published a chart which includes diseases and illnesses that do not require reporting of individual cases (as well as more common diseases those that do need to be reported), but may still require exclusion from school. Please refer to 77 Ill.Admin.Code §690.110, and the following link for further guidance at: <https://dph.illinois.gov/content/dam/soi/en/web/idph/files/publications/commchartschool-032817.pdf>

Students

Anaphylaxis Prevention, Response, and Management Program

School attendance may increase a student's risk of exposure to allergens that could trigger anaphylaxis. Students at risk for anaphylaxis benefit from a School Board policy that coordinates a planned response in the event of an anaphylactic emergency. Anaphylaxis is a severe systemic allergic reaction from exposure to allergens that is rapid in onset and can cause death. Common allergens include animal dander, fish, latex, milk, shellfish, tree nuts, eggs, insect venom, medications, peanuts, soy, and wheat. A severe allergic reaction usually occurs quickly; death has been reported to occur within minutes. An anaphylactic reaction can also occur up to one to two hours after exposure to the allergen.

While it is not possible for the District to completely eliminate the risks of an anaphylactic emergency when a student is at school, an Anaphylaxis Prevention, Response, and Management Program using a cooperative effort among students' families, staff members, students, health care providers, emergency medical services, and the community helps the District reduce these risks and provide accommodations and proper treatment for anaphylactic reactions.

The Superintendent or designee shall develop and implement an Anaphylaxis Prevention, Response, and Management Program for the prevention and treatment of anaphylaxis that:

1. Fully implements the Ill. State Board of Education (ISBE)'s model policy required by the School Code that: (a) relates to the care and response to a person having an anaphylaxis reaction, (b) addresses the use of epinephrine in a school setting, (c) provides a full food allergy and prevention of allergen exposure plan, and (d) aligns with 105 ILCS 5/22-30 and 23 Ill.Admin.Code §1.540.
2. Ensures staff members receive appropriate training, including: (a) an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management, and (b) training required by law for those staff members acting as *trained personnel*, as provided in 105 ILCS 5/22-30 and 23 Ill.Admin.Code §1.540.
3. Implements and maintains a supply of undesignated epinephrine in the name of the District, in accordance with policy 7:270, *Administering Medicines to Students*.
4. Follows and references the applicable best practices specific to the District's needs in the Centers for Disease Control and Prevention's *Voluntary Guidelines for Managing Food Allergies in Schools and Early Care and Education Programs* and the *National Association of School Nurses Allergies and Anaphylaxis Resources/Checklists*.
5. Provides annual notice to the parents/guardians of all students to make them aware of this policy.
6. Complies with State and federal law and is in alignment with Board policies.

Monitoring

Pursuant to State law and policy 2:240, *Board Policy Development*, the Board reviews and makes any necessary updates to this policy at least once every three years. The Superintendent or designee shall assist the Board with its review and any necessary updates.

Administrative Procedure - Anaphylaxis Prevention, Response, and Management Program

The following procedure implements policy 7:285, *Anaphylaxis Prevention, Response, and Management Program*, which is based upon the Ill. State Board of Education's (ISBE) *Anaphylaxis Response Policy for Schools (ISBE Model)*, available at: www.isbe.net/Documents/Anaphylactic-policy.pdf (105 ILCS 5/2-3.190, added by P.A. 102-413 and renumbered by P.A. 102-813). The District's Anaphylaxis Prevention, Response, and Management Program is developed and collectively implemented by local school officials, District staff, students and their families, and the community. This administrative procedure contains three sections as follows:

1. Glossary of Terms
2. Anaphylaxis Prevention, Response, and Management Program
3. Individual Allergy Management (Three Phases)
 - Phase One: Identification of Students with Allergies
 - Phase Two: Plan to Reduce Risk of Allergic Reactions
 - Phase Three: Response to Allergic Reactions

Glossary of Terms

The Terms Related to This Model Anaphylaxis Response Policy of the ISBE Model (p. 4) is incorporated here by reference. In this procedure, the term **epinephrine injector** is used in lieu of **epinephrine auto-injector** (*ISBE Model*, p. 4) because that is the term used in the School Code, but they have the same meaning.

Anaphylaxis - A severe systemic allergic reaction from exposure to allergens that is rapid in onset and can cause death. An anaphylactic reaction can occur up to one to two hours after exposure to the allergen. Common allergens include animal dander, fish, latex, milk, shellfish, tree nuts, eggs, insect venom, medications, peanuts, soy, and wheat.

Anaphylaxis Prevention, Response, and Management Program (Program) - The overall process that the Superintendent and other District-level administrators use to implement policy 7:285, *Anaphylaxis Prevention, Response and Management Program*, which is based upon the *ISBE Model*.

Anaphylaxis Prevention, Response, and Management Committee (Committee) - A District-level team that the Superintendent creates to develop an Anaphylaxis Prevention, Response, and Management Program. It monitors the District's Anaphylaxis Prevention, Response, and Management Program for effectiveness and establishes a schedule for the Superintendent to report information back to the Board once every three years.

CDC Guidelines - The *Voluntary Guidelines for Managing Food Allergies in Schools and Early Care and Education Programs*, published by the Centers for Disease Control and Prevention (2013) and available at: www.cdc.gov/healthyschools/foodallergies/pdf/20_316712-A_FA_guide_508tag.pdf. The CDC Guidelines are referred to in the *ISBE Model* as "a full food allergy and prevention of allergen exposure plan." The CDC Guidelines are focused on the management of food allergies, but they also mention other allergens that may result in anaphylaxis (p. 21).

Individual Allergy Management - The process at the building level used to manage and prevent anaphylaxis. The process identifies: (a) students with allergies, (b) procedures to prevent exposure to known allergens, and (c) appropriate responses to allergic reactions. It is synonymous with the third section in this sample administrative procedure.

Individualized Educational Program/Plan (IEP) - A plan or program developed to ensure that a child who has a disability identified under the law and is attending a public elementary or secondary school receives specialized instruction and related services.

Individual Health Care Plan (IHCP) - A document that outlines an allergic student's needs, and at minimum, includes the precautions necessary for allergen avoidance and emergency procedures and treatments. Its function is similar to a 504 Plan (see below). **Important:** Consult the Board Attorney about whether the Program should implement a 504 Plan or IHCP. This Program's procedures implement 504 Plans only. Insert IHCP in place of or in addition to 504 Plan in this document if the District will also implement IHCPs.

504 Plan - A document that outlines an allergic student's needs, necessary accommodations, and individual staff member responsibilities. Its function is identical to an IHCP while also including procedural protections (see above). This Program's procedures implement 504 Plans only. Important: Consult the Board Attorney about whether implementing only 504 Plans is the best method. Many attorneys agree that a 504 Plan is the best (although not universal) practice for a student with a diagnosis of an allergy.

504 Team - A building-level team that implements the phases of Individual Allergy Management in a student's 504 Plan. Insert "IHCP Team" in place of or in addition to "504 Team" if the district will also implement IHCPs. **Note:** If the District implements IHCPs, gathering information, identifying methods to prevent exposure, and assigning staff responsibilities will rely heavily on the Nurse/Designated School Personnel (DSP), not a 504 Team.

Anaphylaxis Prevention, Response and Management Program

This section relies heavily upon District-level administrators to implement the Program even if the District has no students with food or other allergies. 105 ILCS 5/2-3.190, added by P.A. 102-413 and renumbered by P.A. 102-813. This is because identification of students at risk of anaphylaxis cannot be predicted, and it is possible that a student who has not been identified could have his or her first reaction at school. CDC Guidelines, p. 9. This section references the *ISBE Model* and aligns with governance principles so that District-level administrators can: (a) integrate the Program into the District's existing policies and procedures, (b) engage in ongoing monitoring of the Program, (c) assess the Program's effectiveness, and (d) inform the Board about the Program along with recommendations to enhance its effectiveness.

Note: Modify this section based upon the District's specific implementation needs. The only mandate in 105 ILCS 5/2-3.190 was that school boards implement a policy based upon the ISBE Model by 8-17-22. Implementation methods are many; this Program provides one method.

However, establishing it provides a best practice for aligning with governance principles and examining implementation issues specific to each individual school district. See 7:270, <i>Administering Medicines to Students</i>, at f/n 7, for more information.</p> <p>The Committee should also assess the feasibility of adding staff training during a Periodic Emergency Response Drill (CDC Guidelines, p. 50) to the District's School Safety Drill Plan (see 4:170-AP1, <i>Comprehensive Safety and Security Plan</i>, paragraph F., School Safety Drill Plan). Adding this suggested drill is not required and exceeds the mandate contained in 105 ILCS 128/. If added, revise paragraph E., Annual Safety Review of 4:170-AP1, <i>Comprehensive Safety and Security Plan</i> to include the applicable bolded items (a)-(f) listed in the CDC Guidelines on preparation for food allergy emergencies (p. 31-34).</p> <p>Convene a District-wide meeting with all Building Principals, other appropriate administrative and special education staff, and the Board Attorney to discuss this Program and the <i>ISBE Model</i>, and to prepare each individual Building Principal to implement it in his or her building. authorize individual Building Principals to consult with the Board Attorney in some circumstances. If so, the Superintendent should outline this process during this meeting. Educate and train all staff by coordinating, through the Superintendent or Building Principals, the required annual in-service training program(s) for staff working with students. The in-service must be conducted by a person with expertise in anaphylactic reaction management and include administration of medication with an injector (105 ILCS 5/10-22.39(b-5)(2), added by P.A. 103-542, eff. 1-1-24 and operative 7-1-24). This training will also be incorporated into new school employee training. **Note:** State law requires the in-service training to be conducted within six months of employment and renewed at least once every five years, but the *ISBE Model* states that schoolwide training be conducted annually, when new employees are onboarded, and when an individual is identified as being at risk. *Person* with expertise is not defined, but the use of the word *expertise* suggests that using a lay person to provide training is not appropriate. Consider the list of training resources in the CDC Guidelines (p. 100-101). This training should include (CDC Guidelines, p. 36):

- A review of policies and building procedures
- An overview of food allergies
- Definitions of key terms, including *food allergy*, *major allergens*, *epinephrine*, and *anaphylaxis*
- The difference between a potentially life-threatening food allergy and other food-related problems
- Signs and symptoms of a food allergy reaction and anaphylaxis (see *ISBE Model*, p. 5) and information on common emergency medications
- General strategies for reducing and preventing exposure to allergens (in food and non-food items)
- Policies on bullying and harassment and how they apply to children with food allergies
- The District's emergency plans, including who will be contacted in the case of an emergency, how staff will communicate during a medical emergency, and what essential information they will communicate

Consider implementing the above issues by informing staff of the goals established in each of the following Board policies:

6:65, *Student Social and Emotional Development*. This policy requires the District's educational program to incorporate student social and emotional development into its educational program and be consistent with the social and emotional development standards in the III. Learning Standards.

7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment*. This policy prohibits students from engaging in bullying, intimidation, and harassment, which diminish a student's ability to learn and a school's ability to educate. It states that preventing students from engaging in these disruptive behaviors is an important District goal. **Note:** Including bullying and sensitivity awareness in the required in-service exceeds State law requirements. Because State law requires districts to have policies addressing bullying (105 ILCS 5/27-23.7) and social and emotional development (405 ILCS 49/) and the CDC Guidelines highlight that increasing awareness of these issues is a best practice consideration, the required in-service is a logical place to include this education. Be sure locally adopted board policies contain the referenced policy language. In grades K-8, provide developmentally appropriate allergy education for students as part of a curriculum topic, e.g., health, physical education, general science, consumer science, character education, so that students can: (1) identify signs and symptoms of anaphylaxis, (2) know and understand why it is wrong to tease or bully others, including people with allergies, (3) know and understand the importance of finding a staff member who can help respond to

In grades 9-12, provide instruction, study, and discussion on the dangers of allergies. See 6:60-AP1, <i>Comprehensive Health Education Program</i>.</p> <p>Provide community outreach through Building Principals by providing information to students and their parents/guardians about the Program. A successful Program needs support and participation from parents of children with and without allergies. Parents and families need to learn about the District's food allergy policy and practices through communications from administrators, school health staff, classroom teachers, and food service staff. See CDC Guidelines, p. 38 and p. 100-102 (National Nongovernmental Resources, including resources for Parent Education).</p> <p>Monitor the Program by assessing its effectiveness at least once every three years. Only <i>trained personnel</i> may administer epinephrine to a student believed to be having an anaphylactic reaction. (<i>ISBE Model</i>, p. 6). For training requirements, see 7:270-AP2, <i>Checklist for District Supply of Undesignated Medication(s)</i>. Note: Although 105 ILCS 5/22-30 permits any "personnel authorized" under a student's specific individual plan to administer an undesignated epinephrine injector, the <i>ISBE Model</i> makes no such distinction and requires all personnel administering epinephrine (whether prescribed to a student or undesignated) to a student to complete the training required of <i>trained personnel</i>.</p> <p>Annually notify parents/guardians in the student handbook(s) of policy 7:285, <i>Anaphylaxis Prevention, Response, and Management Program</i>, and include the contact information of a staff member who parents/guardians can contact if they have questions about how the policy applies to their child. Individual Allergy Management

This section's procedures are implemented each time the school identifies a student with an allergy. It follows policy 6:120, *Education of Children with Disabilities*, and references additional considerations based upon the *ISBE Model*. It relies heavily upon Building Principals and the Nurse/DSP to identify the necessary accommodations for each student and determine which staff members are responsible to provide them. Accommodations are impacted by a number of factors, e.g., the student's age, the allergen(s) involved, the facilities at each school building, etc.

Phase One: Identification of Students with Allergies

| Actor | Action |
|-------------------------------------|--|
| Parent/Guardian | <p>Inform the Building Principal of the student's food allergy.</p> <p>Complete an Allergy History Form, (for a sample, see the <i>Family Food Allergy Health History Form</i>, available at: www.nasn.org/nasn-resources/resources-by-topic/allergies-anaphylaxis and AAEP. Return them to the Building Principal or Nurse/DSP.</p> <p>If the District participates in the U.S. Dept. of Agriculture's Child Nutrition Programs and the student has a disability that requires meal modifications, complete a medical statement signed by a licensed healthcare provider. CDC Guidelines, p. 28. See www.isbe.net/Documents/2017-ACCOM-MANUAL-SP40.pdf for information and the <i>Medical Authority Modified Meal Request Form</i> at: www.isbe.net/layouts/Download.aspx?SourceUrl=/Documents/Medical-Authority-Modified-Meal-Request-Form.docx.</p> <p>Cooperate with school staff to provide the medical information necessary directly from the student's health care provider to develop plans for managing individual care and emergency actions. CDC Guidelines, p. 27.</p> <p>Participate in all meetings to assess and manage the individual student's health needs.</p> |
| Building Principal and/or Nurse/DSP | Follow the District's procedural safeguards for convening a meeting to assess the individual student's allergy management needs. |
| IEP or 504 Team | <p>Modify this section if the District implements IHCPs. See Glossary above for more information.</p> <p>For a student who is not already identified as a student with a disability, determine whether a referral for an evaluation is warranted using the District's evaluation procedures for determining whether a student is a student with a disability within the meaning of IDEA or Section 504 (see Board policy 6:120, <i>Education of Children with Disabilities</i>).</p> <p>For a student with an existing IEP or Section 504 plan, or who qualifies for one on the basis of his or her allergy, determine:</p> <ol style="list-style-type: none"> 1. Whether the student's allergy requires <i>related services</i> to ensure the provision of a "free appropriate public education" (FAPE), and/or 2. Whether the student's allergy requires appropriate <i>reasonable accommodations</i> for the student's disability. <p>If the answer to either of the above questions is negative, notify the parent/guardian in writing of the reasons for the denial and the right to appeal. Provides any required</p> |

| | <p>procedural safeguard notices. See 23 Ill.Admin.Code §226.510; Section 504 of the Rehabilitation Act of 1973 (34 C.F.R. Parts 104 and 300); and 6:120-AP1, E1, <i>Notice to Parents/Guardians Regarding Section 504 Rights</i>.</p> <p>If the answer to either of the above questions is positive:</p> <ol style="list-style-type: none"> 1. Gather appropriate health information by using the completed <i>Allergy History Form</i> and AAEP. 2. Identify all necessary accommodations and complete a 504 Plan (use the District's established forms). For meal substitutions, the parent/guardian must submit a medical statement signed by a licensed healthcare provider. 3. Determine which staff provides the identified accommodations. Remember that accidental exposures are more likely to happen when an unplanned event or non-routine event occurs, and special care should be taken to address procedures for staff members who provide transportation, substitute teaching, coaching or other activities, field trips, and classroom celebrations. For staff members to consider, see CDC Guidelines, Sec. 3, <i>Putting Guidelines into Practice: Actions for School Administrators and Staff</i>, p. 59-80. 4. Assign responsibilities to individual staff members for providing the identified accommodations. Inform staff members absent during the creation of the 504 Plan of their responsibilities. 5. Identify willing 504 Team members trained in emergency response to respond to any allergic reactions the student may have. Only <i>trained personnel</i> may administer epinephrine to a student believed to be having an anaphylactic reaction. <i>ISBE Model</i>, p. 6. Note: Consult the Board Attorney if options are limited or the classroom teacher is not willing to administer epinephrine. While classroom teachers are a logical choice to provide emergency response due to their continual close proximity to students, such an assignment may: (1) impact terms and conditions of employment and may trigger collective bargaining rights, and/or (2) violate 105 ILCS 5/10-22.21b, which states that under no circumstances shall teachers or other non-administrative school employees, except certified school nurses and non-certificated registered professional nurses, be required to administer medication to students. 6. Provide the required procedural safeguard notices. See 23 Ill.Admin.Code §226.510; Section 504 of the Rehabilitation Act of 1973 (34 C.F.R. Parts 104 and 300); and 6:120-AP1, E1, <i>Notice to Parents/Guardians Regarding Section 504 Rights</i>. |

Phase Two: Plan to Reduce Risk of Allergic Reactions

| Actor | Action |
|-------------------------------------|---|
| Building Principal and/or Nurse/DSP | <p>Convene a meeting to educate all the staff members who will provide the identified 504 Plan accommodations about their responsibilities.</p> <p>Ensure individual staff members are properly trained and perform their responsibilities and provide the necessary accommodations for the student's individual health needs.</p> <p>Facilitate the dissemination of accurate information in the building about the student's allergy while respecting privacy rights.</p> <p>Note: Request permission from the Superintendent to consult the Board Attorney about best practices for disclosures to volunteers (e.g., field trip chaperones or room parents) of confidential medical</p> |

| Actor | Action |
|-----------------|--|
| | <p>information without parental consent. Generally Building Principals have discretion, but these situations are fact- specific. Ideally the District should attempt to get parental permission to disclose the information about the allergy, but practically this cannot always occur. Many agree that safety trumps confidentiality in these situations, especially when volunteers have a legitimate educational interest if knowledge of the information is related to their ability to perform their duties (See, <i>Letter to Anonymous</i>, 107 LRP 28330 (FPCO 2007)).</p> <p>Provide a medical alert to parents/guardians that does not name the student. See CDC Guidelines, p. 71, #5. The communication should inform other students and their parents/guardians about the importance of keeping their educational setting free of the food allergen. For a sample letter, see <i>Notification of a Food Allergy in the Classroom – Parent Letter</i>, available at: www.nasn.org/nasn-resources/resources-by-topic/allergies-anaphylaxis.</p> <p>Note: Request permission from the Superintendent to consult the Board Attorney about disclosures and providing joint communications from the Building Principal and the parent/guardian of the food allergic student. While joint communications allow the school to exchange the information needed to protect the food allergic student and balance competing educational interests without violating federal or State laws that govern student records, they can also present other risks (i.e., re-disclosure of the confidential information). See Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g, and its implementing rules at 34 C.F.R. Part 99; Ill. School Student Records Act, 105 ILCS 10/, and its implementing rules at 23 Ill.Admin.Code Part 375. FERPA prohibits schools from disclosing personally identifiable information from students' education records without the consent of a parent or eligible student, unless an exception applies. See policy 7:340, <i>Student Records</i>.</p> <p>Prepare a list of answers to anticipated questions about managing the student's health needs.</p> <p>Check with the Nurse/DSP regarding any known competing educational interests with the student's health needs among other students attending the school (i.e., diabetes, service animals, etc.). Manage identified students' competing educational interests by:</p> <ol style="list-style-type: none"> 1. Consulting the Board Attorney. 2. Creating a method to monitor identified competing educational interests between students. 3. Responding to future unidentified competing educational interests and managing them immediately. 4. Modifying any other conditions as the facts of the situation require. |
| IEP or 504 Team | <p>Implement and follow all identified responsibilities in the 504 Plan. Understand that accidental exposures are more likely to occur when an unplanned event occurs, which makes it critical to follow the exact accommodations in the student's 504 Plan.</p> <p>Practice emergency procedures outlined in the student's AAEP and be prepared to follow them. <i>ISBE Model</i>, p. 5.</p> |

| Actor | Action |
|-----------------|--|
| Parent/Guardian | Implement and follow the applicable items at: www.foodallergy.org/resources/getting-started-school , to assist the District in managing food allergies in the school setting. |
| Student | Implement and follow developmentally appropriate steps for allergy self-management, such as reading labels, asking questions about foods in the school meal and snack programs, avoiding unlabeled or unknown foods, using epinephrine injectors when needed, and recognizing and reporting an allergic reaction to an adult. CDC Guidelines, p. 31. |

Phase Three: Response to Allergic Reactions

| Actor | Action |
|---|---|
| IEP or 504 Team | Follow the student's 504 Plan and AAEP. |
| Nurse/DSP or any Staff Member trained in the District's emergency response procedures (if a Nurse is not immediately available) | <p>If the student does not have an AAEP and there is a suspected case of anaphylaxis, and the District does not maintain an undesignated supply of epinephrine (<i>ISBE Model</i>, p. 5-6):</p> <ol style="list-style-type: none"> 1. Instruct another staff member to call 911 immediately. 2. Stay with the person until emergency medical services (EMS) arrive. 3. Monitor the person's airway and breathing. 4. If school nurse or other <i>trained personnel</i> are not at the scene, implement local emergency notification to activate the nurse or <i>trained personnel</i> to respond. 5. Direct a staff member to call parent/guardian (if applicable). 6. Administer CPR, if needed. 7. EMS transports individual to the emergency room. Document the individual's name, date, time of onset of symptoms, and possible allergen. Even if symptoms subside, EMS must still respond, and the individual must be evaluated in the emergency department or by the individual's health care provider. A delayed or secondary reaction may occur, which can be more severe than the first-phase symptoms. 8. Do not allow a student to remain at school or return to school on the day epinephrine is administered. |
| <p>Anyone implements item #1 of the first numbered list</p> <p>Nurse/DSP or other <i>Trained Personnel</i> implements the remaining items</p> | <p>If the Nurse or <i>trained personnel</i> have a good faith belief that a person is having an anaphylactic reaction, and the District needs to use its undesignated (not student-specific) supply of epinephrine to respond (<i>ISBE Model</i>, p. 5-6):</p> <ol style="list-style-type: none"> 1. Call the Nurse or front office personnel and advise of the emergency situation so that trained personnel can be activated to respond with undesignated epinephrine dose(s). 2. Instruct someone to call 911 immediately. 3. Implement the District's undesignated epinephrine standing protocol. See 7:270-AP2, <i>Checklist for District Supply of Undesignated Medication(s)</i>. 4. Select the appropriate dose according to the standing protocol and administer epinephrine. Note the time. Act quickly. It is safer to give epinephrine than to delay treatment. This is a life-and-death decision. 5. Stay with the person until EMS arrives. |

| Actor | Action |
|-----------|--|
| | <ol style="list-style-type: none"> 6. Monitor the person's airway and breathing. 7. Reassure and attempt to calm the person, as needed. 8. Direct another staff member to call the parent/guardian, or emergency contact (if known). 9. If symptoms continue and EMS is not on the scene, administer a second dose of epinephrine five to 15 minutes after the initial injection. Note the time. 10. Administer CPR, if needed. 11. EMS transports the individual to the emergency room. Document the individual's name, date, and time the epinephrine was administered on the epinephrine injector that was used and give to EMS to accompany individual to the emergency room. Even if symptoms subside, EMS must still respond, and the individual must be evaluated in the emergency department or by the individual's health care provider. A delayed or secondary reaction may occur, which can be more severe than the first-phase symptoms. <p><u>Post-Event Actions</u></p> <ol style="list-style-type: none"> 1. Document the incident and complete all reporting requirements. See 7:270-AP2, <i>Checklist for District Supply of Undesignated Medication(s)</i>. 2. Replace epinephrine stock medication, according to the District's standing protocol. Reorder epinephrine stock medication, as necessary. |
| Nurse/DSP | <p>If a student has no AAEP and 504 Plan, provide the parent/guardian with the AAEP and <i>Allergy History</i> forms and refer them to the process outlined in the Identification of Students with Allergies phase above.</p> <p>After each allergy emergency, review how it was handled with the Building Principal, health aides/assistants (if applicable), parents/guardians, staff members involved in the response, and the student to identify ways to prevent future emergencies and improve emergency response. CDC Guidelines, p. 63.</p> <p><u>Storage, Access, and Maintenance of Undesignated Supply of Epinephrine (105 ILCS 5/22-30(f); ISBE Model, p. 6-7)</u></p> <ol style="list-style-type: none"> 1. Store, access, and maintain the stock of undesignated epinephrine injectors as provided in the District's standing protocol. 2. Maintain the supply of undesignated epinephrine in accordance with the manufacturer's instructions. Epinephrine should be stored in a safe, unlocked, and accessible location in a dark place at room temperature (between 59-86 degrees F). Epinephrine should not be maintained in a locked cabinet or behind locked doors. Trained staff should be made aware of the storage location in each school. It should be protected from exposure to hot, cold, or freezing temperatures. Exposure to sunlight will hasten deterioration of epinephrine more rapidly than exposure to room temperatures. The expiration date of epinephrine solutions should be periodically checked; the drug should be replaced if it is approaching the expiration date. The contents should periodically be inspected |

Regularly (e.g., monthly) check stock epinephrine to ensure proper storage, expiration date, and medication stability. Maintain documentation when checks are conducted. Expired injectors or those with discolored solutions or solid particles should not be used.</p> <p>4. Dispose of epinephrine injectors in a sharps container.</p> |

In the event of a medical emergency, I hereby authorize the School District and its employees and agents to administer or to attempt to administer to my child (or to allow my child to self-administer pursuant to State law, while under the supervision of the employees and agents of the School District), lawfully prescribed medication in the manner described above. This includes administration of undesignated epinephrine injectors and/or asthma medication, to the extent the School District maintains such undesignated supplies.

I acknowledge that it may be necessary for the administration of medications to my child to be performed by an individual other than a school nurse and specifically consent to such practices, and by signing below, I agree to indemnify and hold harmless the School District and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of the administration or the child's self-administration of medication.

The following is applicable only to parents/guardians of students who need to carry and use their epinephrine injector and/or asthma medication: *I authorize the School District and its employees and agents, to allow my child to self-carry and self-administer his or her epinephrine injector and/or asthma medication: (1) while in school, (2) while at a school-sponsored activity, (3) while under the supervision of school personnel, or (4) before or after normal school activities, such as while in before-school or after-school care on school-operated property. Illinois law requires the School District to inform parents/guardians that it, and its employees and agents, incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-carry and self-administration of an epinephrine injector or asthma medication.*

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important Board goals.

Suicide and Depression Awareness and Prevention Program

The Superintendent or designee shall develop, implement, and maintain a suicide and depression awareness and prevention program (Program) that advances the Board's goals of increasing awareness and prevention of depression and suicide. This program must be consistent with the requirements of *Ann Marie's Law* listed below; each listed requirement, 1-6, corresponds with the list of required policy components in the School Code Section 5/2-3.166(c)(2)-(7). The Program shall include:

1. Protocols for administering youth suicide awareness and prevention education to students and staff.
 - a. For students, implementation will incorporate Board policy 6:60, *Curriculum Content*, which implements 105 ILCS 5/27-215 (requiring education for students on mental health and illness).
 - b. For staff, implementation will incorporate Board policy 5:100, *Staff Development Program*, and teacher's institutes under 105 ILCS 5/3-14.8 (requiring coverage of the warning signs of suicidal behavior).
2. Procedures for methods of suicide prevention with the goal of early identification and referral of students possibly at risk of suicide. Implementation will incorporate:
 - a. The training required by 105 ILCS 5/10-22.39 for all District staff who work with students to identify the warning signs of suicidal behavior in youth along with appropriate intervention and referral techniques, including methods of prevention, procedures for early identification, and referral of students at risk of suicide; and
 - b. Ill. State Board of Education (ISBE)-recommended guidelines and educational materials for staff training and professional development, along with ISBE-recommended resources for students containing age-appropriate educational materials on youth suicide and awareness, if available pursuant to *Ann Marie's Law* on ISBE's website.
3. Methods of intervention, including procedures that address an emotional or mental health safety plan for use during the school day and at school-sponsored events for a student identified as being at increased risk of suicide including those students who: (A) suffer from a mental health disorder; (B) suffer from a substance abuse disorder; (C) engage in self-harm or have previously attempted suicide; (D) reside in an out-of-home placement; (E) are experiencing homelessness; (F) are lesbian, gay, bisexual, transgender, or questioning (LGBTQ); (G) are bereaved by suicide; or (H) have a medical condition or certain types of disabilities. Implementation will incorporate paragraph number 2, above, along with Board policies:
 - a. 6:65, *Student Social and Emotional Development*, implementing the goals and benchmarks of the Ill. Learning Standards and 405 ILCS 49/15(b) (requiring student social and emotional development in the District's educational program);
 - b. 6:120, *Education of Children with Disabilities*, implementing special education requirements for the District;
 - c. 6:140, *Education of Homeless Children*, implementing provision of District services to students who are homeless;

- d. 6:270, *Guidance and Counseling Program*, implementing guidance and counseling program(s) for students, and 105 ILCS 5/10-22.24a and 22.24b, which allow a qualified guidance specialist or any licensed staff member to provide school counseling services;
 - e. 7:10, *Equal Educational Opportunities*, and its implementing administrative procedure and exhibit, implementing supports for equal educational opportunities for students who are LGBTQ;
 - f. 7:50, *School Admissions and Student Transfers To and From Non-District Schools*, implementing State law requirements related to students who are in foster care;
 - g. 7:250, *Student Support Services*, implementing the Children's Mental Health Act, 405 ILCS 49/ (requiring protocols for responding to students with social, emotional, or mental health issues that impact learning ability); and
 - h. State and/or federal resources that address emotional or mental health safety plans for students who are possibly at an increased risk for suicide, if available on the ISBE's website pursuant to *Ann Marie's Law*.
4. Methods of responding to a student or staff suicide or suicide attempt. Implementation of this requirement shall incorporate building-level Student Support Committee(s) established through Board policy 7:250, *Student Support Services*.
 5. Reporting procedures. Implementation of this requirement shall incorporate Board policy 6:270, *Guidance and Counseling Program*, and Board policy 7:250, *Student Support Services*, in addition to other State and/or federal resources that address reporting procedures.
 6. A process to incorporate ISBE-recommended resources on youth suicide awareness and prevention programs, including current contact information for such programs in the District's Suicide and Depression Awareness and Prevention Program.

Illinois Suicide Prevention Strategic Planning Committee

The Superintendent or designee shall attempt to develop a relationship between the District and the Illinois Suicide Prevention Strategic Planning Committee, the Illinois Suicide Prevention Coalition Alliance, and/or a community mental health agency. The purpose of the relationship is to discuss how to incorporate the goals and objectives of the Illinois Suicide Prevention Strategic Plan into the District's Suicide Prevention and Depression Awareness Program.

Monitoring

The Board will review and update this policy pursuant to *Ann Marie's Law* and Board policy 2:240, *Board Policy Development*.

Information to Staff, Parents/Guardians, and Students

The Superintendent shall inform each school district employee about this policy and ensure its posting on the District's website. The Superintendent or designee shall provide a copy of this policy to the parent or legal guardian of each student enrolled in the District. Student and staff identification (ID) cards, the District's website, and student handbooks and planners will contain the support information as required by State law.

Implementation

This policy shall be implemented in a manner consistent with State and federal laws, including the Student Confidential Reporting Act, 5 ILCS 860/, Children's Mental Health Act, 405 ILCS 49/, Mental Health and Developmental Disabilities Confidentiality Act, 740 ILCS 110/, and the Individuals with Disabilities Education Act, 42 U.S.C. §12101 *et seq.*

The District, Board, and its staff are protected from liability by the Local Governmental and Governmental Employees Tort Immunity Act. Services provided pursuant to this policy: (1) do not replace the care of a

physician licensed to practice medicine in all of its branches or a licensed medical practitioner or professional trained in suicide prevention, assessments and counseling services, (2) are strictly limited to the available resources within the District, (3) do not extend beyond the school day and/or school-sponsored events, and (4) cannot guarantee or ensure the safety of a student or the student body.

Administrative Procedure - Resource Guide for Implementation of Suicide and Depression Awareness and Prevention Program

The Superintendent or designee, at the District level, and the Building Principal or designee, at the building level, are responsible for implementing the Board's goals of increasing awareness and prevention of depression and suicide in Board Policy 7:290, *Suicide and Depression Awareness and Prevention*. The Superintendent and/or Building Principal(s) may want to assign Student Support Committees as established under administrative procedure 7:250-AP2, *Protocol for Responding to Students with Social, Emotional, or Mental Health Needs*, to assist them with the implementation of these goals. Use other locally available resources, including, but not limited to those listed below to determine the best implementation methods.

Listed below are the six policy implementation components of *Ann Marie's Law*, 105 ILCS 5/2-3.166(c), in Board policy 7:290, *Suicide and Depression Awareness and Prevention*. Each component lists specific implementation steps, along with any applicable sample **PRESS** policies, administrative procedures and/or exhibits, available State and/or federal resources, and examples if available. The Ill. State Board of Education (ISBE) has created the *Illinois Youth Suicide Prevention Toolkit: A Reference for Administrators, Counselors, Teachers, and Staff*, available at: www.isbe.net/Pages/Suicide-Prevention.aspx, and provides other resources at the same website to guide the District in the implementation of policy 7:290, *Suicide and Depression Awareness and Prevention*.

Confirm the resources listed in this procedure, and any information provided in the hyperlinks, with the Board Attorney before the Superintendent, Building Principal, and/or Student Support Committees apply them to a specific situation in the District.

Policy Implementation Components of Ann Marie's Law

1. Awareness and Prevention Education Protocols for Students and Staff (105 ILCS 5/2-3.166(c)(2)).

- a. For students, (i) review policy 6:60, *Curriculum Content* (requiring health education for developing a sound mind and a healthy body); (ii) review policy 7:250, *Student Support Services* (requiring protocols for responding to students with social, emotional, or mental health issues that impact learning ability); (iii) if the District issues identification (ID) cards to its students and District staff serving grades 6-12, insert the contact information for the National Suicide Prevention Lifeline (NSPL), the Crisis Text Line (CTL), and the Safe2Help Illinois helpline on the back of the ID cards and identify each helpline that may be contacted through text messaging (105 ILCS 5/10-20.81, amended by P.A.s 103-143 and 104-264); and (iv) include NSPL, CTL, and Safe2Help contact information in student handbooks and student planners (if a student planner is custom printed by the District or its schools for distribution to students in any of grades 6 through 12) (105 ILCS 5/10-20.81, amended by P.A. 103-143). *Illinois Youth Suicide Prevention Toolkit: A Reference for Administrators, Counselors, Teachers and Staff, Module 1: Prevention - Engaging and Educating Students*, pp. 20-21, at: www.isbe.net/Pages/Suicide-Prevention.aspx. See also Illinois' Safe2Help Illinois program at: www.safe2helpil.com/ (designed to offer students a safe, confidential way to share information that might help prevent suicides and other school safety-related information).

- b. For staff, review Board policy 5:100, *Staff Development Program*, discussing in-service training and citing required teacher institute training concerning the warning signs of suicidal behavior, and assess incorporating information from the following resources:

2. Methods of Prevention, Early Identification, and Referral (105 ILCS 5/2-3.166(c)(3)).

- a. For staff, review: Board policies 5:100, *Staff Development Program*, discussing required behavioral training for school personnel; 6:60, *Curriculum Content* (see above for description); 7:250, *Student Support Services* (see above for description); and administrative procedure 7:250-AP2, *Protocol for Responding to Students with Social, Emotional, or Mental Health Needs*, establishing Student Support Committees to identify, prevent, and refer students with mental health challenges for services.

- b. For staff, assess incorporating information from the following resources:

- a. Review and train staff on appropriate identification procedures (see example below):

Identification of the At-Risk Student

Note: A more detailed procedure may be developed with the aid of the resources in 2.b., above.

- An employee having any reason to believe a student is considering or threatening suicide is to contact the Building Principal and District social worker/counselor.
 - The social worker/counselor or Building Principal will meet with the student.
 - The social worker/counselor will call the student's parent(s)/guardian(s) and arrange a meeting. All calls and meetings with parent(s)/guardian(s) will be documented and a copy of the documentation sent by certified mail to the parent(s)/guardian(s).
 - The social worker/counselor will suggest to the parent(s)/guardian(s) that the State or community mental health agency be contacted. This suggestion shall be a part of the documentation sent to the parent(s)/guardian(s). A student should never be left alone if an employee reasonably believes the student is at imminent risk of suicide. An employee should immediately contact the student's parent(s)/guardian(s).
1. Methods of Intervention; Emotional or Mental Health Safety Plans for At-Risk Students, including those students who suffer from a mental health disorder; suffer from a substance abuse disorder; engage in self-harm or have previously attempted suicide; reside in an out-of-home placement; are experiencing homelessness; are lesbian, gay, bisexual, transgender, or questioning (LGBTQ); are bereaved by suicide; or have a medical condition or certain types of disabilities. 105 ILCS 5/2-3.166(c)(4).
- Review policies 6:65, *Student Social and Emotional Development*, incorporating student social and emotional development into the District's educational program as required by the goals and benchmarks of the Ill. Learning Standards and 405 ILCS 49/15(b); policy 6:270, *Guidance and Counseling Program*, requiring the District to have guidance counseling available to implement the protocols directed in 7:250, *Student Support Services*; and administrative procedure 7:250-AP2, *Protocol for Responding to Students with Social, Emotional, or Mental Health Needs*, requiring protocols for responding to students with social, emotional, or mental health needs that impact learning ability as required by the Children's Mental Health Act, 405 ILCS 49/.
 - Train staff pursuant to 105 ILCS 5/10-22.24b, amended by P.A. 103-780, which allows school counseling services to be used for providing educational opportunities for mental health issues and counseling and other resources to students who are in crisis.

Student Athlete Concussions and Head Injuries

The Superintendent or designee shall develop and implement a program to manage concussions and head injuries suffered by students. The program shall:

1. Fully implement the Youth Sports Concussion Safety Act (YSCSA), that provides, without limitation, each of the following:
 - a. The Board must appoint or approve member(s) of a Concussion Oversight Team for the District.
 - b. The Concussion Oversight Team shall establish each of the following based on peer-reviewed scientific evidence consistent with guidelines from the Centers for Disease Control and Prevention:
 - i. A return-to-play protocol governing a student's return to interscholastic athletics practice or competition following a force of impact believed to have caused a concussion. The Superintendent or designee shall supervise an athletic trainer or other person responsible for compliance with the return-to-play protocol.
 - ii. A return-to-learn protocol governing a student's return to the classroom following a force of impact believed to have caused a concussion. The Superintendent or designee shall supervise the person responsible for compliance with the return-to-learn protocol.
 - c. Each student and the student's parent/guardian shall be required to sign a concussion information receipt form each school year before participating in an interscholastic athletic activity.
 - d. A student shall be removed from an interscholastic athletic practice or competition immediately if any of the following individuals believes that the student sustained a concussion during the practice and/or competition: a coach, a physician, a game official, an athletic trainer, the student's parent/guardian, the student, or any other person deemed appropriate under the return-to-play protocol.
 - e. A student who was removed from interscholastic athletic practice or competition shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the return-to-play and return-to-learn protocols developed by the Concussion Oversight Team. An athletic team coach or assistant coach may not authorize a student's return-to-play or return-to-learn.
 - f. The following individuals must complete concussion training as specified in the YSCSA: all coaches or assistant coaches (whether volunteer or a district employee) of interscholastic athletic activities; nurses, licensed healthcare professionals or non-licensed healthcare professionals who serve on the Concussion Oversight Team (whether or not they serve on a volunteer basis); athletic trainers; game officials of interscholastic athletic activities; and physicians who serve on the Concussion Oversight Team.
 - g. The Board shall approve school-specific emergency action plans for interscholastic athletic activities to address the serious injuries and acute medical conditions in which a student's condition may deteriorate rapidly.

2. Comply with the concussion protocols, policies, and by-laws of the Illinois High School Association (IHSA), including its *Protocol for Implementation of NFHS Sports Playing Rules for Concussions, which includes its Return to Play (RTP) Policy*. These specifically require that:
 - a. A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game shall be removed from participation or competition at that time.
 - b. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer.
 - c. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois, advanced practice registered nurse, physician assistant or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.
 3. Require that all high school coaching personnel, including the head and assistant coaches, and athletic directors obtain online concussion certification by completing online concussion awareness training in accordance with 105 ILCS 25/1.15.
 4. Require all student athletes to view the IHSA video about concussions.
 5. Inform student athletes and their parent(s)/guardian(s) about this policy in the *Agreement to Participate* or other written instrument that a student athlete and his or her parent/guardian must sign before the student is allowed to participate in a practice or interscholastic competition.
 6. Provide coaches and student athletes and their parent(s)/guardian(s) with educational materials from the IHSA regarding the nature and risk of concussions and head injuries, including the risks inherent in continuing to play after a concussion or head injury.
 7. Include a requirement for staff members to notify the parent/guardian of a student who exhibits symptoms consistent with that of a concussion.
 8. Include a requirement for staff members to distribute the Ill. Dept. of Public Health concussion brochure to any student or the parent/guardian of a student who may have sustained a concussion, regardless of whether or not the concussion occurred while the student was participating in an interscholastic athletic activity, if available.
- [For high school districts that belong to the IHSA and have certified athletic trainers.]*
9. Include a requirement for certified athletic trainers to complete and submit a monthly report to the IHSA on student-athletes who have sustained a concussion during: 1) a school-sponsored activity overseen by the athletic trainer; or 2) a school-sponsored event of which the athletic director is made aware.

Administrative Procedure - Program for Managing Student Athlete Concussions and Head Injuries

State Law

10. The Youth Sports Concussion Safety Act (YSCSA) contains concussion safety directives for School Boards and certain identified staff members. 105 ILCS 5/22-80. A School District must implement 105 ILCS 5/22-80 if it offers interscholastic athletic activities or interscholastic athletics under the direction of a coach (volunteer or school employee), athletic director, or band leader. An *interscholastic athletic activity* “means any organized school-sponsored or school-sanctioned activity for students, generally outside of school instructional hours, under the direction of a coach, athletic director, or band leader, including, but not limited to, baseball, basketball, cheerleading, cross country track, fencing, field hockey, football, golf, gymnastics, ice hockey, lacrosse, marching band, rugby, soccer, skating, softball, swimming and diving, tennis, track (indoor and outdoor), ultimate Frisbee, volleyball, water polo, and wrestling. All interscholastic athletics are deemed to be interscholastic activities.” 105 ILCS 5/22-80(b).
A School District may need to implement its return-to-learn protocol for a student’s return to the classroom after he or she is believed to have experienced a concussion, “whether or not the concussion took place while the student was participating in an interscholastic activity.” 105 ILCS 5/22-80(d). For a comprehensive discussion of this Act, see the IASB publication, *Checklist for Youth Sports Concussion Safety Act*, at: www.iasb.com/iasb/media/documents/checklistconcussionsafetyact.pdf. Helpful guidance for implementing this law plus training modules are available from the Lurie Children’s Hospital’s *A Guide for Teachers and School Professionals*, also available using the above link.
11. 105 ILCS 25/1.15 requires: (a) all high school coaching personnel to complete online concussion awareness training, and (b) all student athletes to view the IHSA video about concussions.
12. 105 ILCS 25/1.20, requires the IHSA to require all member districts that have certified athletic trainers to have those trainers complete and submit a monthly report on student-athletes who have sustained a concussion during: (1) a school-sponsored activity overseen by the athletic trainer; or (2) a school-sponsored event of which the athletic director is made aware. **Concussion** - A complex pathophysiological process affecting the brain caused by a traumatic physical force or impact to the head or body, which may include temporary or prolonged altered brain function resulting in physical, cognitive, or emotional symptoms or altered sleep patterns and which may or may not involve a loss of consciousness. 105 ILCS 5/22-80. 13. 20 ILCS 2310/2310-207 requires: (a) the Ill. Dept. of Public Health (IDPH), subject to appropriation, to develop, publish, and disseminate a brochure to educate the general public on the effects of concussions in children and discuss how to look for concussion warning signs in children, and (b) schools to distribute this brochure, free of charge, to any child or parent/guardian of a child who may have sustained a concussion, regardless of whether or not the concussion occurred while the child was participating in an interscholastic athletic activity, if available. The IDPH has adopted as its brochure the CDC’s *Heads Up* campaign brochures which include concussion fact sheets for athletes, parents, coaches, and school professionals, see <https://dph.illinois.gov/topics-services/prevention-wellness/injury-violence-prevention/concussion.html>.

This Guide explains that a student's full recovery depends on both cognitive and physical rest. It suggests using a multidisciplinary team to facilitate a student's return to the classroom and provides examples of accommodations and interventions. All school-sponsored communications shall comply with the ethics and rules of responsible journalism. Text that is libelous, obscene, vulgar, lewd, invades the privacy of others, conflicts with the basic educational mission of the school, is socially inappropriate, is inappropriate due to the maturity of the students, or is materially disruptive to the educational process will not be tolerated.

The author's name will accompany personal opinions and editorial statements. An opportunity for the expression of differing opinions from those published/produced will be provided within the same media.

For purposes of this section and the following section, a *publication* includes, without limitation: (1) written or electronic print material, (2) audio-visual material on any medium including electromagnetic media (e.g., images, digital files, flash memory, etc.), or combinations of these whether off-line (e.g., a printed book, digital files, etc.) or online (e.g., any website, social networking site, database for information retrieval, etc.), or (3) information or material on electronic devices (e.g., text or voice messages delivered by cell phones, tablets, and other hand-held devices).

Creating, distributing, and/or accessing non-school sponsored publications shall occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the publication is endorsed by the District.

Students are prohibited from creating, distributing, and/or accessing at school any publication that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright;

4. Is reasonably viewed as promoting illegal drug use; or
5. Is distributed in kindergarten through eighth grade and is primarily prepared by non-students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources as long as the material to be distributed or accessed is primarily prepared by students.

Accessing or distributing on-campus includes accessing or distributing on school property or at school-related activities. A student engages in gross disobedience and misconduct and may be disciplined for: (1) accessing or distributing forbidden material, or (2) for writing, creating, or publishing such material intending for it to be accessed or distributed at school.

Student Records

School student records are confidential. Information from them shall not be released other than as provided by law. A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction by a school employee, regardless of how or where the information is stored, except as provided in State or federal law as summarized below:

1. Records kept in a staff member's sole possession.
2. Records maintained by law enforcement professionals working in the school.
3. Video and other electronic recordings (including without limitation, electronic recordings made on school buses) that are created in part for law enforcement, security, or safety reasons or purposes. The content of these recordings may become part of a school student record to the extent school officials create, use, and maintain this content, or it becomes available to them by law enforcement professionals, for disciplinary or special education purposes regarding a particular student.
4. Any information, either written or oral, received from law enforcement officials concerning a student less than the age of 18 years who has been arrested or taken into custody.

State and federal law grants students, parents/guardians, and when applicable, the Ill. Dept. of Children and Family Services' Office of Education and Transition Services, certain rights, including the right to inspect, copy, and/or challenge school student records. The information contained in school student records shall be kept current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services shall be directly related to the provision of services to that child. The District may release directory information as permitted by law, but a parent/guardian shall have the right to opt-out of the release of directory information regarding his or her child. The District will comply with State or federal law with regard to release of a student's school records, including, where applicable, without notice to, or the consent of, the student's parent/guardian or eligible student. Upon request, the District discloses school student records without parent consent to the official records custodian of another school in which a student has enrolled or intends to enroll, as well as to any other person as specifically required or permitted by State or federal law.

The Superintendent shall fully implement this policy and designate an *official records custodian* for each school who shall maintain and protect the confidentiality of school student records, inform staff members of this policy, and inform students and their parents/guardians of their rights regarding school student records.

Student Biometric Information Collection

The Superintendent or designee may recommend a student biometric information collection system solely for the purposes of identification and fraud prevention. Such recommendation shall be consistent with budget requirements and in compliance with State law. Biometric information means any information that is collected through an identification process for individuals based on their unique behavioral or physiological characteristics, including fingerprint, hand geometry, voice, or facial recognition or iris or retinal scans.

Before collecting student biometric information, the District shall obtain written permission from the person having legal custody/parental responsibility or the student (if over the age of 18). Upon a student's 18th birthday, the District shall obtain written permission from the student to collect student biometric information. Failure to provide written consent to collect biometric information shall not be the basis for refusal of any services otherwise available to a student.

All collected biometric information shall be stored and transmitted in a manner that protects it from disclosure. Sale, lease, or other disclosure of biometric information to another person or entity is strictly prohibited.

The District will discontinue use of a student's biometric information and destroy all collected biometric information within 30 days after: (1) the student graduates or withdraws from the School District, or (2) the District receives a written request to discontinue use of biometric information from the person having legal custody/parental responsibility of the student or the student (if over the age of 18). Requests to discontinue using a student's biometric information shall be forwarded to the Superintendent or designee.

The Superintendent or designee shall develop procedures to implement this policy consistent with State and federal law.

B. School Student Records Defined

School Student Record means any writing or other recorded information concerning a student and by which a student may be individually identified that is maintained by a school or at its direction or by an employee of a school, regardless of how or where the information is stored. 105 ILCS 10/2(d).

These records include the report of the multidisciplinary staffing conference on which placement or nonplacement was based and all records and audio recordings in any format relating to special education placement hearings and appeals. 23 Ill.Admin.Code §375.10.

A school student record does not include any of the following:

1. Writings or other recorded information kept in a school staff member's sole possession that is destroyed not later than the student's graduation or permanent withdrawal, and is not accessible or revealed to any other person except a temporary substitute teacher. 105 ILCS 10/2(d).
2. Information maintained by law enforcement professionals working in the school. 105 ILCS 10/2(d).
3. Video or other electronic recordings created and maintained by law enforcement professionals working in the school or for security or safety reasons or purposes, provided the information was created at least in part for law enforcement or security or safety reasons or purposes. This includes, without limitation, electronic recordings made on school buses, as described in the exemption from the criminal offense of eavesdropping in 720 ILCS 5/14-3(m). The content of these recordings may become part of a school student record to the extent school officials create, use, and maintain this content, or it becomes available to them by law enforcement officials for disciplinary or special education purposes regarding a particular student. 23 Ill.Admin.Code §375.10. **Note:** For districts and schools that do not have a designated law enforcement unit, consult the Board Attorney regarding designating an employee to serve as the *law enforcement unit* in order to maintain the security camera and determine the appropriate circumstances in which the school would disclose recorded images.
4. Any information, either written or oral, received from law enforcement officials pursuant to 105 ILCS 5/22-20 concerning a student less than the age of 18 years who has been arrested or taken into custody. 23 Ill.Admin.Code §375.10.

C. Eligible Students Accorded the Rights of Parent/Guardian

All rights and privileges concerning school student records that are accorded to parents/guardians become exclusively those of the student when the student reaches 18 years of age, graduates from high school, marries, or enters military service, whichever occurs first. 105 ILCS 10/2(g). Such students are called *eligible students* in this procedure.

H. Access to School Student Records

The phrase "access to a school student record" means any release or disclosure of information from a student's school record, whether or not any record is copied. Access in all cases is limited to the designated portion of the record to which the consent or statutory authority applies.

Neither the District nor any of its employees shall release, disclose, or grant access to information found in any school student record except under the conditions set forth in the Ill. School Student Records Act. 105 ILCS 10/6, amended by P.A. 104-356, eff. 7-1-26. Absent a court order, school officials do not provide educational records to U.S. Immigration and Customs Enforcement for immigration enforcement activities.

The Building Principal shall grant access to school student records as detailed below. The Building Principal shall consult with the Superintendent and, if authorized, the Board Attorney concerning any questions.

Access to Parent/Guardian, Eligible Student, or DCFS

1. A student's parent(s)/guardian(s) or eligible student, or designee, or DCFS' Office of Education and Transition Services, when a student is in the legal custody of DCFS, are entitled to inspect and copy information in the student's school record; a student less than 18 years old may inspect or copy information in his or her permanent school record. 105 ILCS 10/5. A request to inspect or copy school student records shall be made in writing and directed to the Building Principal. Access to the records shall be granted within 10 business days after the receipt of such a request. 105 ILCS 10/5(c). The District may extend this timeline by up to five additional business days if one or more of these six reasons applies:
 - a. The requested records are stored in whole or in part at other locations than the office having charge of the requested records;
 - b. The request required the collection of a substantial number of specified records;
 - c. The request is couched in categorical terms and requires an extensive search for the records responsive to it;
 - d. The requested records have not been located in the course of routine search and additional efforts are being made to locate them;
 - e. The request for records cannot be complied with by the school district within the time limits prescribed by subsection (c) without unduly burdening or interfering with the operations of the school district; or

- f. There is a need for consultation, which shall be conducted with all practicable speed, with another public body or school district among two or more components of a public body or school district having a substantial interest in the determination or in the subject matter of the request.

105 ILCS 10/5(c-5).

The District and the person making the request may also agree in writing to extend the timeline for response.

Id. The response to an access request for a special education student's records shall include those school student records located in the special education office.

2. The parent(s)/guardian(s), DCFS, if applicable, or the District may request a qualified professional to be present to interpret the student's records. 105 ILCS 10/5(b). If the District makes the request, it is responsible for securing and bearing the cost of the professional's presence.
3. Unless the District has actual notice of a court order or a notice of a *parenting plan* under the Ill. Marriage and Dissolution of Marriage Act, indicating otherwise:
 - a. Divorced or separated parents/guardians with and without *parental responsibility* (formerly custody) are both permitted to inspect and copy the student's school student records. 750 ILCS 5/602.11.
 - b. The Building Principal shall send copies of the documents listed below to both divorced or separated parents/guardians, or if the student is in the legal custody of DCFS, DCFS' Office of Education and Transition Services, at their request. 105 ILCS 5/10-21.8.
 - i. Academic progress reports or records
 - ii. Emotional and physical health reports
 - iii. Notices of school-initiated parent-teacher conferences
 - iv. School calendar regarding the student
 - v. Notices about open houses, graduations, and other major school-sponsored events including student-parent/guardian interaction
4. The school will deny access to a student's school records to a parent against whom an *order of protection* (OP) was issued if the OP prohibits the parent from inspecting or obtaining such records pursuant to the Domestic Violence Act of 1986 or the Code of Criminal Procedure of 1963. See the Ill. Marriage and Dissolution of Marriage Act, 750 ILCS 5/602.11(a), and 750 ILCS 60/214(b)(15), and 222(f). Also see **Orders of Protection**, below.
5. Parent(s)/guardian(s) or the student, or if applicable, DCFS' Office of Education and Transition Services, shall not be granted access to confidential letters and recommendations concerning the admission to a post-secondary educational institution, applications for employment or the receipt of an honor or award which were placed in the records prior to 1-1-75, provided such letters and statements are not used for purposes other than those for which they were specifically intended. Access shall not be granted to such letters and statements entered into the record at any time if the student has waived his or her right of access after being advised of his or her right to obtain the names of all persons making such confidential letters and statements. 105 ILCS 10/5(e).

Access With Consent of Parent/Guardian or Eligible Student

1. Access will be granted to any person possessing a written, dated consent, signed by the parent(s)/guardian(s) or eligible student, stating to whom the records may be released, the information or record to be released, and the reason for the release. 105 ILCS 10/6(a)(8); 23 Ill.Admin.Code §375.70(e). Whenever the District requests the consent to release records, the Building Principal shall inform the parent(s)/guardian(s) or eligible student in writing of the right to inspect, copy, and challenge their contents and to limit such consent to designated portions of the records. 105 ILCS 10/6(a)(8).

2. Access to any record that is protected by the MHDDCA, specifically that of a therapist, social worker, psychologist, nurse, agency, or hospital that was made in the course of providing mental health or developmental disabilities services to a student, will be granted according to the consent requirements contained in MHDDCA. 740 ILCS 110/4, amended by P.A. 104-263, eff. 1-1-26, and 740 ILCS 110/5, amended by P.A. 104-270.

Access Without Notification to or Consent of Parent/Guardian or Eligible Student

1. District employees or officials of the ISBE will be granted access, without parental/guardian consent or notification, when a current, demonstrable, educational, or administrative need is shown. Access in such cases is limited to the satisfaction of that need. 105 ILCS 10/6(a)(2). Individual board members do not have a right to see student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her record(s) would be in furtherance of the interest. 105 ILCS 10/6(a)(2).
2. Access will be granted, without parental/guardian consent or notification, to any person for the purpose of research, statistical reporting, or planning, provided that no student or parent/guardian can be identified from the information released, and the person to whom the information is released signs an affidavit agreeing to comply with all applicable statutes and rules pertaining to school student records. 105 ILCS 10/6(a)(4).
3. Access will be granted, without parental/guardian consent or notification, to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information between them. 105 ILCS 10/6(a)(13).
4. The District will comply with an *ex parte* court order requiring it to permit the U.S. Attorney General or designee to have access to a student's school records without notice to or the consent of the student's parent(s)/guardian(s). 20 U.S.C. §1232(g)(j), as added by the Sec. 507 of the U.S.A. Patriot Act of 2001. An *ex parte* order is an order issued by a court of competent jurisdiction without notice to an adverse party.
5. A Serious Habitual Offender Comprehensive Action Program (SHOCAP) committee member will be granted access, but only to the extent that the release, transfer, disclosure, or dissemination is consistent with the Family Educational Rights and Privacy Act (FERPA). 105 ILCS 10/6(a)(10) allows disclosure to SHOCAP committee members who are "state and local officials and authorities" as those terms are used in FERPA. This federal law does not define "state and local officials and authorities;" rather, it limits when disclosure may be made to such officials and authorities.
6. Juvenile authorities will be granted access when necessary for the discharge of their official duties upon their request before the student's adjudication, provided they certify in writing that the information will not be disclosed to any other party except as provided under law or order of court. *Juvenile authorities* means: (a) a circuit court judge and court staff members designated by the judge; (b) parties to the proceedings under the Juvenile Court Act of 1987 and their attorneys; (c) probation officers and court appointed advocates for the juvenile authorized by the judge hearing the case; (d) any individual, public or private agency having court-ordered custody of the child; (e) any individual, public or private agency providing education, medical or mental health service to the child when the requested information is needed to determine the appropriate service or treatment for the minor; (f) any potential placement provider when such release is authorized by the court to determine the appropriateness of the potential placement; (g) law enforcement officers and prosecutors; (h) adult and juvenile prisoner review boards; (i) authorized military personnel; and (j) individuals authorized by court. 105 ILCS 10/6(a)(6.5).
7. Military recruiters and institutions of higher learning will be granted access to secondary students' names, addresses, and telephone listings, unless the student's parent/guardian submits a written request

that such information not be released without the prior written consent of the parent/guardian or eligible student. Only this written consent process may be used, no other processes, such as an opt-in process, etc., may be used. Military recruiters and institutions of higher learning have access to students' names, addresses, and phone numbers even if the District does not release directory information. 20 U.S.C. §7908. For more information, see exhibits 7:340-AP1, E3, *Letter to Parents and Eligible Students Concerning Military Recruiters and Postsecondary Institutions Receiving Student Directory Information*; 7:340-AP1, E4, *Frequently Asked Questions Regarding Military Recruiters Access to Students and Student Information*; ISBE Military Recruitment Access Reminder, announced in State Superintendent Smith's *Weekly Message*, 11-27-18, at: www.isbe.net/Documents/Military-Access-Reminder.pdf. The requirements in this paragraph apply only if the District receives funds under the Elementary and Secondary Education Act. *Id.*

8. DCFS' Office of Education and Transition Services will be granted access if the student is in the legal custody of DCFS. 105 ILCS 10/6(a)(12.5).
9. The Ill. Dept. of Human Services (IDHS) will be granted access for the sole purpose of assessing or evaluating the student's eligibility for Medicaid waiver benefits consistent with rules adopted by IDHS. 105 ILCS 10/6(a)(14), added by P.A. 104-356, eff. 7-1-26.

Access Without Consent of, but With Notification to, Parent/Guardian or Eligible Student

1. In accordance with the procedures described in Section L below (Transmission of Records for Transfer Students), access will be granted, without parental/guardian consent, to the official records custodian of another school within Illinois or an official with similar responsibilities of a school outside Illinois, in which the student has enrolled or intends to enroll, upon the request of such official or student. 105 ILCS 10/6(a)(3).
2. Access will be granted pursuant to a court order, provided that the parent(s)/guardian(s) shall be given prompt written notice of such order's terms, the nature and substance of the information proposed to be released, and an opportunity to inspect and copy such records and to challenge their contents. 105 ILCS 10/6(a)(5). Parents of students who are named in a court order or parenting plan shall be deemed to have received the required written notice. The Building Principal shall respond to the order no earlier than five school days after its receipt in order to afford parents/guardians the opportunity to review, inspect, and challenge the records if the parents choose to do so. 23 Ill.Admin.Code §375.70(d).
For the purposes of these procedures, a court order is a document signed by a judge. A subpoena signed by a court clerk, an attorney, or an administrative agency official shall not be considered a court order unless signed by a judge. 23 Ill.Admin.Code §375.40(a).
3. Information may be released without parental consent, in connection with an articulable and significant threat to the health or safety of a student or other individuals, to appropriate persons if the knowledge of the requested information is necessary to protect the health or safety of the student or other individuals. The Building Principal shall make this decision taking into consideration the seriousness of the threat to the health or safety of the student or other individuals, the need for such records to meet the emergency, whether the persons to whom such records are released are in a position to deal with the emergency, and the extent to which time is of the essence in dealing with the emergency. 105 ILCS 10/6(a)(7); 23 Ill.Admin.Code §375.60. The Building Principal shall notify the parent(s)/guardian(s) or eligible student, no later than the next school day after the date that the information is released, of the date of the release, the person, agency, or organization to whom the release was made, and the purpose of the release.
4. The District will grant access as specifically required by federal or State statute, provided the individual complies with the requirements in 23 Ill.Admin.Code §375.70(b). 105 ILCS 10/6(a)(6). Prior to granting access, the Building Principal shall provide prompt written notice to the parent(s)/guardian(s)

or eligible student of this intended action. 105 ILCS 10/6(b); 23 Ill.Admin.Code §375.70. This notification shall include a statement concerning the nature and substance of the records to be released and the right to inspect, copy, and challenge the contents. If the release relates to more than 25 students, a notice published in the newspaper is sufficient.

The District charges \$.35 per page for copying information from a student's records. No parent/guardian or student shall be precluded from copying information because of financial hardship. 23 Ill.Admin.Code §375.50. **Note:** The ISBE rule allows a school to "charge the actual cost for providing a copy of school student records or any portion of such records to parents and students upon request for such copies, provided that such costs shall not exceed \$.35 per page." 23 Ill.Admin.Code §375.50.

I. Record of Release

Except as provided below, a record of all releases of information from school student records (including all instances of access granted whether or not records were copied) shall be kept and maintained as part of such records. 105 ILCS 10/6(c). This record shall be maintained for the life of the school student record and shall be accessible only to the parent(s)/guardian(s) or eligible student, Building Principal, or other authorized person. The record of release shall include each of the following:

1. The nature and substance of the information released;
2. The name and signature of the official records custodian releasing such information;
3. The name of the person requesting the information, in what capacity the request was made, and the purpose for the request;
4. The date of release; and
5. A copy of any consent to a release.

No record of a disclosure is maintained when records are disclosed according to the terms of an *ex parte* court order entered under 20 U.S.C. §1232g(j), *Investigation and prosecution of terrorism*. 20 U.S.C. §1232g(j)(4).

J. Orders of Protection

Upon receipt of a court OP that prohibits a Respondent's access to records, the Building Principal shall file it in the temporary record of a student who is the *protected person* under the OP. No information or records shall be released to the Respondent named in the OP. 750 ILCS 60/222(f).

K. Parenting Plans

Upon receipt of a parenting plan under the Ill. Marriage and Dissolution of Marriage Act (750 ILCS 5/), the Building Principal shall file it in the temporary record of a student who is the subject of the parenting plan.

L. Transmission of Records for Transfer Students 105 ILCS 10/6(a)(3); 23 Ill.Admin.Code §§375.70 and 375.75.

The Building Principal shall:

1. Within 14 calendar days after enrolling a transfer student, request directly from the student's previous school a certified copy of the student's record. The District shall exercise due diligence in obtaining the copy of the record requested.
2. Upon the student's request or that of the official records custodian of another school in which the student has enrolled or intends to enroll, within 10 calendar days, transfer a certified copy of the student's record (that is, the student's permanent and temporary record) to the official records custodian of the appropriate school and retain the original records. The records transfer is subject to prior notice to the student's parent(s)/guardian(s) as described above in Section H (Access to School Student

Records). See Board policy 7:50, *School Admissions and Student Transfers To and From Non-District Schools*.

3. Determine if the school or special education office has any record that is protected by the MHDDCA concerning the transferring student, specifically a record or report made by a therapist, social worker, psychologist, nurse, agency, or hospital that was made in the course of providing mental health or developmental disabilities services. If so, ask the appropriate person as identified in 740 ILCS 110/4, amended by P.A. 104-263, eff. 1-1-26, whether to send the record protected by MHDDCA to the new school and, if yes, obtain a written consent for disclosure as provided in 740 ILCS 110/5, amended by P.A. 104-270.

This requirement does not apply to special education records and reports that are related to the identification, evaluation, or placement of, or the provision of a free and appropriate public education to, students with disabilities. 23 Ill.Admin.Code §375.10.

4. Provide the parent/guardian or eligible student prior written notice of the nature and substance of the information to be transferred and opportunity to inspect, copy, and challenge it. If the parent's/guardian's address is unknown, notice may be served upon the official records custodian of the requesting school for transmittal to the parent/guardian. This service is deemed conclusive, and 10 calendar days after this service, if the parents/guardians make no objection, the records may be transferred to the requesting school.
5. Destroy any biometric information collected and do not transfer it to another school district.
6. Refrain from transferring the records if a student's record has been flagged as a "missing child" as provided in Section 5 of the Missing Children Records Act and Section 5 of the Missing Children Registration Law. The District shall notify the Ill. State Police or the local law enforcement authority of the request.
7. Retain the original records in accordance with the requirements of 105 ILCS 10/4.
8. Include information about whether or not the student is *in good standing* and whether or not the student's medical records are up-to-date and complete. 105 ILCS 5/2-3.13a.
9. Maintain any documentation of the student's transfer, including records indicating the school or school district to which the student transferred, in that student's temporary record.

If the student has unpaid fines, fees, or tuition charged pursuant to 105 ILCS 5/10-20.12a and is transferring to a public school located in Illinois or any other state, the Building Principal shall, unless otherwise prohibited by State law (23 Ill.Admin.Code §375.75(i)):

1. Transfer the student's *unofficial record of student grades* in lieu of the student's official transcript of scholastic records. The *unofficial record of student grades* means written information relative to the grade levels and subjects in which a student was enrolled and the record of academic grades achieved by that student prior to transfer. These records shall also include the school's name and address, the student's name, the name and title of the school official transmitting the records, and the transmittal date.
2. Within 10 calendar days after the student has paid all of his or her unpaid fines or fees and at this District's own expense, forward the student's official transcript of scholastic records to the student's new school.

The Building Principal shall include the following information with the transferred records if the student is transferring to another public school located in Illinois or any other state and at the time of the transfer is currently serving a term of suspension or expulsion for any reason: 105 ILCS 5/2-3.13a; 23 Ill.Admin.Code §375.75(j).

1. The date and duration of the period of any current suspension or expulsion; and

2. Whether the suspension or expulsion is for: (a) knowingly possessing in a school building or on school grounds a weapon as defined in the Gun Free Schools Act (20 U.S.C. §7961 et seq.); (b) knowingly possessing, selling, or delivering in a school building or on school grounds a controlled substance or cannabis; or (c) battering a school staff member.

M. Directory Information 23 Ill.Admin.Code §375.80

3. Student's Grade level
4. Student's Birth date
5. Parent(s)/guardian(s)' names, addresses, electronic mail addresses, and telephone numbers
6. 7. Academic awards, degrees, and honors
8. Information in relation to school-sponsored activities, organizations, and athletics

The following shall not be designated as directory information: (a) an image on a school security video, or (b) student social security number or student identification or unique student identifier. Id.

The notification to parents/guardians and students concerning school student records will inform them of their right to opt out of the release of directory information. See exhibit 7:340-AP1, E1, *Notice to Parents/Guardians and Students of Their Rights Concerning a Student's School Records*.

N. Student Record Challenges

Parents/guardians have the right to a hearing to challenge the accuracy, relevancy, or propriety of any entry in their student's school records, exclusive of academic grades and references to expulsions or out-of-school suspensions, if the challenge is made at the time the student's school student records are forwarded to another school to which the student is transferring. 105 ILCS 10/7; 23 Ill.Admin.Code §375.90. A request for a hearing should be submitted to the Superintendent and shall contain notice of the specific entry or entries to be challenged and the basis of the challenge. The following procedures apply to a challenge: Id.

1. The Superintendent or designee will invite the parent(s)/guardian(s) to an initial informal conference, within 15 school days of receipt of the request for a hearing.
2. If the challenge is not resolved by the informal conference, formal procedures shall be initiated. The Superintendent will appoint a hearing officer, who is not employed in the attendance center in which the student is enrolled.
3. The hearing officer will conduct a hearing within a reasonable time, but no later than 15 days after the informal conference, unless an extension of time is agreed upon by the parent(s)/guardian(s) and school

The contact information for each School's Official Records Custodian follows:

This notice contains a description of your and your child's rights concerning school student records.

A *school student record* is any writing or other recorded information concerning a student and by which a student may be individually identified that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses. 7. Any biometric information that is collected in accordance with 105 ILCS 5/10-20.40.

The accident report shall include identifying information, nature of injury, days lost, cause of injury, location of accident, medical treatment given to the student at the time of the accident, or if the school nurse has referred the student for a medical evaluation, regardless of whether the parent or guardian, student (if 18 years or older), or an unaccompanied homeless youth ... has followed through on that request."

10. Special education records
11. Records associated with plans developed under section 504 of the Rehabilitation Act of 1973
12. Verified reports or information from non-educational persons, agencies, or organizations of clear relevance to the student's education

The Family Educational Rights and Privacy Act (FERPA) and the Ill. School Student Records Act (ISSRA) afford parents/guardians and students over 18 years of age (*eligible students*) certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days after the date the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent(s)/guardian(s) or student of the time and place where the records may be inspected. The District shall make the records available to inspect and copy within 10 business days, unless the District extends the response timeline to 15 business days in accordance with ISSRA. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning a student. 105 ILCS 5/10-22.3c and 10/5(a); 750 ILCS 60/214(b)(15).

2. **The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, irrelevant, or improper.**

Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, irrelevant, or improper. They should write the Building Principal or the Official Records Custodian, clearly identify the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parents/guardians or eligible student, the District will notify the parents/guardians or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the

hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or ISSRA authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parents/guardians or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Individual board members do not have a right to see student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her record(s) would be in furtherance of the interest.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligations with the District.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent(s)/guardian(s) can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information with the other district; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; to the Ill. Department of Human Services (IDHS) for the sole purpose of assessing or evaluating the student's eligibility for Medicaid waiver benefits consistent with rules adopted by the IDHS and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least five years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after five years, be transferred to the parent(s)/guardian(s) or to the student, if the student has succeeded to the rights of the parent(s)/guardian(s). Student temporary records are reviewed every four years or upon a student's change in attendance centers, whichever occurs first.

5. The right to prohibit the release of directory information concerning the parent's/ guardian's child.

Throughout the school year, the District may release directory information regarding its students, limited to:

Name

Address

Grade level

Birth date

Parent(s)/guardian(s)' names, addresses, electronic mail addresses, and telephone numbers

Photographs, videos, or digital images used for informational or news-related purposes

Academic awards, degrees, and honors

Information in relation to school-sponsored activities, organizations, and athletics

Major field of study

Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time period, unless the parent/guardian or eligible student is specifically informed otherwise.

No photograph highlighting individual faces is allowed for commercial purposes, including solicitation, advertising, promotion or fundraising without the prior, specific, dated and written consent of the parent or student, as applicable; and no image on a school security video recording shall be designated as directory information.

6. The right to request that military recruiters or institutions of higher learning not be granted access to your secondary school student's name, address, and telephone numbers without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or a student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the Building Principal where your student is enrolled for further instructions.

7. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

8. The right to file a complaint with the U.S. Dept. of Education concerning alleged failures by the District to comply with the requirements of FERPA.

Pictures of Unnamed Students

Students may occasionally appear in photographs and video recordings taken by school staff members, other students, or other individuals authorized by the Building Principal. The school may use these pictures, without identifying the student, in various publications, including the school yearbook, school newspaper, and school website. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school-related activity.

Pictures of Named Students

Sometimes the school may want to identify a student in a school picture. For example, school officials want to acknowledge those students who participate in a school activity or who deserve special recognition.

In order for the school to publish a picture with a student identified by name, one of the student's parents or guardians must sign the consent below. Please complete and sign this form to allow the school to publish and otherwise use photographs and video recordings, with your child identified, while your child is enrolled in this school.

I grant consent to the School District to identify the above-named student, by full name and/or the school the student attends, in any school sponsored material, publication, video recording, or website. This consent is valid for the entire time the above-named student is enrolled in the District. I may revoke this consent at any time by notifying the Building Principal.

Exhibit - Frequently Asked Questions Regarding Military Recruiter Access to Students and Student Information

1. What does the Elementary and Secondary Education Act require of schools with regard to allowing military recruiters access to students?

Schools receiving funds under the Elementary and Secondary Education Act (ESEA) must: (1) give military recruiters the same access to secondary school students as they provide to postsecondary educational institutions or to prospective employers or an institution of higher education, and (2) provide students' names, addresses, electronic mail (email) addresses (which must be the email addresses provided by the school, if available), and telephone listings (numbers) to military recruiters, when requested, unless parents/guardians or the student (18 years or older) have opted out (see Question 2, below). 20 U.S.C. §7908; 10 U.S.C. §503(c).

2. What information about students (and which students) must be disclosed to military recruiters by our administration?

Secondary schools must disclose names, addresses, email addresses, and telephone numbers of secondary students, unless parents/guardians, or the student if he/she has attained the age of 18 (an "eligible student"), have submitted a written request that the information not be released without their prior written consent.

3. What notification must schools provide to parents/guardians and eligible students before disclosing students' names, addresses, email addresses, and telephone numbers to military recruiters and institutions of higher education?

Under federal and State laws governing student records, schools must provide notice to parents/guardians and eligible students of the types of student information that it releases publicly. This type of student information, commonly referred to as *directory information*, includes names, addresses, email addresses, and telephone numbers. The notice must include an explanation of a parent/guardian's or eligible student's right to request that the information not be disclosed without prior written consent. Under the Elementary and Secondary Education Act, schools must notify parents that the school routinely discloses names, addresses, email addresses, and telephone numbers to military recruiters and institutions of higher education upon request, subject to a parent/guardian's or eligible student's written request not to disclose such information without their prior written consent.

A notice provided through a mailing or student handbook informing parents/guardians and eligible students of the above information is sufficient to satisfy the parental notification requirements. The notification must advise parents/guardians and eligible students how to opt out of the public, nonconsensual disclosure of directory information and the method and timeline within which to do so.

If a school does not release *directory information*, it still must provide students' names, addresses, email addresses, and telephone numbers to military recruiters and institutions of higher education upon request. The school must notify parents/guardians and eligible students: (1) that it discloses information to military recruiters and institutions of higher education, and (2) that parents/guardians and eligible students have the right to opt out of this disclosure.

4. Does recruitment take place in a private office or out in a common area?

Neither federal nor State law addresses where recruitment takes place. These laws only require that guidelines imposed on military recruiters be the same as those imposed on postsecondary educational institutions recruiters and/or prospective employers.

5. How frequently are recruiters present?

Neither federal nor State law addresses how often recruiters may have access to students. These laws only require that guidelines imposed on military recruiters be the same as those imposed on postsecondary educational institutions and prospective employers.

6. What information does a military recruiter request of students during the interview?

The type of questions military recruiters may ask students is generally not limited. Students may refuse to cooperate or even refuse to be interviewed.

7. Can schools supervise recruiters to ensure they do not approach impressionable students too strongly?

Federal law does not grant authority to schools to supervise military recruiting efforts. The school may still require military and postsecondary recruiters to abide by the District's policy governing conduct on school property.

8. What are parents' rights relative to military recruiters on campus?

Parents may instruct their children to forgo being interviewed by military and/or postsecondary recruiters or prospective employers.

9. What information do schools provide to families relative to recruiting that goes on at school?

Aside from the notice described in #3, neither federal nor State law addresses what information schools must provide to parents regarding the recruiting that takes place at school – this is a local issue to be determined by the Superintendent or Building Principal.

10. Where can I get more information on the requirements of 10 U.S.C. §503?

The Office of the Secretary of Defense may be contacted for copies of the statute, or questions relating to it. Please contact the Accession Policy Directorate as follows:

Director, Accession Policy
4000 Defense Pentagon
Washington, DC 20301-4000
Telephone: 703/695-5529

11. Where can I get more information on the requirements of §7908 of the ESEA?

The Student Privacy Policy Office (SPPO) in the U.S. Dept. of Education administers the Family Educational Rights and Privacy Act (FERPA) as well as 20 U.S.C. §7908. School officials with questions on this guidance, or FERPA, may contact the SPPO by submitting an online form at <https://studentprivacy.ed.gov/contact> or calling the SPPO's Student Privacy Help Desk at 1-855-249-9072.

The District collects biometric information from its students only for identification and/or fraud prevention purposes. Biometric information includes any information collected through an identification process for individuals based on their unique behavioral or physiological characteristics, including fingerprint, hand geometry, voice, or facial recognition, or iris or retinal scans. The School Code requires written permission from the individual who has legal custody of the student, or from the student if he or she has reached the age of 18, before the District may collect biometric information from students.

When collecting biometric information, the School Code also requires the District to:

1. Store, transmit, and protect all biometric information from disclosure.
2. Prohibit the sale, lease, or other disclosure of biometric information to another person or entity unless: (a) prior written permission by you is granted, or (b) the disclosure is required by court order.
3. Discontinue the use of a student's biometric information under either of the following conditions: (a) upon the student's graduation or withdrawal from the school district; or (b) upon receipt in writing of a request for discontinuation by the individual having legal custody of the student or by the student if he or she has reached the age of 18.
4. Destroy all of a student's biometric information within 30 days after the occurrence of either conditions 3(a) or 3(b) above.

I consent to the collection of biometric information of the above-named student by the School District solely for identification or fraud prevention. I understand that this authorization is valid until he/she/they graduate(s) or withdraw(s) from the District, I request that the District's use of his/her/their biometric information be discontinued at that time or when he/she/they reach(es) the age of 18, whichever is earlier. I understand that a request for discontinuation of the use of the above-named student's biometric information may be made at any time by notifying the Building Principal in writing.

Use of Educational Technologies; Student Data Privacy and Security

Educational technologies used in the District shall further the objectives of the District's educational program, as set forth in Board policy 6:10, *Educational Philosophy and Objectives*, align with the curriculum criteria in policy 6:40, *Curriculum Development*, and/or support efficient District operations. The Superintendent shall ensure that the use of educational technologies in the District meets the above criteria.

The District and/or vendors under its control may need to collect and maintain data that personally identifies students in order to use certain educational technologies for the benefit of student learning or District operations. Federal and State law govern the protection of student data, including school student records and/or *covered information*. The sale, rental, lease, or trading of any school student records or covered information by the District is prohibited. Protecting such information is important for legal compliance, District operations, and maintaining the trust of District stakeholders, including parents, students and staff.

Definitions

Covered information means personally identifiable information (PII) or information linked to PII in any media or format that is not publicly available and is any of the following: (1) created by or provided to an operator by a student or the student's parent/guardian in the course of the student's or parent/guardian's use of the operator's site, service or application; (2) created by or provided to an operator by an employee or agent of the District; or (3) gathered by an operator through the operation of its site, service, or application.

Operators are entities (such as educational technology vendors) that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes.

Exhibit – Student Data Privacy; Notice to Parents About Educational Technology Vendors

Use the sample text below to provide notice to parents/guardians about educational technology vendors pursuant to the Student Online Personal Protection Act, 105 ILCS 85/28(e). Districts must provide this notice to parents/guardians at the beginning of each school year through distribution of school handbooks or other means generally used by a district to provide such notices to parents/guardians.

Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act

The District has contracts with educational technology vendors to support and enhance student learning and school operations.

Under Illinois' Student Online Personal Protection Act (SOPPA), vendors that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are called *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take actions to safeguard student data.

Depending upon the technology being used, the District may need to collect different types of student data, which is then shared with vendors through their online sites, services, and/or applications. SOPPA prohibits vendors from selling or renting a student's information or from engaging in targeted advertising using a student's information. Vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes such as:

- Classroom instruction
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the District

Under the Illinois Student Online Personal Protection Act (SOPPA), you have the right to review your child's *covered information*. *Covered information* means personally identifiable information (PII) or information linked to PII in any media or format that is not publicly available and is any of the following: (1) created by or provided to an operator by a student or the student's parent/guardian in the course of the student's or parent/guardian's use of the operator's site, service or application; (2) created by or provided to an operator by an employee or agent of the District; or (3) gathered by an operator through the operation of its site, service, or application. *Operators* are entities (such as educational technology vendors) that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes.

Under SOPPA, you have a right to:

- 1. Request to inspect and review your child's covered information, whether it is maintained by the District, the Ill. State Board of Education (ISBE), or an operator.**
 - a. The District will provide you with the opportunity to inspect and review your child's covered information within the timeframe prescribed by State rules.
 - b. If the covered information requested includes data on other students, your access will be limited to the covered information relevant to your child.
 - c. If the covered information you request includes your child's school student records, the District will permit you to inspect and review any school student records of your child in accordance with the District's procedures for student records requests. See 7:340-AP1, E1, *Notice to Parents/Guardians and Students of Their Rights Concerning a Student's School Records*.
- 2. Request a copy of your child's covered information, in electronic or paper form.**
 - a. The District will provide the copy to you within 45 days of your request.
 - b. If you request an electronic copy, the District will provide you the copy in an electronic format at no cost, unless the District does not maintain the information in electronic format and reproducing it in an electronic format would be unduly burdensome to the District.
 - c. If you request a paper copy, after the first 50 pages, the District will charge you \$0.15 per page. However, you will not be denied a copy if you have an inability to pay.
 - d. You are limited to two requests per child per fiscal quarter.

- e. If the covered information you request includes your child's school student records, the District will provide a copy of your child's school student records to you in accordance with the District's procedures for student records requests. See 7:340-AP1, E1, *Notice to Parents/Guardians and Students of Their Rights Concerning a Student's School Records*.

3. Request corrections to factual inaccuracies contained in your child's covered information.

Upon receipt of a request, the District will take the following steps:

- a. The District will review your request and determine if the factual inaccuracy exists.
- b. If the District determines that a factual inaccuracy exists, and the District maintains or possesses the covered information, it will correct the inaccuracy and confirm the correction with you within 90 calendar days after receiving your request.
- c. If the District determines that a factual inaccuracy exists and an operator or ISBE maintains the information, the District will notify the operator or ISBE of the factual inaccuracy and the correction to be made. The operator or ISBE is required to confirm the correction with the District within 90 calendar days after it receives the District's notice. The District will then confirm the correction with you within 10 business days after it receives the confirmation of the correction from the operator or ISBE.
- d. If the covered information you are requesting be corrected includes your child's school student records, the District will follow its procedures for amendment of student records with respect to those school student records. See 7:340-AP1, E1, *Notice to Parents/Guardians and Students of Their Rights Concerning a Student's School Records*.

To make a request to inspect and review, copy, and/or correct your child's covered information, please contact the staff member identified above and specify the nature of your request. You will need to submit your request in writing, utilizing any form the District requires.
